Books

A reprint of Loeb's 1923 book, including maps.

Cannibalism Taylor & Francis

The practice of cannibalism is in certain cultures rejected as evil, while in others it plays a central part in the ritual order. Anthropologists have offered various explanations for the existence of cannibalism, none of which, Peggy Sanday claims, is adequate. In this book she presents a new approach to understanding the phenomenon. Through a detailed examination of ritual cannibalism in selected tribal societies, and a comparison of those cases with others in which the practice is absent, she shows that cannibalism is closely linked to people's orientation to the world, and that it serves as a concrete device for distinguishing the 'cultural

self' from the 'natural other'. Combining perspectives drawn from the work of Ricoeur, Freud, Hegel, and Jung and from symbolic anthropology, Sanday argues that ritual cannibalism is intimately connected both with the constructs by which the origin and continuity of life are understood and assured from one generation to the next and with the way in which that understanding is used to control the vital forces considered necessary for the cannibalism in a culture derives from basic human attitudes toward life and death, combined with the realities of the material world. As well as making an original contribution to the understanding of the significant human practice, Sanday also develops a theoretical argument of wider relevance

to anthropologists, sociologists, and other readers interested in the function and meaning of cannibalism.

Anthropology of Northern China

This Primer Is An Edited And Slightly Revised Version Of A Previously Published Integrated Agriculture Aquaculture (Iaa) Technology Information Kit. It Contains 38 Contributions In Seven Sections, Covering Sociocultural, Economic And Environmental Considerations In Introducing Iaa Technologies, Overviews And Various Examples Of Integrated Farming Systems Including Livestock-Fish And Rice-Fish Integration, As Well As Selected Aspects Of Fish Feeding And Management, And Fish Breeding And Nursing In Iaa. The Document Aims To

Give Decision-Makers Concerned With Agriculture And Rural Development An Overview And A Basis For Understanding The Principles Of Iaa And Help Them Decide Whether To Embark On Iaa Activities And Include These In Their Programme Portfolio. For Those Who Work Directly With Farmers, The Primer Aims At Providing Good Examples Of Iaa, But It Is Not Intended To Be A Compilation Of Procedures To Be Strictly Followed. Rather, The Primer Should Help Convince Its Readers/Users That Farmers Can Improve Their Livelihoods By Either Introducing Iaa Or By Further Developing The Many Iaa Opportunities On Their Existing Farms. Contents
Chapter 1: Considerations In Introducing Integrated Agriculture-Aquaculture Technology; Sociocultural Considerations

When Introducing A New Integrated Agriculture-Aquaculture Technology By E Worby, Economic Considerations In Introducing Integrated Agriculture-Aquaculture Technology By M Ahmed And M A P Bimbao, Working With New Entrants To Integrated Agriculture-Aquaculture By R Noble And C Lightfoot, Integrated Agriculture-Aquaculture And The Environment; Chapter 2: Integrated Farming Systems; Integrated Grass-Fish Farming Systems In China By H Z Yang, Y X Fang And Z L Chen, Chinese Embankment Fish Culture By K H Min And B T Hu, The Vac System In Northern Viet Nam By L T Luu, Fodder-Fish Integration Practice In Malaysia By R Sh Hl Ahmad, Integrated Fish-Horticulture Farming In India By S D Tripathi And B K Sharma, Culture Of Short-Cycle Species

In Seasonal Ponds And Ditches In Bangladesh By M V Gupta; Chapter 3: Animal-Fish Systems; Integrated Fish-Duck Farming By S P Tripathi And B K Sharma, Integrated Chicken-Fish Farming By M V Gupta And F Noble, Integrated Fish-Pig Farming In India By S D Tripathi And B K Sharma, Backyard Integrated Pig-Fish Culture In The Philippines By F V Fermin; Chapter 4: Rich-Fish Systems; Low-Input Rice-Fish Farming System In Irrigated Area In Malaysia By A Ali, Rice-Fish Systems In Indonesia By C Dela Cruz, Sawah Tambak Rice-Fish System In Indonesia By C Dela Cruz, Rice-Fish Systems In China By Y X Guo, Rice-Prawn Culture In The Mekong Delta Of Viet Nam By L T Duong, Rice-Prawn And Rice-Shrimp Culture In Coastal Areas Of Viet Nam By

L T Hung, Rice-Fish System In Guimba, Nueva Ecija, Philippines By C Dela Cruz, R C Sevilleja And J Torres, The Case Of Rice-Fish Farmer Mang Isko From Dasmarinas, Cavita, Philippines By F V Fermin, M A P Bimbao And J P T Dalsgaard; Chapter 5: Management For Rice-Fish Culture; Site Selection: Where To Culture Fish With Rice? By J Sollows, Preparation Of Field For Rice-Fish Culture By J Sollows, Stocking For Rice-Fish Culture, Feeding And Maintenance In Rice-Fish System By J Sollows, Rice Management In Rice-Fish Culture By J Sollows And C Dela Cruz, Rice-Fish Benefits And Problems By J Sollows, The Rice-Fish Ecosystem By A Ali, Fish As A Component Of Integrated Pest Management In Rice Production By M Halwart; Chapter 6: Fish Feeding And

Management; Using Animal Wastes In Fishponds By R Sevilleja, J Torres, J Sollows And D Little, Sewage-Fed Fish Culture By S D Tripathi And B K Sharma, Biogas Slurry In Fish Culture By S D Tripathi And B Karma, Plant Sources Of Feed For Fish By S D Tripathi And B K Sharma; Chapter 7: Fish Breeding And Nursing; Carp Breeding Using Off-Season Wheat Fields, Nursery System For Carp Species By Md G A Khan, Fry Nursing In Rice-Fish Systems By D Little, N Innes-Taylor, D Turongruang And J Sollows, Fingerling Production In Irrigated Paddy By F Noble.

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation

process, and thank you for being an important part of keeping this knowledge alive and relevant.

Asia Pacific Advances in Consumer Research BRILL

Note: This title was out of print. Re-issued in its original form in 2010. The first comprehensive history of Balinese politics from the middle of the 17th century till the end of Dutch colonial rule in 1942. Based on extensive research in colonial archives in the Netherlands and Indonesia, a variety of Balinese historical narratives, interviews with former colonial officials as well as many Balinese, and fieldwork data concerning temples, rituals, and oral histories. Schulte Nordholt traces Balinese history by means of a collective biography of the Mengwi dynasty, describing the rise

to power, the formation and expansion of a negara, the subsequent crises, and its fall in 1891. Between 1906 and 1942 Bali became part of the Dutch colonial state and experienced bureaucratic rule and processes that resulted in a 'traditionalization' of Balinese kingship and culture. The story of the Mengwi dynasty under colonial rule ended in a conflict between two factions. This conflict had an unexpected but devastating outcome.

The Spell of Power Columbia University Press

The latest edition of this classic text continues to provide the basis for understanding the genetic principles behind quantitative differences in phenotypes and how they apply to animal and plant improvement and

evolution. It extends these concepts to the segregation of genes that cause genetic variation in quantitative traits. Key techniques and methods are also covered.

Ilocano Rice Farmers Balogh Scientific Books

Contains contributions on various subjects, notably India, Buddhism, ancient chronology, etc.

Journal of Agricultural Research Cambridge University Press

This interdisciplinary and cross-cultural collection reflects the growth of animal studies as an independent field and the rise of 'animality' as a critical lens through which to analyze society and culture, on par with race and gender.

Fish Physiology Balogh Scientific Books
Ancient Southeast Asia provides readers

with a much needed synthesis of the latest discoveries and research in the archaeology of the region, presenting the evolution of complex societies in Southeast Asia from the protohistoric period, beginning around 500BC, to the arrival of British and Dutch colonists in 1600. Well-illustrated throughout, this comprehensive account explores the factors which established Southeast Asia as an area of unique cultural fusion. Miksic and Goh explore how the local population exploited the abundant resources available, developing maritime transport routes which resulted in economic and cultural wealth, including some of the most elaborate art styles and monumental complexes ever constructed. The book's broad geographical and temporal coverage,

including a chapter on the natural environment, provides readers with the context needed to understand this staggeringly diverse region. It utilizes French, Dutch, Chinese, Malay-Indonesian and Burmese sources and synthesizes interdisciplinary theoretical perspectives and data from archaeology, history and art history. Offering key opportunities for comparative research with other centres of early socio-economic complexity, Ancient Southeast Asia establishes the area's importance in world history.

Journal of the Straits Branch of the Royal Asiatic Society Santa Monica Press

This conference brought together 19 tilapia biologists and experimental culturists from 10 countries. It was designed from the outset as a technical

conference on the basic biology of the tilapias and applications in culture systems. The conference did not consider the commercial aspects of tilapia culture.

Hassell Street Press

Presenting the history of cannibalism in concert with human evolution, *Dinner with a Cannibal* takes its readers on an astonishing trip around the world and through history, examining its subject from every angle in order to paint the incredible, multifaceted panoply that is the reality of cannibalism. At the heart of Carole A. Travis-Henikoff's book is the question of how cannibalism began with the human species and how it has become an unspeakable taboo today. At a time when science is being battered by

religions and failing teaching methods, *Dinner with a Cannibal* presents slices of multiple sciences in a readable, understandable form nested within a wealth of data. With history, paleoanthropology, science, gore, sex, murder, war, culinary tidbits, medical facts, and anthropology filling its pages, *Dinner with a Cannibal* presents both the light and dark side of the human story; the story of how we came to be all the things we are today.
