This book includes 300 powerful affirmations for financial abundance, success and self-empowerment. This book gets right

to the point by presenting powerful information that will clearly explain how you can harness the tremendous power of your spoken word to get the money, opportunities, success, or anything you want to manifest with the Law of Attraction. I have been studying the Law of Attraction for over two decades, and throughout the years I have manifested a number of wonderful things, including lottery prizes, financial prosperity, business success, relationships and romance. One important truth I have learned after many years of study is that your destiny lies in your words and in the way you use them. You can literally transform a situation through the right use of words, and you can even change the course of your life through the dynamic power of your spoken word. Many people fail to get what they want from the Law of Attraction because they don't have a clear understanding about affirmations and how to harness the power of the spoken word. As a result, this book will discuss:* How your words shape your destiny * The true power behind all affirmations* How to write your own powerful affirmations that work* How to make your affirmations more enjoyable * What to do if you don't feel like your affirmations are true* The best time to repeat your affirmations* The importance of aligning to your affirmations in thought and action. In addition, this book contains a list of 300 powerful affirmations for financial abundance, success and self-empowerment. It also contains a Question and Answer section that has a lot of helpful information about affirmations and how to make the most of them. Some of the questions covered are: How long should my affirmations be? How important is it for me to write my own affirmations? How often should I repeat my affirmations each day? What other technique can help me enhance the effectiveness of affirmations? What are declarations and how can I use them to create desired conditions? Is it necessary to memorize my affirmations? How can I use spoken blessings to enhance the quality of my life? If you are serious about creating lasting change through the Law of Attraction, then you should commit to learning as much as you can about the tremendous power of your spoken word and how you can use your words to make your dreams come true. Your desires are waiting for you to summon them into your life with the dynamic power of your spoken word.

Manifesting Love Simon and Schuster

This book includes 250 affirmations for manifesting love AND it includes a number of visualization scripts and success stories that will empower you to manifest your soul mate! If you have read my other books you know that I am a firm believer in the fact that the Law of Attraction always responds to persistent, committed action. It does so because it is a spiritual law that responds to human belief in the same way that the laws of nature respond to all who use them. And being a spiritual law, it works for everyone in the same way no matter how young or old a person is, or how rich or poor. Daily, committed action is the single factor that will determine your success with the Law of Attraction, whether you choose to manifest financial abundance, a satisfying career, or the love of your life. In fact, the phrase "Law of Attraction" contains the word ACTION, which means that your success with this spiritual power requires you to take committed, daily action by aligning your thoughts, words and feelings to your intention. Once you have transformed your beliefs about what is possible, your desire will show up in your life. Unfortunately, many people on this spiritual path read book after book about the Law of Attraction, yet they fail to take the daily, committed action that will help them manifest their desires. My goal is that you succeed with your intention to manifest true and lasting love, so I wrote this book as a clear guide that will provide you with easy-to-use, practical tools that will help you manifest your soul mate. In fact, the information in this book has helped many people attract a soul mate, and it can work for you, too. WHAT THIS BOOK CONTAINS This is not another Law of Attraction book filled with fluff and filler. It's an instruction manual that gets right to the point by explaining exactly what you must do to manifest your soul mate with the Law of Attraction. Using proven metaphysical practices, spiritual insights, and success stories, I explain how you can create your intention and then manifest your soul mate by using the tools of manifestation correctly and consistently. By the time you finish reading this book, you will know exactly what you must do to manifest a loving relationship. PART 1 of this book discusses the creative power of feelings and how you can use them to create the things and conditions you desire. This section also explains how to get clear about what you want by creating an

Intention Statement and a list of desirable qualities that reflect your specific desires. PART 2 discusses the dynamic power of the spoken word and explains how you can use your words to shape your destiny. It also contains a list of 250 spoken affirmations that will enable you to harness the power of the spoken word to manifest the love of your life. PART 3 explains how you can use visualization to manifest your soul mate. It also contains a number of detailed visualization scripts and success stories that will inspire you to use your imagination to create the life of your dreams. PART 4 includes a detailed question and answer section that addresses some of the most important questions that relate to manifesting love. And PART 5 explains how you can implement a Law of Attraction action plan for love and romance.

Have you ever wondered what it takes to find the love of your life? Is it your dream to find a life partner who will love, cherish, and adore you? The Soulmate Secret will show you how to take control of your romantic destiny by using the Law of Attraction. Translated into more than twenty languages, The Soulmate Secret has become an international phenomenon. Now with a new preface and a new chapter filled with book-inspired success stories, this book shows finding true love is possible for anyone at any age if you are willing to prepare yourself, on all levels, to become a magnet for love. Arielle Ford knows this from experience. She used the techniques in this book to bring her soulmate into her life at age forty-four. They were engaged three weeks later. This ancient formula reveals that our universe is set up to deliver the people and things into our lives that are consistent with our personal belief system. If you don't believe you will ever find the One, then guess what? You probably won't. If, however, you learn to believe that the One is not only out there but is also looking for you, then true love can be yours. Using a series of processes called feelingizations—feeling in every cell of your being the outcome you want to create—Ford reveals how to manifest the man or woman of your dreams. The techniques, rituals, and projects found within these pages will allow you to prepare your home, body, mind, and spirit for the lover your heart truly desires.

THE LAW OF ATTRACTION WORKS...IF YOU WORK IT! The fastest way to manifest your desires is by implementing a Law of Attraction action plan. Since everything in the Universe is energy, the necessary ingredient for manifestation is the consistent mental and emotional energy that you emit in the form of thoughts, feelings, words and actions. It's very important to remember that the phrase "Law of Attraction" contains the word ACTION. Too many people on this spiritual path get caught up reading lots of books about the Law of Attraction, attending numerous seminars and hearing lectures about the Universal Law, but they fail to use the powerful tools that will translate their desires from the invisible world of cause to the visible world of manifestation. There are many books and audio programs on the market that explain what the Law of Attraction is and what it does, but few that actually teach people how to use this creative power on a daily basis. As a result, this book will provide you with advanced manifestation techniques, strategies, insights, and success stories that will help you quickly manifest your desires with the Law of Attraction. Many students of the Law of Attraction have expressed concerns about being overwhelmed with all the manifestation books and study materials on the market. A friend recently told me: "I went to a book store and saw so many Law of Attraction books that I couldn't decide which to buy." Another friend said, "I know what the Law of Attraction is and what it does, but I am having trouble understanding what I need to do each day to make it work for me." I responded by telling my friend that she

is not alone with her concerns. There is a lot of information on the market explaining what the Law of Attraction does, yet much of it fails to explain what must be done on a daily basis to make it work effectively. As a result of these concerns, I have written this book to guide readers through a series of real-life, daily scenarios that demonstrate what should be done each day in order to use the Law of Attraction effectively. The people interviewed for this book are among hundreds of people whom I have met during the course of my spiritual journey. I have met these wonderful people at seminars, workshops, lectures, churches, spiritual centers and through online forums on spirituality and personal growth. These enlightened individuals are among my growing community of spiritual friends who have shared their insights and experiences with me, and who comprise a growing support group of like-minded people who understand the importance of self-empowerment and spiritual evolution.

In fact, throughout the years many people have used the Law of Attraction to win contests, sweepstakes, and even lottery jackpots.
