Salvation By Grace Or By Works? Xulon Press

Some questions have been at the heart of an unfinished debate among the Evangelicals. Can the salvation be solely obtained by grace without the deed of man? Once saved, can we lose our salvation? The answers to those questions should be the object of the curiosity of all Christians, for the doctrine of salvation of man is the second most important teaching in the Bible after the death and resurrection of Jesus Christ our Savior. Salvation is the cornerstone of Christianity, the foundation of our hope, and the reason of the coming and the death of Jesus Christ. Such an important teaching should be crystal clear for all. The debate is still going on, however I believe the answers to these questions are nowhere but in the Holy Scripture. The motivation for me to write this book was to dig in the Holy Scripture and bring the answer from what the Bible says about this debate while keeping the Bible a coherent book. In this book, we analyze this subject in three aspects: first, how God conducted his salvation plan after the fall of man; second how the plan of salvation has been accomplished in Jesus; and third, what will happen in the future to the church. This book will not only equip you with knowledge on salvation, but give you an overview and understanding on the entire Bible. May God bless your reading!

There are four major views of salvation among Bible scholars. Two of them are treated herein, the Calvinist view and the Arminian View. What Andrews offers his reader is the biblical view of salvation. Chapter 5 Explaining Salvation will be a full chapter dealing with the doctrine of salvation itself. However, several other chapters will cover original language words that explain the salvation doctrine. We have Chapter 1 Explaining Atonement, as well as Chapter 2 Explaining Ransom, in addition to Chapter 3 Explaining Reconciliation, along with Chapter 4 Explaining Sanctification. All five chapters will cover some deep theological subject matter, as well as Hebrew and Greek terms, but are written in an easy to understand manner. EXPLAINING THE DOCTRINE OF SALVATION allows all readers, regardless of one's level of learning to plunge deeper into God's promise of salvation, as Andrews explains the biblical view.

Christopher Wright uses this verse as a lens through which he surveys the Bible's teaching on 'salvation'. Every phrase in the verse resonates with significant themes in the Old and New Testaments, all of which combine to show that the Bible tells the story of God's salvation very broadly indeed, in relation to the character and purposes of God, the death and resurrection of Jesus Christ, the redemption of all creation, the joy of Christian experience and the responsibility of Christian mission. This clear, deep and warm-hearted exposition enriches our grasp of the Bible's multi-faceted teaching about salvation.

Does a time gap exist between the first two verses of Genesis? In this book you will learn about a controversial, lesser known literal interpretation of the Genesis narrative that does not contradict the scientific evidence for an Old Earth. Commonly called the "Gap Theory" or Ruin-Reconstruction interpretation, it is a theological interpretation much older than Darwin's Theory of Evolution. It is based on the Scriptural fact that in the second verse of Genesis, the Holy Bible simply and clearly states that the planet Earth was already here (but in a ruined state) before the creative process of the seven days even begins. The Bible itself provides insight into a great mystery in Earth's natural history at what is known as the Pleistocene - Holocene boundary. Science remains at a loss to definitively explain the Ice Age and the anomaly of the mysterious mega fauna extinctions across the face of the Earth about 12,000 to 10,000 Radio Carbon years ago. Geologic evidence from that period indicates extraordinary global massive volcanism, gigantic tidal waves, seismic activity on a vast scale, and extreme temperature swings on the Earth over a geologically brief period of time. It is no coincidence that the Bible at Genesis 1:2 describes the Earth as flooded, desolate, and in darkness in the time frame closely corresponding to these catastrophic events in the Earth's natural history. Clearly, these two mysteries are linked. The Earth has an ancient natural history that can be deciphered from the geologic record, but it also has an equally important ancient spiritual history that can only be deciphered from Rightly-Dividing the Holy Bible. Knowledge of both is required to correctly reconcile Geology and the Book of Genesis.

Despite the fact that the Christian tradition is prevalent, if not dominant, throughout much of the Western world, there remains a considerable amount of confusion and debate over the actual doctrines that feature in this belief system. In this volume, *The Great Doctrines of the Bible*, author William Evans identifies and explains some of the most important doctrinal and dogmatic tenets of the Christian faith.

This volume--the work of a lifetime--brings together all the Joseph Smith Translation manuscript in a remarkable and useful way. Now, for the first time, readers can take a careful look at the complete text, along with photos of several actual manuscript pages. The book contains a typographic transcription of all the original manuscripts, unedited and preserved exactly as dictated by the Prophet Joseph and recorded by his scribes. In addition, this volume features essays on the background, doctrinal contributions, and editorial procedures involved in the Joseph Smith Translation, as well as the history of the manuscripts since Joseph Smith's day.

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did

before in their lives” and will begin to “inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness” (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—“Teachings of Brigham Young” and “Suggestions for Study.” The first section consists of extracts from Brigham Young’s sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young’s teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young’s teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the “Lion of the Lord” (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

A Concise Summary of Biblical Truth by John MacArthur Doctrine not only equips you with more knowledge about God, it also shapes your affections toward him and directs your actions for him—but it can be difficult to know where to begin. This concise handbook, developed from John MacArthur's larger work *Biblical Doctrine*, is an entry point for studying theological topics such as the Bible, the Holy Spirit, the church, and more. As MacArthur walks through the essentials of the Christian faith doctrine by doctrine, he'll not only encourage your heart and mind, but also empower you to proclaim the faith that was “once for all delivered to the saints” (Jude 3).

Teachings of the Prophet Joseph Smith Abingdon Press

In this concise, accessible book, Dr. Ted Campbell provides a brief summary of the major doctrines shared in the Wesley family of denominations. Writing in concise and straightforward language, Campbell organizes the material into systematic categories: doctrine of revelation, doctrine of God, doctrine of Christ, doctrine of the Spirit, doctrine of humanity, doctrine of “the way of salvation” (conversion/justification/sanctification), doctrine of the church and means of grace, and doctrine of thing to come. He also supplies substantial but simplified updated references in the margins of the book that allow for easy identification of his sources. John Wesley distinguished between essential doctrines on which agreement or consensus is critical and opinions about theology or church practices on which disagreement must be allowed. Though today few people join churches based on doctrinal commitments, once a person has joined a church it becomes important to know the teachings of that church's tradition. In *Methodist Doctrine: The Essentials*, Ted Campbell outlines historical doctrinal consensus in American Episcopal Methodist Churches in a comparative and ecumenical dialogue with the doctrinal inheritance of other major families of Christian tradition. In this way, the book shows both what Methodist churches historically teach in common with ecumenical Christianity and what is distinctive about the Methodist tradition in its various contemporary forms.
