Five months ago, Valerie Leftman's boyfriend, Nick, opened fire on their school cafeteria. Now, after a summer of seclusion, Val is forced to confront her guilt as she returns to school to complete her senior year. Haunted by the memory of the boyfriend she still loves and navigating rocky relationships with her family, former friends, and the girl whose life she saved, Val must come to grips with the tragedy that took place and her role in it, in order to make amends and move on with her life. Conversations with People Who Hate Me Albin Michel

A startling look at the unexpected places where violent hate groups recruit young people Hate crimes. Misinformation and conspiracy theories. Foiled white-supremacist plots. The signs of growing far-right extremism are all around us, and communities across America and around the globe are struggling to understand how so many people are being radicalized and why they are increasingly attracted to violent movements. Hate in the Homeland shows how tomorrow's far-right nationalists are being recruited in surprising places, from college campuses and mixed martial arts gyms to clothing stores, online gaming chat rooms, and YouTube cooking channels. Instead of focusing on the how and why of far-right radicalization, Cynthia Miller-Idriss seeks answers in the physical and virtual spaces where hate is cultivated. Where does the far right do its recruiting? When do young people encounter extremist messaging in their everyday lives? Miller-Idriss shows how far-right groups are swelling their ranks and developing their cultural, intellectual, and financial

capacities in a variety of mainstream settings. She demonstrates how young people on the margins of our communities are targeted in these settings, and how the path to radicalization is a nuanced process of moving in and out of far-right scenes throughout adolescence and adulthood. Hate in the Homeland is essential for understanding the tactics and underlying ideas of modern far-right extremism. This eye-opening book takes readers into the mainstream places and spaces where today's far right is engaging and ensnaring young people, and reveals innovative strategies we can use to combat extremist radicalization.

Book Club Pick! Named a Best Book of the Year by The New York Times Book Review, The Washington Post, People, Entertainment Weekly, USA Today, TIME, The A.V. Club, BuzzFeed, and PopSugar “I can’t believe how good this book is.... It’s wholly original. It’s also perfect.... Wilson writes with such a light touch.... The brilliance of the novel [is] that it distracts you with these weirdo characters and mesmerizing and funny sentences and then hits you in a way you didn’t see coming. You’re laughing so hard you don’t even realize that you’ve suddenly caught fire.” —Taffy Brodesser-Akner, author of *Fleishman is in Trouble*, New York Times Book Review From the New York Times bestselling author of *The Family Fang*, a moving and uproarious novel about a woman who finds meaning in her life when she begins caring for two children with a remarkable ability. Lillian and Madison were unlikely roommates and yet inseparable friends at their elite boarding school. But then Lillian had to leave the school unexpectedly in the wake of a scandal and they’ve barely spoken since. Until now, when Lillian gets a letter from Madison pleading for her help. Madison’s twin stepkids are moving in with her family and she wants Lillian to be their caretaker. However, there’s a catch: the twins spontaneously combust when they get agitated, flames igniting from their skin in a startling but beautiful way. Lillian is convinced Madison is pulling her leg, but it’s the truth. Thinking of her dead-end life at home, the life that has consistently disappointed her, Lillian figures she has nothing to lose. Over the course of one humid, demanding summer, Lillian and the twins learn to trust each other—and stay cool—while also staying out of the way of Madison’s buttoned-up politician husband. Surprised by her own ingenuity yet unused to the

intense feelings of protectiveness she feels for them, Lillian ultimately begins to accept that she needs these strange children as much as they need her—urgently and fiercely. Couldn't this be the start of the amazing life she'd always hoped for? With white-hot wit and a big, tender heart, Kevin Wilson has written his best book yet—a most unusual story of parental love.

From the award-winning host of the critically acclaimed podcast *Conversations with People Who Hate Me* comes a “fresh, deeply honest, wildly creative, and right on time” (Glennon Doyle, #1 New York Times bestselling author) exploration of difficult conversations and how to navigate them. Dylan Marron’s work has racked up millions of views and worldwide support. From his celebrated *Every Single Word* video series highlighting the lack of diversity in Hollywood to his web series *Sitting in Bathrooms with Trans People*, Marron has explored some of today’s biggest social issues. Yet, according to some strangers on the internet, Marron is a “moron,” a “beta male,” and a “talentless hack.” Rather than running from this vitriol, Marron began a social experiment in which he invited his detractors to chat with him on the phone—and these conversations revealed surprising and fascinating insights. Now, Marron retraces his journey through a project that connects adversarial strangers in a time of unprecedented division. After years of production and dozens of phone calls, he shares what he’s learned about having difficult conversations and how having them can help close the ever-growing distance between us. Charmingly candid and refreshingly hopeful, *Conversations with People Who Hate Me* demonstrates “that talking personally and listening fully—without

trying to score points or to convince someone to change their mind—goes a long way toward breaking down barriers. The book will delight his fans and draw new listeners to the podcast” (Kirkus Reviews).

*Lockdown* is the powerful tale of fourteen-year-old Reese Anderson, who has spent 22 months in a tiny cell at a “progress

center." Living in fear and isolation, Reese begins looking within himself to find a way out of the prison system. Acclaimed author Walter Dean Myers offers an honest story about finding a way to make it without getting lost in the shuffle. Told with compassion and truth, *Lockdown* is also a compelling first-person read that "could resonate with teens on a dangerous path."\* When I first got to Progress, it freaked me out to be locked in a room and unable to get out. But after a while, when you got to thinking about it, you knew nobody could get in, either. It seems as if the only progress that's going on at Progress juvenile facility is moving from juvy jail to real jail. Reese wants out early, but is he supposed to just sit back and let his friend Toon get jumped? Then Reese gets a second chance when he's picked for the work program at a senior citizens' home. He doesn't mean to keep messing up, but it's not so easy, at Progress or in life. One of the residents, Mr. Hooft, gives him a particularly hard time. If he can convince Mr. Hooft that he's a decent person, not a criminal, maybe he'll be able to convince himself. Walter Dean Myers was a New York Times bestselling author, Printz Award winner, five-time winner of the Coretta Scott King Award, two-time Newbery Honor recipient, and the National Ambassador for Young People's Literature. Maria Russo, writing in the New York Times, called Myers "one of the greats and a champion of diversity in children's books well before the cause got mainstream attention." \*Kirkus *Anthropologica* Oxford University Press
