REAGAN MAURICIO

Land Rover Discovery & Range Rover
'Classic' The Crowood Press

The Second World War proved, among other things, the value of a basic 4-wheeled drive vehicle of rugged construction. The success of the American Jeep inspired the Wilkes' brothers, Maurice & Spencer, who ran the Rover car company, that a British version was likely to be well received. Launched in 1948, customers were never in short supply for their creation, the Land Rover, although there were some unexpected owners for

such a sparse and utilitarian car, including King George VI and Winston Churchill. Once the British army embraced it as their vehicle of choice, the Land Rover's place in motoring's hall of fame was secured. Since those days, the company has gone on to invent the concept of the luxury 4 x 4 with the launch of the Range Rover in 1970 and has added further to the distinguished stable with the Discovery and the Freelander and in recent years the Vogue model of the Range Rover.
