## KEIRA ANTWAN

*Tangled Up in Blue* Wadsworth Publishing Company

The Law of the Police, Second Edition provides materials and analysis for law school classes on policing and the law. It offers a resource for students and others seeking to understand and evaluate how American law governs police interactions with the public. The book provides primary materials, including cases, statutes, and departmental policies, and commentary and questions designed to help readers explore policing practices; the law that governs them; and the law's consequences for the costs, benefits, fairness, and accountability of policing. Among other issues, the notes and questions encourage readers to consider the form and content of the law; how it might change; who is making it; and how the law affects policing. Part I introduces local policing—its history, its goals, and its problems; Part II considers the law that regulates criminal investigations; Part III addresses the law that governs street policing; and Part IV looks at policing's legal remedies and reforms. New to the Second Edition: New sections and materials on no-knock warrants, facial recognition technology, state regulation of pedestrian stops, alternatives to police-initiated traffic stops, state laws granting arrest authority, retaliatory arrest claims, state qualified immunity reform, private civil settlements for police reform, and community strategies to limit the scope of policing. New notes and materials on the role of prosecutors in shaping police conduct, the Second Amendment, the use of race in policing, policing homelessness, the impact of police unions and collective bargaining, and the Biden Administration's pattern-or-practice suits. A recent federal indictment charging an officer with constitutionally excessive force. Updates to laws and notes to reflect new data, laws, and criminological and legal research. Additional examples of controversial police encounters to illustrate legal issues and concepts. Benefits for instructors and students: Chapters and notes designed to allow flexibility—allow professors to assign materials selectively according to the needs of the course. As a result, the casebook can serve as materials for a range of lecture and discussion-based courses on the law regulating police conduct; on legal remedies and reforms for problems in policing; or on more specific topics, such as the use of force or constitutional rules governing police conduct. Descriptions of controversial policing encounters and links to and discussion of videos of such incidents—help students practice applying the law, consider its policy implications, and gain awareness of contemporary controversies on policing. Diverse primary materials, including federal and state cases and statutes and police department policies—provide a broad exposure to the types of law that govern public policing. Photos, links to videos, protest art, and charts—pique student interest, enable richer discussions, and provide additional context for legal materials in the book. Integration of scholarly work on policing, on the law, and on the impact of police practices—enables students to make more sophisticated assessments of the law. Notes and questions—designed to (a) highlight alternative strategies lawyers might use to change the law, and (b) raise comparative institutional questions about who is best suited to regulate the police. Discussion of legal topics relevant to contemporary discussions of policing—studied nowhere else in the law school curriculum.

*The Police Officers Manual of Criminal Offences and Criminal Law* Government Printing Office

Practitioner and Educator, Tina Fryling Presents a Pragmatic and Accessible Approach to Constitutional Law for Criminal Justice Students Constitutional Law in Criminal Justice, Third Edition presents the constitutional provisions most directly related to criminal law and procedure and demonstrates their daily impact on the attitudes, capabilities, events, and responses of legal professionals in policing, courtrooms, and federal agencies. The U.S. Constitution guides every facet of the investigation of crime and of threats to public safety and national security. To further readers' understanding of the nature of these procedures, this book examines both the Constitution's relevant provisions and the central developments in their interpretation by the Supreme Court and other U.S. courts. Vivid examples of the situations faced by practitioners on a daily basis bring the complexities of criminal law to life. New to the Third Edition: Expanded discussions of strict scrutiny, stop and frisk, cell phone privacy, the Strickland Test, and First Amendment protections in social media and campaign financing. New cases cover: the interpretation of the attempt to restrain an individual as a seizure

(Torres v. Madrid) searches based on "common sense" and making a "logical inference" (Kansas v. Glover) hot pursuit and entry into a building (Lange v. California) the "community caretaking exception" to the Fourth Amendment (Caniglia v. Strom) the Establishment Clause and schools (Kennedy v. Bremerton School District and Carson v. Makin) the primacy of Second Amendment rights (New York State Rifle and Pistol Ass'n v. Bruen) New scenarios for "You Be the Judge" and featured cases. Professors and students will benefit from: "You Be the Judge" feature encourages students to consider all sides of an issue and broaden their understanding of the complexities of constitutional law in the criminal justice context. Brief summaries of landmark Supreme Court cases provide essential information and insight. The relevant constitutional amendments are covered in terms of both their historical basis and their interpretation and application today. Clear writing speaks to a wide range of readers' interests, perspectives, and preparation; the text is accessible to both majors and nonmajors in courses at all levels. Written by a practicing attorney who has litigated the issues, the text is authentic, current, approachable, and practical. Comprehensive information on the complexities of constitutional law relates to daily practice by courts, law enforcement, and other criminal justice professionals. The text is further enhanced by: A logical structure and conceptual focus Learning Objectives and key term lists in each chapter Stimulating questions in each chapter to test and assess student understanding *SOU-CCJ230 Introduction to the American Criminal Justice System* Cambridge University Press

Procedural and moral shortcomings in both child abuse cases and the long-term deployment of undercover police officers have raised questions about the effectiveness and efficacy of intelligence work, and yet intelligence work plays an ever growing role in policing. Part of a new series on evidence-based policing, this book is the first to offer a comprehensive, fully up-to-date account of how police can—and do—use intelligence, assessing the threats and opportunities presented by new digital technology, like the widespread use of social media and the emergence of "big data," and applying both a practical and an ethical lens to police intelligence activities.

**Criminal Law for Police Officers** Aspen Publishing

An all inclusive reference manual for Massachusetts Police Officers.

**Criminal Procedure Law** Policy Press

A Chicago journalist reveals how pervasive police misconduct, brutality, and corruption are changing the perspective of the criminal justice system and eroding the morals of the American people. In this shocking yet fascinating volume, an award-winning Chicago journalist goes behind the headlines to provide a far-reaching analysis of brutality, vice, and corruption among men and women who have sworn to serve and protect. This timely book draws on actual cases to examine the widespread phenomenon of corruption inside law enforcement agencies. It looks at the effort of criminal elements and gangs to infiltrate police departments and the criminal justice system, and it discusses how vigilante justice is encouraged by claims of police misconduct. Of particular importance to readers, the book also exposes the trickle-down effect of police corruption as it affects American values and society as a whole. But the news is not all bad. Police departments across the nation are fighting back against abuse of power, and the author sheds light on the escalating battle they are waging against rogue police officers involved in criminal activity. Through Stanford's investigative work and firsthand interviews with leading law enforcement professionals, readers will be privy to the backstory of the struggle of police commands to insulate their departments against the criminality and corruption so prevalent today. *Civil Liability in Criminal Justice* University of Chicago Press

The police in America belong to the people -- not the other way around. Yet millions of Americans experience their cops as racist, brutal, and trigger-happy: an overly aggressive, militarized enemy of the people. For their part, today's officers feel they are under siege -- misunderstood, unfairly criticized, and scapegoated for society's ills. Is there a fix? Former Seattle Police Chief Norm Stamper believes there is. Policing is in crisis. The last decade has witnessed a vast increase in police aggression, misconduct, and militarization, along with a corresponding reduction in transparency and accountability. It is not just noticeable in African American and other minority communities -- where there have been a series of high-profile tragedies -- but in towns and cities across the country. Racism -- from raw, individualized versions to insidious systemic examples -- appears to be on the rise in our police departments. Overall, our police officers have grown more

and more alienated from the people they've been hired to serve. In *To Protect and Serve*, Stamper delivers a revolutionary new model for American law enforcement: the community-based police department. It calls for fundamental changes in the federal government's role in local policing as well as citizen participation in all aspects of police operations: policymaking, program development, crime fighting and service delivery, entry-level and ongoing education and training, oversight of police conduct, and -- especially relevant to today's challenges -- joint community-police crisis management. Nothing will ever change until the system itself is radically restructured, and here Stamper shows us how.

*To Protect and Serve* NYU Press

This Study Guide gives your students extensive practice tests to help them review for their course. Each chapter has Chapter Objectives, a Chapter Summary, Key Terms, and a Practice Test Bank including multiple choice, true/false, fill-in-the-blank, and essay questions with a full answer key.

**Understanding Police Intelligence Work** Jones & Bartlett Publishers

A provocative history of criminal procedure, focusing on our perplexing overregulation of searches and seizures and underregulation of confessions and eyewitness accounts *Provisional Authority* Prentice Hall

The ninth edition of *Criminal Law for Police Officers* presents the historical concepts fundamental to understanding criminal law. The book is written in a non-legalese format, which makes it very student friendly. Areas covered include jurisdiction, matters of responsibility and accountability, and general principles about the criminal act. Book jacket.

**Criminal Law, Procedure, and Evidence** Copperhouse Publishing Company

"Project of the American Bar Association, Criminal Justice Standards Committee, Criminal Justice Section"--T.p. verso.

*Criminal Law and Society* Routledge

*Legal Guide for Police*, 10th edition, is a valuable tool for criminal justice students and law enforcement professionals, bringing them up-to-date with developments in the law of arrest, search and seizure, police authority to detain, questioning suspects and pretrial identification procedures, police power and its limitations, and civil liability of police officers and agencies. Including specific case examples, this revised edition provides the most current information for students and law enforcement professionals needing to develop a modern understanding of the law. Authors Walker and Hemmens have added introductory and summary chapters to this edition, which aid readers in understanding the context, importance, and applicability of the case law. All chapters have been updated to reflect U.S. Supreme Court decisions up to and including the 2013 term of court. Among the important new cases covered are: *Bailey v. United States* (2013), *Berghuis v. Thompkins* (2010), *Kentucky v. King* (2010), *Maryland v. King* (2013), and *Michigan v. Bryant* (2011). A helpful Appendix contains the Bill of Rights and the Fourteenth Amendment, and a Table of Cases lists every case referenced in the text.

*Principles of American Law Enforcement and Criminal Justice* Penn State Press

*Briefs of Leading Cases in Law Enforcement*, Ninth Edition, offers extensive updates on the leading Supreme Court cases impacting law enforcement in the United States, creating a must-have reference for police officers to stay up-to-date and have a strong understanding of the law and their function within it. All cases are briefed in a common format to allow for comparisons among cases and include facts, relevant issues, and the Court's decision and reasoning. The significance of each case is also explained, making clear its impact on citizens and law enforcement. The book provides students and practitioners with historical and social context for their role in criminal justice and the legal guidelines that should be followed in day-to-day policing activities. Two new chapters have been added on Searches by Dogs (featuring *United States v. Place*, *Illinois v. Caballes*, *Florida v. Harris*, and *Florida v. Jardines*) and Computer/Cell Phone Searches (featuring *Riley v. California*). Additional new cases include: • In Chapter 4, covering Arrests and Other Seizures of Persons: *Bailey v. United States* • In Chapter 5, covering Seizures of Things: *Missouri v. McNeely* and *Maryland v. King* • In Chapter 6, covering Searches in General: *Kentucky v. King* • In Chapter 8, covering Searches With Consent: *Fernandez v. California* • In Chapter 9, covering Vehicle Stops and Searches: *Navarette v. California* • In Chapter 12, covering Electronic Surveillance: *United States v. Jones* • In Chapter 16, covering, Use of Force: *Plumhoff v. Rickard* • In Chapter 17, covering Confessions and Admissions: *Cases Affirming Miranda: J.D.B v. North Carolina* • In Chapter 18, covering Confessions and

Admissions: Cases Weakening Miranda: *Salinas v. Texas* • In Chapter 23, covering Legal Liabilities: *Messerschmidt v. Millender* [The Criminal Justice System: Its Functions and Personnel](#) Hachette UK

Briefs of Leading Cases in Law Enforcement, Eighth Edition offers extensive updates on the leading Supreme Court cases impacting law enforcement in the United States, creating a must-have reference for police officers to stay up-to-date and have a strong understanding of the law and their function within it. All cases are briefed in a common format to allow for comparisons among cases and include facts, relevant issues, and the Court's decision and reasoning. The significance of each case is also explained, making clear its impact on citizens and law enforcement. The book provides students and practitioners with historical and social context for their role in criminal justice and the legal guidelines that should be followed in day-to-day policing activities. This edition includes eight new cases related to the exclusionary rule, stop and frisk, searches after arrest, vehicle stops and searches, cases affirming the Miranda decision, and right to counsel related to policing.

[The Prohibition Era and Policing](#) Penguin

This second edition text focuses on the history of law enforcement from the Code of Hammurabi to the present. Topics include the crime phenomenon, community involvement in the system and criminal justice education, policing with emphasis on the structure and process of modern police service. Research aids include guidelines for writing term papers, a glossary, bibliography and index.

[International Summaries](#) NYU Press

Close to 60,000 civil lawsuits are filed annually against criminal justice practitioners. This increasing litigation poses a significant problem for law enforcement and other personnel who must ensure they are performing their legal duties within the boundaries of case law. In brief, they not only need a working knowledge of criminal law but a firm grasp on the civil law process as well. *Civil Liability in Criminal Justice* provides valuable advice and protection to future officers and correctional system employees, introducing them to civil liability generally and the federal law specifically, while indicating steps that can be taken to minimize risks. The text clearly outlines the specific precedents to which both individual staff members and entire agencies must adhere and provides court decisions in common and high liability areas. This text is now one of very few on the subject that combines applicable case law and related liability research, a valuable new feature for current and future policy makers and managers. It also provides an overview of current case law in high liability areas, enhancing student knowledge and practitioner job performance. What's more, newly equipped with a much enhanced ancillary package, *Civil Liability in Criminal Justice* now

offers support to both students and their instructors as they work to master this complex topic. Exercises based on ethical dilemmas and evidence-based assessments of likely trouble spots in organizational training and policy prepare the reader to avoid costly legal action in the complex worlds of policing and corrections. Hundreds of cases are referenced throughout the text, including the latest US Supreme Court decisions in civil liability suits against police and corrections officers and their agencies. Provides richly documented research findings regarding recent trends in litigation and financial penalties. Includes current thinking on avoiding lawsuits through training and policy development.

[Police Law](#) Taylor & Francis

Now in its fifteenth edition, this well-respected and highly regarded book covers all areas of law and legal procedure which are of interest to police officers. Updated to include new legislation such as the Counter-Terrorism and Security Act 2015, the Criminal Justice and Courts Act 2015, the Deregulation Act 2015, the Modern Slavery Act 2015, the Serious Crime Act 2015 and the Psychoactive Substances Act 2016. There is also discussion of important changes to PACE Codes A, and E, new case law and a revised structure reflecting the changing nature of policing and the challenges officers face. Comprehensive and easy to understand, *Police Law* is an indispensable everyday reference book for police officers, and is the only book covering all areas of police law. The book also provides a good source of information for members of the public who wish to refer to a legal text written in an accessible way. *Police Law* is accompanied by a useful companion website containing regular updates on changes in the law throughout the life of the print edition.

[ABA Standards for Criminal Justice](#) Government Printing Office

Providing a complete view of U.S. legal principles, this book addresses distinct issues as well as the overlays and connections between them. It presents as a cohesive whole the interrelationships between constitutional principles, statutory criminal laws, procedural law, and common-law evidentiary doctrines. This fully revised and updated new edition also includes discussion questions and hypothetical scenarios to check learning. Constitutional principles are the foundation upon which substantive criminal law, criminal procedure law, and evidence laws rely. The concepts of due process, legality, specificity, notice, equality, and fairness are intrinsic to these three disciplines, and a firm understanding of their implications is necessary for a thorough comprehension of the topic. This book examines the tensions produced by balancing the ideals of individual liberty embodied in the Constitution against society's need to enforce criminal laws as a means of achieving social control, order, and safety. Relying on his first-hand experience as a law enforcement official and criminal defense attorney, the author presents issues that highlight the difficulties in applying

constitutional principles to specific criminal justice situations.

Each chapter of the text contains a realistic problem in the form of a fact pattern that focuses on one or more classic criminal justice issues to which readers can relate. These problems are presented from the points of view of citizens caught up in a police investigation and of police officers attempting to enforce the law within the framework of constitutional protections. This book is ideal for courses in criminal law and procedure that seek to focus on the philosophical underpinnings of the system.

[Cops Across Borders](#) Encounter Books

This is a study of the duties, functions, qualifications, selection processes, and potential for advancement associated with law enforcement, courts, and correctional personnel. The specific roles and the personnel that comprise the operating criminal justice system are identified and analyzed in this study. Detailing not only duties and functions, but also qualifications, selection processes, and even potential for advancement, the work forms an unusual perspective of the field for students of law enforcement, police science, criminal law, criminology, and corrections. The study details over fifty-five distinct professions within the criminal justice system, and discusses the qualifications required and the tasks performed by each. A major section of the book is its examination of the prosecutorial function - the powers and duties, the major concepts and criticisms of the role of the prosecutor, and the multi-faceted role of the defense attorney, including his duties and professional responsibilities, as well as the function of court appointed counsels and public defenders. Law enforcement is viewed at every level from municipal through federal agencies, with a focus on police legal advisors, criminalists, and the numerous other individuals who comprise the total law enforcement complex. The function of the court is presented through the roles of the various court officers - judges, juries, grand juries, bailiffs, clerks, and reporters. Each is discussed in terms of qualifications, duties, and function in the mechanics of the courtroom procedure. A final section covers the corrections system - the custodial and institutional personnel, as well as the juvenile, probation and parole officers who work with offenders in the community.

[The War on Cops](#) Prentice Hall

The now-famous video tape and the trial of four Los Angeles policemen for kicking and beating Rodney King while 23 other officers looked on has precipitated a national outcry against police violence. Skolnick and Fyfe use the LAPD incident to explain why police use excessive force, and they make bold proposals for what to do about it.

[International Summaries](#) Routledge

This book evaluates how structural reform litigation initiated by federal intervention has transformed police departments and reduced law enforcement misconduct.
