Tracing the development of the musical on both Broadway and in London's West End, this updated Companion continues to provide a broad and thorough overview of one of the liveliest and most popular forms of musical performance. Ordered chronologically, essays cover from the American musical of the nineteenth century through to the most recent productions, and the book also includes key information on singers, audience, critical reception, and traditions. All of the chapters from the first edition remain – several in substantially updated forms – and five completely new chapters have been added, covering: ethnic musicals in the United States; the European musical; Broadway musicals in revival and on television; the most recent shows; and a case study of the creation of the popular show *Wicked* based on interviews with its creators. The Companion also includes an extensive bibliography and photographs

from key productions.

Winner of the 2010 Pulitzer Prize for Drama “Rock is alive and rolling like thunder in *Next to Normal*. It’s the best musical of the season by a mile...an emotional powerhouse with a fire in its soul and a wicked wit that burns just as fiercely.”—Rolling Stone “No show on Broadway right now makes as a direct grab for the heart—or wrings it as thoroughly—as *Next to Normal* does. . . . [It] focuses squarely on the pain that cripples the members of a suburban family, and never for a minute does it let you escape the anguish at the core of their lives. *Next to Normal* does not, in other words, qualify as your standard feel-good musical. Instead this portrait of a manic-depressive mother and the people she loves and damages is something much more: a feel-everything musical, which asks you, with operatic force, to discover the liberation in knowing where it hurts.”—Ben Brantley, *The New York Times* Winner of three 2009 Tony Awards,

including Best Original Score (Music and/or Lyrics) Written for the Theatre, *Next to Normal* is also available in an original cast recording. It was named Best Musical of the Season by Rolling Stone, *The Washington Post*, *Los Angeles Times*, and *The New York Times*. Brian Yorkey received the 2009 Tony Award for Best Original Score for his work on *Next to Normal* and was also nominated for Best Book of a Musical. His other credits include *Making Tracks* and *Time After Time*. Tom Kitt received two 2009 Tony Awards for Best Original Score and Best Orchestrations for *Next to Normal*. He also composed the music for *High Fidelity* and *From Up Here*. His string arrangements appear on the new Green Day album *21st Century Breakdown*, and he is the leader of the Tom Kitt Band.

Have you ever been curious about what it takes to get an original Broadway musical to opening night? Ted Chapin, college student at the time, had a front row seat at the creation of Stephen Sondheim's *Follies*, now considered one of the most important musicals of modern time. He

kept a detailed journal of his experience as the sole production assistant, which he used as the basis for *Everything Was Possible: The Birth of the Musical Follies*, originally published in 2003. He was there in the drama-filled rehearsal room, typing the endless rewrites, ferrying new songs around town, pampering the film and television stars in the cast, travelling with the show to its Boston tryout and back to New York for the Broadway opening night. With an enthusiast's focus on detail and a journalist's skill, Chapin takes the reader on the roller-coaster ride of creating a new and original Broadway musical. Musical theater giants, still rising in their careers, were working at top form on what became a Tony Award-winning classic: Stephen Sondheim, Harold Prince, and Michael Bennett. Many classic Sondheim songs like "I'm Still Here," "Losing My Mind," and "Broadway Baby" were part of the score, some written in a hotel room in Boston. Celebrate the 50th anniversary of *Follies* with Ted Chapin. A new afterword brings the history of the show forward, diving into recent productions around the world, new recordings, and the continued promise of a film version.

Stephen Schwartz is among the rare American composer-lyricists whose Broadway musicals have inspired passionate followings, resulting in blockbuster hits like *Wicked*, *Godspell*, and *Pippin*. In the revised and updated second edition of *Defying Gravity*, biographer Carol de Giere reveals how Schwartz's beloved musicals came to life, adding four new chapters that shed light on the continuing *Wicked* phenomenon and exciting projects that include stage adaptations of *The Hunchback of Notre Dame* with Alan Menken and *The Prince of Egypt*. A popular feature of the first edition remains intact for the second: the story of Schwartz's commercially unsuccessful shows, how he coped, and how he gave himself another chance. The new edition also features an acclaimed series of

"Creativity Notes" with insights about the creative process. *Wicked* enthusiasts are treated to a revealing, in-depth account of the show's evolution that takes readers from developmental workshops, to the pre-Broadway tryout in San Francisco, through the arguments over changes for Broadway, and finally to productions around the world. Movie musical fans know that Disney's pairing of Stephen Schwartz (for lyrics) with composer Alan Menken (for music) led to award-winning movie musicals "*Pocahontas*, *The Hunchback of Notre Dame*, and *Enchanted*. Menken's revelatory "Foreword" that introduces the second edition of *Defying Gravity* explores their "wonderful chemistry" and creative challenges. The abundance of behind-the-scenes stories in this Stephen Schwartz biography came by way of the author's unprecedented access to this legendary songwriter for interviews. She also drew from conversations with his family members, friends, and colleagues (librettists, composers, directors, producers, and actors) to render a rich portrait of this complex and gifted artist. She rounds out the book with

photographs, Schwartz's handwritten notes, and highlighted quotations. Performers and others involved in productions of *Godspell*, *Pippin*, *Children of Eden*, *Working*, *Rags*, and *The Hunchback of Notre Dame*, will discover the intentions of the shows' creators. Singers, writers, fans, and anyone interested in the development of stage and film musicals will enjoy multiple insights from this backstage journey, from *Godspell* to *Wicked*, and beyond.

"From the University of Florida College of Fine Arts, Charlie Mitchell and distinguished colleagues from across America present an introductory text for theatre and theoretical production. This book seeks to give insight into the people and processes that create theater. It does not strip away the feeling of magic but to add wonder for the artistry that make a production work well." -- Open Textbook Library.

Hollywood's conversion to sound in the 1920s created an early peak in the film musical, following the immense success of *The Jazz Singer*. The opportunity to

synchronize moving pictures with a soundtrack suited the musical in particular, since the heightened experience of song and dance drew attention to the novelty of the technological development. Until the near-collapse of the genre in the 1960s, the film musical enjoyed around thirty years of development, as landmarks such as *The Wizard of Oz*, *Meet Me in St Louis*, *Singin' in the Rain*, and *Gigi* showed the exciting possibilities of putting musicals on the silver screen. The *Oxford Handbook of Musical Theatre Screen Adaptations* traces how the genre of the stage-to-screen musical has evolved, starting with screen adaptations of operettas such as *The Desert Song* and *Rio Rita*, and looks at how the Hollywood studios in the 1930s exploited the publication of sheet music as part of their income. Numerous chapters examine specific screen adaptations in depth, including not only favorites such as *Annie* and *Kiss Me, Kate* but also some of the lesser-known titles like *Li'l Abner* and *Roberta* and problematic adaptations such as *Carousel* and *Paint Your Wagon*. Together, the chapters incite lively debates about the process of adapting

Broadway for the big screen and provide models for future studies.

Defying Gravity Faber & Faber (Easy Piano Songbook). A musical drama biopic chronicling P.T. Thoughtrave is the immediate and most detailed archive of Lady Gaga's emotional, intellectual, philosophical, and spiritual evolution, a reclaiming of her art (and humanity) from within the center of her celebrity during one of the most difficult

transitions of her career: Summer 2013-Fall 2014. Lady Gaga: I don't like being used to make money. I feel sad when I am overworked and that I just become a money making machine and that my passion and my creativity take a backseat. That makes me unhappy. So, what did I do? I started to say no. Not doing that. I don't want to do that. I'm not taking that picture. Not going to that event. Not standing by that because that's not what I stand for. Thoughttrave marks perhaps the most important (and unconditional, unpublished, unencumbered) insights into the music industry, the personal battles that accompanied her transition from Stefani to Gaga. "It's one of those rare moments in life when you ask a question of someone you've admired for many years and receive the most honest of answers leading both people into a relationship that was and remains one of the most important of my life," says Baum, a professor, producer, composer, writer, editor, and activist for adjunct professors. As Baum explains to Stefani in one of the many interviews published here for the first time, Robert Craig Baum: It's uncanny for me to look back at 2008-2011 - when I

was intensely meditating on the problem "Why is there any being at all?" - to find evidence of your intervention here with me...to find you, back then...before I knew you. It was almost as if I was playing the Bruce Willis character in Twelve Monkeys, overshooting my mark in time/space, aiming for this particular conversation but speaking through Ereignis (life gives) to a moment I (and many others) call "headphones on." As George Elerick writes in his Introduction to the book, "In Hand-to-Hand Battle for the Users," "The book you hold in your hands easily falls into the category of a transgression. It's as though we are breaking into somewhere we are not meant to be (like a rave) and are invited into the mind of one of today's musical geniuses. Maybe we can even equivocate the experience to that of being a member of the paparazzi. Their whole mode of employment is based on breaking social codes and entering into the lives of everyday-people-turned-rock-stars. That's what this book is, a disruptive invitation to break into the life and mind of Lady Gaga, the person, not just the persona." *Writing Musical Theater Dramatists Play Service Inc*

This exceptional collection of honest and open discussions reveals a rich variety of backgrounds and training, and an even greater range of approaches to the craft of acting. In preparing for a role, some actors feel, as Lindsay Crouse, that "Most of what is required is inside me." Others rely on extensive research, the construction of elaborate character sketches, or, like Richard Dreyfuss, a deceptively simple, instinctual "mental image."

Here's a nice easy-goin' swing chart on a great jazz classic composed by Fats Waller. Arranger Ralph Ford, one of our specialists in writing for young bands, does it once again. Solos are for piano and tenor sax (both written out), the brass ranges are modest, and this arrangement is loaded with natural swing licks. A super chart!
