The Battle for Pakistan showcases a marriage of convenience between unequal partners. The relationship between Pakistan and the United States since the early 1950s has been nothing less than a whiplash-inducing rollercoaster ride. Today, surrounded by hostile neighbors, with Afghanistan increasingly under Indian influence, Pakistan does not wish to break ties with the United States. Nor does it want to become a vassal of China and get caught in the vice of a US-China rivalry, or in the Arab-Iran conflict. Internally, massive economic and demographic challenges as well as the existential threat of armed militancy pose huge obstacles to Pakistan's development and growth. Could its short-run political miscalculations in the Obama years prove too costly? Can the erratic Trump administration help salvage this relationship? Based on detailed interviews with key US and South Asian leaders, access to secret documents and operations, and the author's personal relationships and deep knowledge of the region, this book untangles the complex web of the US-Pakistani relationship and identifies a clear path forward, showing how the United States can build better

partnerships in troubled corners of the world.

This book is a complete study of practical hypnotism. It seeks to explain the science of hypnotism in a simple, straightforward and unambiguous language. The book makes an integral study of the acclaimed ideas and theories of the East. The western thinkers have heavily drawn upon the valuable contemplations of the Indian seers of yore. Having achieved a fine blending of the two strains of scholarship, the book has become a very reliable guide for all types of readership. Dr Shrimali is a widely acknowledged author and his

expertise in these fields is beyond any doubt. The readers can immensely benefit from his wide experiences and deep insights. This study is not just academic, but it is equally relevant to all interested sections. The book is enriched with rare discussion of the Indian sadhans and siddhis. In many ways, it brings out the metaphysical findings of ancient Indian seers, and mendicants with firm authority. The study motivates scholars, young and old, to delve deeper into this science for greater accomplishments in life.
