### SAVAGE KNOX

*Fifth Edition, One Volume* Perennial

A captivating blend of personal biography and public drama, *The Wise Men* introduces the original best and brightest, leaders whose outsized personalities and actions brought order to postwar chaos: Averell Harriman, the freewheeling diplomat and Roosevelt's special envoy to Churchill and Stalin; Dean Acheson, the secretary of state who was more responsible for the Truman Doctrine than Truman and for the Marshall Plan than General Marshall; George Kennan, self-cast outsider and intellectual darling of the Washington elite; Robert Lovett, assistant secretary of war, undersecretary of state, and secretary of defense throughout the formative years of the Cold War; John McCloy, one of the nation's most influential private citizens; and Charles Bohlen, adroit diplomat and ambassador to the Soviet Union. *Cold War in the Communist World* Harvard University Press With startling revelations, Tsuyoshi Hasegawa rewrites the standard history of the end of World War II in the Pacific. By fully integrating the three key actors in the story--the United States, the Soviet Union, and Japan--Hasegawa for the first time puts the last months of the war into international perspective. From April 1945, when Stalin broke the Soviet-Japanese Neutrality Pact and Harry Truman assumed the presidency, to the final Soviet military actions against Japan, Hasegawa brings to light the real reasons Japan surrendered. From Washington to Moscow to Tokyo and back again, he shows us a high-stakes diplomatic game as Truman and Stalin sought to outmaneuver each other in forcing Japan's surrender; as Stalin dangled mediation offers to Japan while secretly preparing to fight in the Pacific; as Tokyo peace advocates desperately tried to stave off a war party determined to mount a last-ditch defense; and as the Americans struggled to balance their competing interests of ending the war with Japan and preventing the Soviets from expanding into the Pacific. Authoritative and engrossing, *Racing the Enemy* puts the final days of World War II into a whole new light.

*Battle Fatigue* Simon and Schuster

Drawing on his own diary as well as secret documents and transcripts of high-level meetings, Anatoly Chernyaev recounts the drama that swept the Soviet Union between 1985 and 1991. As Gorbachev's chief foreign policy aide for most of that period, he played a central role in efforts to halt the arms race, discard a confrontational ideology, and open his country to the world. And as Gorbachev's confidant on many domestic issues as well, Chernyaev offers rare insights into the struggle over glasnost, the growth of separatism, and the rise of Boris Yeltsin. While admiring of perestroika's founder, Chernyaev is frank in faulting Gorbachev for his hesitancy in economic reforms, for his delay in decentralizing Union-republic ties, and above all for his misplaced faith in the reformability of the Communist Party. Altogether this book is essential reading for those interested in the Cold War's end, the USSR's collapse, and especially the role played by ideas, ambitions, and key personalities in these momentous

events.

*Questions and Answers Top Secret* (New Century)

Addressed to the Inhabitants of America, on the Following Interesting Subjects, viz.: I. Of the Origin and Design of Government in General, with Concise Remarks on the English Constitution. II. Of Monarchy and Hereditary Succession. III. Thoughts on the Present State of American Affairs. IV. Of the Present Ability of America, with some Miscellaneous Reflections *The Sino-Soviet Split* Penn State Press

In this seminal work, published by the C.I.A. itself, produced by Intelligence veteran Richards Heuer discusses three pivotal points. First, human minds are ill-equipped ("poorly wired") to cope effectively with both inherent and induced uncertainty. Second, increased knowledge of our inherent biases tends to be of little assistance to the analyst. And lastly, tools and techniques that apply higher levels of critical thinking can substantially improve analysis on complex problems.

*Princeton Review AP Biology Premium Prep 2021* Social Studies

A decade after the Soviet Union and the People's Republic of China established their formidable alliance in 1950, escalating public disagreements between them broke the international communist movement apart. In *The Sino-Soviet Split*, Lorenz Lüthi tells the story of this rupture, which became one of the defining events of the Cold War. Identifying the primary role of disputes over Marxist-Leninist ideology, Lüthi traces their devastating impact in sowing conflict between the two nations in the areas of economic development, party relations, and foreign policy. The source of this estrangement was Mao Zedong's ideological radicalization at a time when Soviet leaders, mainly Nikita Khrushchev, became committed to more pragmatic domestic and foreign policies. Using a wide array of archival and documentary sources from three continents, Lüthi presents a richly detailed account of Sino-Soviet political relations in the 1950s and 1960s. He explores how Sino-Soviet relations were linked to Chinese domestic politics and to Mao's struggles with internal political rivals. Furthermore, Lüthi argues, the Sino-Soviet split had far-reaching consequences for the socialist camp and its connections to the nonaligned movement, the global Cold War, and the Vietnam War. *The Sino-Soviet Split* provides a meticulous and cogent analysis of a major political fallout between two global powers, opening new areas of research for anyone interested in the history of international relations in the socialist world.

with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

Document-Based Assessment for Global History Princeton Review

The husband-and-wife team's interviews with Nixon intimates, aides, cabinet members, political opponents, journalists, and critics, such as George McGovern, Alexander Haig, and John Erlichman, offer insights into the man and his administration and attempt to answer some of the questions that remain after his death. Discussion covers Nixon's entire presidency, with analysis of domestic programs and foreign affairs, the Viet Nam War, and, of course, the Watergate affair. Appendices offer a Watergate crimes roster and profiles of interviewees. Annotation copyright by Book News, Inc., Portland, OR

Political Cartoons from the Crash to the Millennium Race and the Totalitarian Century

AP Biology Premium Prep, 2021, previously titled *Cracking the AP Biology Exam, Premium Edition*, will now include a total of 6 full-length practice tests. The Premium edition continues to provide students with comprehensive topic reviews of all AP Biology subjects, from photosynthesis to genetics to evolution. It also includes strategies for all AP Biology question types, including grid-in and short free-response questions, and contains detailed guidance on how to write a topical, cohesive, point-winning essay. This Premium edition now includes 6 full-length practice tests (4 in the book and 2 online) for the most practice possible.

The Second Reconstruction Time Life Medical

The Cold War and decolonization transformed the twentieth century world. This volume brings together an international line-up of experts to explore how these transformations took place and expand on some of the latest threads of analysis to help inform our understanding of the links between the two phenomena. The book begins by exploring ideas of modernity, development, and economics as Cold War and postcolonial projects and goes on to look at the era's intellectual history and investigate how emerging forms of identity fought for supremacy. Finally, the contributors question ideas of sovereignty and state control that move beyond traditional Cold War narratives.

Decolonization and the Cold War emphasizes new approaches by drawing on various methodologies, regions, themes, and interdisciplinary work, to shed new light on two topics that are increasingly important to historians of the twentieth century.

6 Practice Tests + Complete Content Review + Strategies & Techniques Springer

Chronicles the rise and eventual fall of Nazi Germany during World War II.

**The General vs. the President** W. W. Norton & Company  
Vaughn Rasberry turns to black culture and politics for an alternative history of the totalitarian century. He shows how black writers reimagined the standard anti-fascist, anti-communist narrative through the lens of racial injustice, with the U.S. as a tyrannical force in the Third World but also an agent of Asian and African independence.

SALT II Agreement Houghton Mifflin College Division

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass* The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their

many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

**Herblock's History** New York : Columbia University Press

A New York Times bestseller, this is the "outstanding" (*The Atlantic*), insightful, and authoritative account of Dwight Eisenhower's presidency. Drawing on newly declassified documents and thousands of pages of unpublished material, *The Age of Eisenhower* tells the story of a masterful president guiding the nation through the great crises of the 1950s, from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts. This is a portrait of a skilled leader who, despite his conservative inclinations, found a middle path through the bitter partisanship of his era. At home, Eisenhower affirmed the central elements of the New Deal, such as Social Security; fought the demagoguery of Senator Joseph McCarthy; and advanced the agenda of civil rights for African-Americans. Abroad, he ended the Korean War and avoided a new quagmire in Vietnam. Yet he also charted a significant expansion of America's missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism. As he left office, he cautioned Americans to remain alert to the dangers of a powerful military-industrial complex that could threaten their liberties. Today, presidential historians rank Eisenhower fifth on the list of great presidents, and William Hitchcock's "rich narrative" (*The Wall Street Journal*) shows us why Ike's stock has risen so high. He was a gifted leader, a decent man of humble origins who used his powers to advance the welfare of all Americans. Now more than ever, with this "complete and persuasive assessment" (Booklist, starred review), Americans have much to learn from Dwight Eisenhower.

How the 1967 War Shaped the Middle East Harvard University Press

A new interpretation of the Cold War from the perspective of the smaller and middle powers in Asia, the Middle East and Europe.

The Age of Eisenhower Simon and Schuster

This is a new release of the original 1949 edition.

**My Six Years with Gorbachev** Anchor

This comprehensive account of the establishment of the WTO focuses on those who shaped its creation as well as those who have influenced its evolution. It also examines trade negotiations, the WTO's dispute settlement role, the process of joining, and what lies ahead for the organization.

The Atlantic Charter Greenwood Publishing Group

Suicide attacks on Israelis, bombings, assassinations, and

bloodshed in Jerusalem, Gaza, and the West Bank dominate the news from the Middle East. It is the most troubled region on earth. At its heart is the conflict between Palestinians and Israelis - and the legacy of six days of war in 1967. After the state of Israel emerged from war in 1948, both sides knew more battles were coming. In June 1967, years of slow-burning tension exploded. In six extraordinary days, Israel destroyed the armed forces of Egypt, Jordan, and Syria. But far from bringing peace, as many Israelis hoped, their stunning victory turned into a curse. From the initial battle order issued to the Israeli air force on Monday June 5, 1967 to the final ceasefire on the evening of

Saturday the 10th, the Six-Day War was a riveting human drama. Building on his first-hand experience of the region after his five years as the BBC's Middle East Correspondent, as well as extensive original research, Jeremy Bowen presents a compelling new history of the conflict. Six Days recreates day by day, hour by hour, the bullying and brinkmanship that led four nations to war, interweaving testimonies of combatants from all sides in a seamless narrative. A rigorous and original piece of modern history is as vivid as fiction, Six Days not only sheds new light on one of the key conflicts of the twentieth century, it explains much about the Middle East and the problems the region still faces today.
