This collection of 32 modernised versions of *The Canterbury Tales* which appeared in the 18th century offers basic material for studying the history of attitudes to Chaucer, and Chaucer scholarship, during the period. Reception data so precise and extensive is available only for Chaucer among English authors. At least seventeen known and anonymous writers produced thirty-two modernised *Canterbury tales* during the century, plus tale links and adaptations of each other's work. The present collection contains only

modernisations that have not seen print since 1796, thus excluding those by Pope and Dryden. Although most works in this collection may be examined further in several British and American libraries, others cannot. Apparently only one copy has survived of an anonymous *Miller's Tale* (1791) with a thoughtful preface justifying the tale's overt sexuality published just as William Lipscomb was completing his 1795 edition that, in its preface, justifies exclusion from the pilgrimage of the notorious tales of Miller and Reeve. Such contrasting attitudes illustrate the dangers of generalisation about the usual reception or interpretation of Chaucer during this or any other socio-historic period; instead, the collection provides an untapped reservoir of material with which to investigate anew the rich complexity of his poetry and its enduring appeal. BETSY BOWDEN is Professor of English at Rutgers University, New Jersey.

A short and easy Greek book. [With] *Addenda* Simon and Schuster

When homeless and jobless, Simon Cotterill joins a hangman's crew replacing a man who was himself sent to the gibbet, he feels rejected even by the desperate men he now works with. Until he learns the secret of how a hanged man can walk away from his own grave. Meanwhile from the forest paths around Gloucester, young women are disappearing. When a disfigured corpse is found, the mayor suspects a coven of witches is preying on vulnerable souls, and arrests three hideous hags. Afraid the town's prosperity could suffer from a reputation for witchcraft, he holds a midnight trial that condemns the women. They are taken to be hanged. But the unearthly sounds of the forest at night frighten even the hangmen, and a violent storm drives them to seek shelter, leaving the witches swinging from the gibbet tree. The next morning their bodies are gone. Then, one by one, every person who took part in the trial is found dead, and Simon is forced into hiding to save his own life...
