When Jeff Buckley drowned at the age of thirty in 1997, he not only left behind a legacy of brilliant music -- he brought back haunting memories of his father, '60s troubadour Tim Buckley, a gifted musician who barely knew his son and who himself died at twenty-eight. Both father and son made transcendent music that mixed rock, jazz, and folk; both amassed a cadre of obsessive, adoring fans. This absorbing dual biography -- based on interviews with more than one hundred friends, family members, and business associates as well as access to journals and unreleased

recordings -- tells for the first time the intriguing, often heartbreaking story of these two musicians. It offers a new understanding of the Buckley's' parallel lives -- and tragedies -- while exploring the changing music business between the '60s and the '90s. Finally, it tells the story of a father and son, two complex, enigmatic men who died searching for themselves and each other.
