The Uniform Commercial Code Made Easy marks the first time in the history of legal education that a novel has been used as a vehicle for delivering the content of a substantive body of law; in this case, a pervasive statutory scheme The Uniform Commercial Code, law in all fifty states. Mirroring the factual assumptions upon which the UCC was drafted, The Uniform Commercial Code Made Easy places the application of these laws in concrete and interesting commercial settings where they come to life. Logical reader questions are anticipated, and answered through a variety of communication channels uniquely available to the format chosen: dialogue, memoranda of law, texting and emails, are illustrative. If you are in business, the Uniform Commercial Code

directly, impacts your business hundreds, perhaps thousands of times per day. Virtually every phase of a transaction in goods, from sale or lease through financing, is impacted by the laws of the UCC. Of particular significance are those provisions which can literally save a business from going under. These potential landmines need to be identified before they are stepped on. The Uniform Commercial Code Made Easy accomplishes this important task. Consumers should understand the basic laws that surround and govern their purchases, leases, and financing of goods. They should also understand, as should businesses, the impact of signing a promissory note, how the transfer of that note can affect one's rights, and how to protect one's rights when promissory notes are executed. Understanding how to protect your rights in these transactions is both empowering and essential. The mass and complexity of the Uniform Commercial Code has made comprehension and learning the content very challenging. The ease of learning is greatly enhanced by the approach utilized in *The Uniform Commercial Code Made Easy*. As one prominent attorney and author wrote in a recently published book review: Yes, Virginia, there is a Santa Claus! In this case, he comes in the form of former University of Miami School of Law professor Robert M. LeVine, who has made one of the most complicated bodies of law in the United States the Uniform Commercial Code not only comprehensible but entertaining. Tom Shuck, Esq. Past President, Federal Bar Association *Federal Bar Association Journal*, August 2111 Law students, business students, and CPA's must know the Uniform Commercial Code. It is essential to graduate from law school and is on the bar examination of every state, and the CPA examination as well. The following are illustrative of testimonials received on *The Uniform Commercial Code Made Easy*: It's true. The UCC is just as daunting as it looks, and this book is the key to unlocking its mysteries. Infused with practicality, *The Uniform Commercial Code Made Easy* combines every day transactions with straightforward law, allowing students to not only navigate the UCC with ease, but also develop a lasting understanding of the material. The Uniform Commercial Code Made Easy's revolutionary approach to the UCC has extensive application both in and out of the classroom as a resource for professors and a study aid for students. *The Uniform Commercial Code Made Easy* by LeVine was my key to success in understanding the UCC, and enjoying it! Melissa Carroll Stetson University College of Law I was amazed. I never thought it possible to make the UCC interesting but I was wrong. For once I had found a book which made me understand the meaning and interrelationships among sections, and at the same time, I enjoyed reading it. F. William Harvey JD, MBA, Wharton School of Business The knowledge contained in the Uniform Commercial Code is invaluable to anyone in business, or any American who is involved in basic consumer transactions. *The Uniform Commercial Code Made Easy* creates a pathway to this level in a unique and entertaining manner.

Criminal Defense Law Made Simple Nolo

The ability to prove one's innocence SHOULD NOT DEPEND on how much money the defendant has. TRUTH should not be something that is bought. And yet, money is far too often what makes the difference between a successful legal defense, and prison time. If you have been arrested, the bad news is that the court will appoint a lawyer for you. This is not good news because the court pretends that as long as you have a lawyer, justice will be served. But a court-appointed attorney typically does more harm than good. This book explains why, and what to do about it. TRUTHS THAT THE SYSTEM WOULD PREFER YOU DIDN'T KNOW Would you believe that, given the choice between keeping you out of prison for ten years or saving himself a few hundred

dollars, a court-appointed attorney will choose the money virtually every time? Yes, ten years. Or that at least ten thousand Ohio inmates would not be in prison today if Ohio courts correctly applied the law? Yes, ten thousand. OUR JUSTICE SYSTEM IS BROKEN, AND THERE'S NO MONEY TO FIX IT This book shows one man's walk through a dysfunctional justice system, and the author gives it to you straight, like no attorney could without putting his license in jeopardy, and like no one else could who hasn't lived it. If you have been arrested and don't know what to do, this book will help you find the answers you seek; get cooperation from your court-appointed attorney; keep the system from violating your rights; get excessive charges removed from the indictment; file motions in the courts; and process your appeals. It's the must-have book for the twenty-first century.
