Welcome to Jerusalem Pluto Press

What does it mean to be Palestinian in the diaspora? This collection of 100 personal reflections on being Palestinian is the first book of its kind. Reflecting on Palestinian identity as it is experienced at the individual level, issues of identity, exile, refugee status, nostalgia, belonging and alienation are at the heart of the book. The contributors speak in many voices, exploring the richness and diversity of identity construction among Palestinians in the diaspora. Included are contributions from Palestinians living in the Anglo-Saxon diaspora, mainly the UK and North America. They come from a variety of professional backgrounds: business people, lawyers, judges, fiction writers, poets, journalists (press, TV and radio), film-makers, diplomats and academics. Men and women, young and

old, Christians and Muslims offer essays, as do Palestinians from different generations (first, second and third generations). This mix of professional, gender, faith and generational categories ensures that a variety of voices are heard. The editor sets the scene with an Introduction, and his Epilogue deals with issues of identity, exile and diaspora as concepts that give sense to the personal reflections. Key Features The first book to gather personal reflections on what it means to be Palestinian Contributes to the debate on what it means to be Palestinian Asks what the diaspora is for Palestinians Looks at how being Palestinian varies across gender, generation, religious affiliation and professional interest. FROM APF: Is being Palestinian a 'pain in the neck', or a 'sentence to suffer gladly'? Does Palestinian identity reside in cross-stitch embroidery, sweet knafeh and the poetry of Mahmoud Darwish, or defending the rights of oppressed communities around the world? Does being Palestinian in diaspora mean anything at all? In this ground-breaking volume, the first of its kind, 102 contributors from North America and the United Kingdom reflect in their

own words on what it means to be Palestinian in diaspora. Exploring how Palestine is both lost and found, bereaved and celebrated in diaspora, and the tangled ties between 'home' and 'homeland', *Being Palestinian* takes the reader on an intimate journey into the diaspora to reveal a human story: how does it feel when you cannot find Palestine under 'P' in the encyclopaedia your father brings home? Why grow fig and orange trees in the Arizona desert? What does it mean to know every inch of a village that no longer exists? Touching, troubling but full of character and wit, the reflections in *Being Palestinian* offer a radically fresh look at the modern Palestinian experience in the West.

*Israel & the Palestinian Territories* Indiana University Press

Despite its reputation for religious intolerance, the Middle East has long sheltered many distinctive and strange faiths: one regards the Greek prophets as incarnations of God, another reveres Lucifer in the form of a peacock, and yet another believes that their followers are reincarnated beings who have existed in various forms for thousands of years.

These religions represent the last vestiges of the magnificent civilizations in ancient history: Persia, Babylon, Egypt in the time of the Pharaohs. Their followers have learned how to survive foreign attacks and the perils of assimilation. But today, with the Middle East in turmoil, they face greater challenges than ever before. In *Heirs to Forgotten Kingdoms*, former diplomat Gerard Russell ventures to the distant, nearly impassable regions where these mysterious religions still cling to survival. He lives alongside the Mandeans and Ezidis of Iraq, the Zoroastrians of Iran, the Copts of Egypt, and others. He learns their histories, participates in their rituals, and comes to understand the threats to their communities. Historically a tolerant faith, Islam has, since the early 20th century, witnessed the rise of militant, extremist sects. This development, along with the rippling effects of Western invasion, now pose existential threats to these minority faiths. And as more and more of their youth flee to the West in search of greater freedoms and job prospects, these religions face the dire possibility of extinction. Drawing on his extensive

travels and archival research, Russell provides an essential record of the past, present, and perilous future of these remarkable religions.

*Israel's Sacred Terrorism* Lonely Planet  
The conflict between Israel and Palestine has raised a plethora of unanswered questions, generated seemingly irreconcilable narratives, and profoundly transformed the land's physical and political geography. This volume seeks to provide a deeper understanding of the links between the region that is now known as Israel and Palestine and its peoples—both those that live there as well as those who relate to it as a mental, mythical, or religious landscape. Engaging the perspectives of a multidisciplinary, international group of scholars, it is an urgent collective reflection on the bonds between people and a place, whether real or imagined, tangible as its stones or ephemeral as the hopes and longings it evokes.

Israel & the Palestinian Territories covers archaeological and biblical sites, provides a rundown on diving spots and trekking routes, and is a guide to volunteer work throughout the country.

Japanese Phrasebook & CD Saqi Books

“One of the definitive works on the Israeli Palestinian conflict” from the celebrated New York Times–bestselling author of *Hopes and Prospects* (Amy Goodman, host of *Democracy Now!* and author of *Breaking the Sound Barrier*). From its establishment to the present day, Israel has enjoyed a unique position in the American roster of international friends. In *Fateful Triangle*, Noam Chomsky explores the character and historical development of this special relationship. The resulting work “may be the most ambitious book ever attempted on the conflict between Zionism and the Palestinians viewed as centrally involving the United States. It is a dogged exposé of human corruption, greed, and intellectual dishonesty. It is also a great and important book, which must be read by anyone concerned with public affairs” (Edward W. Said, from the foreword). “A devastating collection of charges aimed at Israeli and American policies that affect the Palestinian Arabs negatively.” —Library Journal “Brilliant and unscrupulous.” —The Observer “A major, timely and devastating analysis of one of the great tragedies.” —The Tribune “Formidable.” —The Jewish Quarterly

*Lonely Planet Israel & the Palestinian Territories* Kar-Ben Publishing

The last Palestinian zoo stands on a dusty, dead-end street in the once prosperous farming town of Qalqilya, on the very edge of the West Bank. The zoo's bars are rusting; peacocks wander quiet avenues shaded by broad plane trees; a teenage baboon broods in solitary confinement; walls bear the pockmarks of gunfire. And yet the zoo is an extraordinary place, with a bizarre, troubling and inspiring story to tell. At the center of this story is Dr. Sami Khader, the only zoo veterinarian in the

Palestinian territories. Family man, amateur inventor, and dedicated taxidermist, he is fiercely independent, apolitical, and resourceful in times of crisis. Dr. Sami dreams of transforming the zoo into one of an international caliber. In *The Zoo on the Road to Nablus*, Amelia Thomas brings the reader into a world rarely glimpsed from the outside, weaving the stories of the zoo's animals, its staff, and its visitors into a rich, colorful chronicle of the indomitability of the human -- and animal -- spirit.

**Wellness Escapes** Haymarket Books Hatim Kanaaneh is a Palestinian doctor who has struggled for over 35 years to bring medical care to Palestinians in Galilee, against a culture of anti-Arab discrimination. This is the story of how he fought for the human rights of his patients and overcame the Israeli authorities' cruel indifference to their suffering. Kanaaneh is a native of Galilee, born before the creation of Israel. He left to study medicine at Harvard, before returning to work as a public health physician with the intention of helping his own people. He discovered a shocking level of disease and malnutrition in his community and a shameful lack of support from the Israeli authorities. After doing all he could for his

patients by working from inside the system, Kanaaneh set up The Galilee Society, an NGO working for equitable health, environmental and socio-economic conditions for Palestinian Arabs in Israel. This is a brilliant memoir that shows how grass roots organisations can loosen the Zionist grip upon Palestinian lives.

*Lion of Jordan* Phrasebook

TRAVEL WRITING. This provocative memoir chronicles Garfinkel's travels in Israel and Palestine and his journey away from a Zionist education in Toronto. After a screening of a Palestinian film, he meets a Palestinian woman who tells him about a house in Israel occupied by an Arab and a Jew. The story compels him to travel to Israel and the West Bank in search of the house with the hopes of discovering a truer sense of life in the Middle East. But the address she's given him doesn't exist, and nothing is as simple as it seemed...Bringing to light the complexities of real life as opposed to the religious or political ideal, this memoir questions what it really means to adhere to a culture or faith. Rife with riotous, sometimes surreal comedy, as well as tragic misunderstandings, "Ambivalence" offers

a vivid and challenging portrait of life in Israel and Palestine.

**A Doctor in Galilee** Lonely Planet
