Russian Optimism: Dark Nursery Rhymes To Cheer

You Right Up is an illustrated coffee table book of thirty of Russia's most horrifically hysterical nursery rhymes translated for an English speaking audience. Each rhyme is 2-4 lines, with an innocent title and a horrible ending. Each rhyme is accompanied by a brightly colored yet twisted illustration of the scenario described to add humor. Each two-page layout has the illustration on one side, and the title of the rhyme, the English text, the Russian text and the Russian transliteration (using English letters) on the other. For example, The Woods: "A little boy found a machine gun. Nothing lives in the woods anymore." The rhymes are grouped in seven ironically titled chapters: Moral Messages, Parenting Pointers, Classic Cooking, Aquatic Adventures, Close Calls, Cheery Children and Explosive Endings. *The Art Book* Frank Brothers "New York Times" bestselling author Jonah Lehrer introduces us to musicians, graphic artists, poets, and bartenders to show us how we can use science to be more imaginative and make our cities, our companies, and our culture more creative.

Forbidden Health CRC Press

Some of you will wonder how can health be forbidden, because initially it does not make any sense at all. This book is the result of many years of data collecting about allegedly incurable diseases by the bio-physicist Andreas Kalcker, who dares to speak the truth, offering solutions where there were none until now. After recovering from a disease deemed incurable himself, he has been able to find out the lowest common denominator to all diseases and the reason behind such an effective therapeutic response that raises polemic among the conventionalists. This book contains everything one needs to set out on a new paradigm about their physical and psychic wellness, at the same time that they discover

that within the pharmaceutical industry... nothing is what it seems.

Andreas Kalcker's new book is written in a simple and comprehensive style that is suitable for both beginners and health professionals, with a valuable collection of data, protocols and recovery testimonials for an A-Z list of diseases. Dr. Isabel Bellostas

(Peditrician): "A fearless man in search of the Truth that seeks him." Dr. Jorge Valentín Esteves

(Oncologist): "We are deeply grateful to Andreas for his invaluable support for our son and our patients and we want to encourage him so he doesn't lose heart and continues making the world aware of everything he teaches, which is wonderful." Dr. Rosa Ema Peuchot: "I witness the joy of these mothers when they see their children recovered and I value the noble task performed by Dr. Kalcker." Dr. Lucila Vera: "Andreas is a light being who helps patients and doctors with a holistic
