The New Machiavelli Simon and Schuster

"It is better to be feared than loved, if you cannot be both." The Prince, written by Niccolò Machiavelli, is a groundbreaking work in the genre of political philosophy, first published in

1532. It offers a direct and unflinching examination of power and leadership, challenging conventional notions of morality and ethics in governance. This work will leave you questioning the true nature of authority and political strategy. Machiavelli's prose captures the very essence of human ambition, forcing readers to grapple with the harsh realities of leadership. This is not just a historical treatise, but a blueprint for navigating the political power structures of any era. If you're seeking a deeper understanding of political leadership and the dynamics of influence, this book is for you. Sneak Peek "Since love and fear can hardly exist together, if we must choose between them, it is far safer to be feared than loved." In *The Prince*, Machiavelli draws on historical examples

and his own diplomatic experience to lay out a stark vision of what it takes to seize and maintain power. From the ruthlessness of Cesare Borgia to the political maneuvering of Italian city-states, Machiavelli outlines how a leader must be prepared to act against virtue when necessary. Every decision is a gamble, and success depends on mastering the balance between cunning and force. Synopsis The story of *The Prince* delves into the often brutal realities of ruling. Machiavelli provides rulers with a pragmatic guide for gaining and sustaining power, asserting that the ends justify the means. The book is not just a reflection on how power was wielded in Renaissance Italy but a timeless manual that offers insight into political consulting, political history, and

current political issues. Its relevance has endured for centuries, influencing leaders and thinkers alike. Machiavelli emphasizes that effective rulers must learn how to adapt, deceive, and act decisively in pursuit of their goals. This stunning, classic literature reprint of *The Prince* offers unaltered preservation of the original text, providing you with an authentic experience as Machiavelli intended. It's an ideal gift for anyone passionate about political science books or those eager to dive into the intricacies of power and leadership. Add this thought-provoking masterpiece to your collection, or give it to a loved one who enjoys the best political books. *The Prince* is more than just a book - it's a legacy. Professor Skinner presents a lucid analysis of Machiavelli's text as a response to the world of Florentine politics.

Clizia Routledge

From the packagers behind DYLAN SCRAPBOOK and SINATRA TREASURES, comes a unique celebration of the life of one of the greatest rap artists in the

world, Tupac Shakur.

Tupac Shakur Legacy Princeton University Press

'A wonderfully assured and utterly riveting biography that captures not only the much-maligned Machiavelli, but also the spirit of his time and place. A monumental achievement.' – Jessie Childs, author of *God's Traitors*. 'A notorious fiend', 'generally odious', 'he seems hideous, and so he is.' Thanks to the invidious reputation of his most famous work, *The Prince*, Niccolò Machiavelli exerts a unique hold over the popular imagination. But was Machiavelli as sinister as he is often thought to be? Might he not have been an infinitely more sympathetic figure, prone to political missteps, professional failures and personal dramas? Alexander Lee

reveals the man behind the myth, following him from cradle to grave, from his father's penury and the abuse he suffered at a teacher's hands, to his marriage and his many affairs (with both men and women), to his political triumphs and, ultimately, his fall from grace and exile. In doing so, Lee uncovers hitherto unobserved connections between Machiavelli's life and thought. He also reveals the world through which Machiavelli moved: from the great halls of Renaissance Florence to the court of the Borgia pope, Alexander VI, from the dungeons of the Stinche prison to the Rucellai gardens, where he would begin work on some of his last great works. As much a portrait of an age as of a uniquely engaging man, Lee's gripping and definitive

biography takes the reader into Machiavelli's world – and his work – more completely than ever before.

*Machiavelli* Arte Publico Press

New York Times bestselling author Ross King's biography *Machiavelli* is “a convincing portrait of one of the most misunderstood thinkers of all time.”\* The author of *The Prince*—his controversial handbook on power, which is one of the most influential books ever written—Niccolò Machiavelli (1469–1527) was no prince himself. Born to an established middle-class family, Machiavelli worked as a courtier and diplomat for the Republic of Florence and enjoyed some small fame in his time as the author of bawdy plays and poems. In this discerning biography, Ross King rescues Machiavelli's legacy from

caricature, detailing the vibrant political and social context that influenced his thought and underscoring the humanity of one of history's finest political thinkers. “Provides a strong sense of the history of both the man and his times and a nice introduction to Machiavelli's writings. Moreover, like one of Machiavelli's bawdy plays, it is a riveting and exhilarating read, full of salacious details and brisk prose.” —Publishers Weekly (Starred Review) “An engaging, revealing biography and a vivid portrait of a city-state in turmoil.” —Financial Times

**Word from the Mother** Guiding Beam  
To what extent was Machiavelli a “Machiavellian”? Was he an amoral adviser of tyranny or a stalwart partisan of liberty? A neutral technician of power

politics or a devout Italian patriot? A reviver of pagan virtue or initiator of modern nihilism? Reading Machiavelli answers these questions through original interpretations of Niccolò Machiavelli's three major political works—The Prince, Discourses, and Florentine Histories—and demonstrates that a radically democratic populism seeded the Florentine's scandalous writings. John McCormick challenges the misguided understandings of Machiavelli set forth by prominent thinkers, including Jean-Jacques Rousseau and representatives of the Straussian and Cambridge schools. McCormick emphasizes the fundamental, often unacknowledged elements of a vibrant Machiavellian politics: the utility of vigorous class conflict between elites

and common citizens for virtuous democratic republics, the necessity of political and economic equality for genuine civic liberty, and the indispensability of religious tropes for the exercise of effective popular judgment. Interrogating the established reception of Machiavelli's work by such readers as Rousseau, Leo Strauss, Quentin Skinner, and J.G.A. Pocock, McCormick exposes what was effectively an elite conspiracy to suppress the Florentine's contentious, egalitarian politics. In recovering the too-long-concealed quality of Machiavelli's populism, this book acts as a Machiavellian critique of Machiavelli scholarship. Advancing fresh renderings of works by Machiavelli while demonstrating how they have been

misread previously, Reading Machiavelli presents a new outlook for how politics should be conceptualized and practiced.

*The Art of War* Pan Macmillan

Have you always felt older than what your age reflects? Are you solitary, thoughtful and intuitive? Do you feel like an outsider constantly looking into a society that doesn't feel like your home? If so, you may be an Old Soul. In this landmark book, transformational mentor and holistic writer Aletheia Luna provides a compact, elegant and well-researched look into the life of Old Souls. Topics in the book include the Old Soul's perception towards love, sex, death, childhood, meaning, religion, truth, and much more.

*The White Book* Macmillan

Most writing on sociological method has

been concerned with how accurate facts can be obtained and how theory can thereby be more rigorously tested. In *The Discovery of Grounded Theory*, Barney Glaser and Anselm Strauss address the equally important enterprise of how the discovery of theory from data—systematically obtained and analyzed in social research—can be furthered. The discovery of theory from data—grounded theory—is a major task confronting sociology, for such a theory fits empirical situations, and is understandable to sociologists and laymen alike. Most important, it provides relevant predictions, explanations, interpretations, and applications. In Part I of the book, "Generation Theory by Comparative Analysis," the authors present a strategy whereby sociologists

can facilitate the discovery of grounded theory, both substantive and formal. This strategy involves the systematic choice and study of several comparison groups. In Part II, "The Flexible Use of Data," the generation of theory from qualitative, especially documentary, and quantitative data is considered. In Part III, "Implications of Grounded Theory," Glaser and Strauss examine the credibility of grounded theory. The Discovery of Grounded Theory is directed toward improving social scientists' capacity for generating theory that will be relevant to their research. While aimed primarily at sociologists, it will be useful to anyone interested in studying social phenomena—political, educational, economic, industrial—especially if their studies are based on

qualitative data.

The 48 Laws of Power (Special Power Edition) One Time Publishing

An account of how a police detective led the task force that exposed the facts behind the deaths of rappers Biggie Smalls and Tupac Shakur.

**Category Theory for Programmers (New Edition, Hardcover)** iUniverse

Written by the hugely respected linguist, Geneva Smitherman, this book presents a definitive statement on African American English. Enriched by her evocative and inimitable prose style, the study presents an overview of past debates on the speech of African Americans, as well as providing a vision for the future. Featuring cartoons which demonstrate the relationship between language and race, as well as common

perceptions of African American Language, she explores its contribution to mainstream American English and includes a summary of expressions as a suggested linguistic core of AAL. As global manifestations of Black Language increase, she argues that, through education, we must broaden our conception of AAL and its speakers, and further examine the implications of gender, age and class on AAL. Perhaps most of all we must appreciate the 'artistic and linguistic genius' of AAL, presented in this book through rap and Hip Hop lyrics and the explorations of rhyme and rhetoric in the Black speech community. Word from the Mother is an essential read for students of African American English, language, culture and sociolinguistics, as well as the general

reader interested in the worldwide 'crossover' of black popular culture.

Discovery of Grounded Theory Random House

A stunningly designed, richly photographed companion to the much-anticipated documentary from MTV Films, "Resurrection" brings unprecedented clarity and soulful intimacy to the writings and life of Tupac Shakur. 100 photos.

This text aims to provide insight into the meaning and interpretation of

Machiavelli and his works for management, marketing and political thought, and to highlight their relevance to the manager today.

*Machiavelli, Marketing, and Management*  
Simon and Schuster

The world's oldest and best-organized conglomerate reveals management techniques everyone can use. Unlike other guides to business, this book shuns theoretical verbiage to present the philosophy of leadership that founded and captained "The Silent Empire" through centuries of expansion and success. The plans of action and gems of counsel contained herein are neither violent nor criminal; rather, they reflect a penetrating understanding of the dynamics of human nature.

Discourses on the First Decade of Titus

Livius Lexington Books

I hungered to be seen. There were three things I knew about Capo Macchiavello: He was gorgeous. He was reclusive. He was considered one of New York's most savage animals. And he wanted me as his wife. A simple arrangement - you do for me, I do for you. Nothing owed, no expectations. Except for one: never leave. Life was never that simple, though. By the age of twenty-one, I was parentless, jobless, and homeless, and I had come to learn the hard way that nothing was ever free. Even kindness comes with strings. Capo might've been the only man to ever see me, but I had made a vow to myself: I would never owe anyone anything. Most of all, the man I called boss. I killed to stay hidden. Mariposa Flores thought she owed

nothing to no one, but she owed everything...to me, the ghost the world had once called The Machiavellian Prince of New York. Machiavellian is the first of three books set in the savage world of the Gangsters of New York series.

**Murder Rap** Psychology Press  
 FROM HAN KANG, WINNER OF THE 2024 NOBEL PRIZE IN LITERATURE “[Han Kang writes in] intense poetic prose that . . . exposes the fragility of human life.”—from the Nobel Prize citation  
 SHORTLISTED FOR THE INTERNATIONAL BOOKER PRIZE • A “formally daring, emotionally devastating, and deeply political” (The New York Times Book Review) exploration of personal grief through the prism of the color white, from the internationally bestselling author of *The Vegetarian* “Stunningly

beautiful. . . one of the smartest reflections on what it means to remember those we’ve lost.”—NPR  
 Shortlisted for the International Booker Prize, Han Kang’s *The White Book* is a meditation on color, as well as an attempt to make sense of her older sister’s death, who died in her mother’s arms just a few hours after she was born. In captivating, starkly beautiful language, *The White Book* is a letter from Kang to her sister, offering a multilayered exploration of color and its absence, and of the tenacity and fragility of the human spirit.
