The Lord of Perfect Satisfaction (Ruyijun zhuan), a short work of fiction from the early sixteenth century, tells the story of the Tang dynasty's notorious Wu Zetian, the only woman to rule as emperor of China. It is famous not for the history it relates, but for its graphic sexual descriptions--the first ever in a Chinese novel--purportedly given from a woman's point of view. Despite its renown and unmistakable influence on later writing, the origins and significance of the Ruyijun zhuan have never been

explored, in any language, and until now it has never been translated. Its date of composition is unknown, its author unidentified. One of its earliest appraisals, written by a contemporary scholar known for his conservatism, maintains that the Ruyijun zhuan is a moral work notwithstanding its sexual content. Combining a complete translation with a detailed and far-ranging study of the text, The Fountainhead of Chinese Erotica places this important cultural document into historical context and offers possibilities on its meaning.

"Taking Sexy Back is going directly on my top list of recommended sexuality readings." —Esther Perel, author of *Mating in Captivity* and *The State of Affairs* It is time for a new sexual revolution. It's time to take sexy back. As women, we're expected to be sexy, but not sexual. We're bombarded with conflicting, shame-inducing, and disempowering messages about sex, instead of being encouraged to connect with our true sexual selves. Sexy gets reduced to a performance, leaving us with little to no space to reckon with the complexities of sexuality. In a culture intent on telling you who and how to be, standing in your truth is revolutionary. From relationship expert Alexandra Solomon—author of *Loving Bravely*—*Taking Sexy Back* is a groundbreaking guide to deepening your connection to yourself, honoring your desires, and cultivating authentic intimate connections. On these pages, you'll discover how to deepen your sexual self-awareness, and use that awareness to create experiences that not only pleasure, but elevate, expand, and heal you. You'll learn to understand your boundaries, communicate what feels good, and bring mindfulness and self-compassion to sex. Most importantly, you'll embrace your sexuality as an evolving, essential, and beautiful part of your life. Sex is about

more than what your partner enjoys or finds sexy. It's about more than having an orgasm or finding the "right" positions. It's about you. It's time to take your sexy back! Chaucerotics examines the erotic language in Chaucerian literature through a unique lens, utilizing the tools of "pornographic literary theory" to open up Chaucer's ribald poetry to fresh modes of analysis. By introducing and applying the notion of "Chaucerotics," this study argues for a more historically-nuanced and theoretically-sophisticated understanding of the obscene content in Chaucer's fabliaux and Troilus and Criseyde. This book demonstrates that the sexually suggestive language of this magisterial Middle English poet could stimulate and titillate various literary audiences in late medieval England, and even goes so far as to suggest that Chaucer might well be understood as the "Father of English pornography" for playing a notable, liminal role in the development of porn as a literary genre. In making this case, Geoffrey W. Gust presents an insightful account of an important intellectual issue and opens up

the subject of premodern pornography to consideration in a way that is new and highly provocative.

Drawing on over 20 years of teaching a philosophy course on love, sex, and freedom, Waddell walks a single erotic experience through the perspectives of four French philosophers, and adds his own. His goal is to situate the ideas of Sartre, Merleau-Ponty, Levinas, and Irigaray in the realm of physical, emotional, and psychic detail in order to make sense of erotic perception.

What is love's real aim? Why is it so ruthlessly selective in its choice of loved ones? Why do we love at all? In addressing these questions, Simon May develops a radically new understanding of love as the emotion we feel towards whomever or whatever we experience as grounding our life--as offering us a possibility of home in a world that we supremely value. He sees love as motivated by a promise of "ontological rootedness," rather than, as two thousand years of tradition variously asserts, by beauty or goodness, by a search for wholeness, by virtue, by sexual or reproductive desire, by compassion or altruism or empathy, or, in one of today's dominant views, by no qualities at all of the loved one. After arguing that such founding Western myths as the Odyssey and Abraham's call by God to Canaan in the Bible powerfully exemplify his new conception of love, May goes on to re-examine the relation of love to beauty, sex, and goodness in the light of this conception, offering among other things a novel theory of beauty--and suggesting, against Plato, that we can love others for their ugliness (while also seeing them as beautiful).

Finally, he proposes that, in the Western world, romantic love is gradually giving way to parental love as the most valued form of love: namely, the love without which one's life is not deemed complete or truly flourishing. May explains why childhood has become sacred and excellence in parenting a paramount ideal-- as well as a litmus test of society's moral health. In doing so, he argues that the child is the first genuinely "modern" supreme object of love: the first to fully reflect what Nietzsche called "the death of God."

In America, Christian adolescents and young adults have grown up with fiercely competing narratives about sex, relationships, and fulfillment. Within a Christian world of church services, formal religious education, and retreats, they have been warned about the dangers and sinfulness of premarital sex. All the while, popular culture has inundated them with a very different message: casual sex is fun, thrilling, expected, and no-big-deal. Popular culture's influence is perhaps nowhere more evident than on college campuses where hookups - casual sexual encounters devoid of commitment or emotional attachment - have become the norm for emerging adults. College Hookup Culture and Christian Ethics engages 126 college students as sober ethnographers whose task is to observe and analyze their own complex social reality. Part I reveals students' disillusionment with contemporary sexual and relational norms, challenging benevolent or even neutral views of hookup culture. Part II brings the students into conversation with Christianity's counter-cultural narrative of what it means to become fully human and experience genuine joy and fulfillment. The spokesperson for this vision is theologian Johann Metz, whose portrait of Jesus enduring his desert temptations and becoming fully human resonates profoundly with today's college students. Comparing Jesus' way of being in the world with their college culture's status quo, many undergraduates discover in "poverty of spirit" a hopeful, counter-cultural path to authenticity and happiness. Part III culminates in a

call to action. Students explore obstacles to sexual justice on college campuses, identify key commitments necessary for change, and envision how undergraduates can work to create the college culture they truly desire and deserve.
