"Few poetic forms have found more uses than the sonnet in English, and none is now more recognizable. It is one of the longest-lived of verse forms, and one of the briefest. A mere fourteen lines, fashioned by intricate rhymes, it is, as Dante Gabriel Rossetti called it, "a moment's monument." From the Renaissance to the present, the sonnet has given poets a superb vehicle for private contemplation, introspection, and the expression of passionate feelings and thoughts." "The Art of the Sonnet collects one hundred exemplary sonnets of the English language (and a few sonnets in translation), representing

highlights in the history of the sonnet, accompanied by short commentaries on each of the poems. The commentaries by Stephen Burt and David Mikics offer new perspectives and insights, and, taken together, demonstrate the enduring as well as changing nature of the sonnet. The authors serve as guides to some of the most-celebrated sonnets in English as well as less-well-known gems by nineteenth- and twentieth-century poets. Also included is a general introductory essay, in which the authors examine the sonnet form and its long and fascinating history, from its origin in medieval Sicily to its English appropriation in the sixteenth century to sonnet writing today in the United States, the United Kingdom, and other English-speaking parts of the world." --Book Jacket.

Complete** Good Press

Elizabeth Barrett Browning's "Sonnets from the Portuguese" is a collection of 44 sonnets that navigates the tumultuous waters of love, longing, and personal transformation. Written in a deeply personal and confessional style, these sonnets articulate the speaker's evolution from isolation to romantic fulfillment, encapsulating the profound emotions associated with love's complexities. Set against the backdrop of the Victorian age, Browning's mastery of the sonnet form—infusing it with both traditional and innovative techniques—offers a rich exploration of themes such as identity, passion, and the interplay of personal and social constraints. Elizabeth Barrett Browning, a prominent figure in the Victorian literary scene, often drew upon her own experiences and struggles in her poetry. Her tumultuous upbringing and chronic illness played pivotal roles in shaping her worldview and poetic voice. The sonnets initially served as love letters to her beloved Robert Browning, expressing her deepest affections and fears, and mirroring the intense personal growth she experienced through their relationship. Readers seeking a nuanced exploration of love's transformative power will find "Sonnets from the Portuguese" both evocative and enlightening. Browning's intricate language and emotional depth not only resonate with lovers of poetry but also invite philosophical reflection on the nature of intimacy and self-discovery.

Finalist for the 2022 Plutarch Award Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography A Washington Post Best Book of 2021 "An elegant act of rehabilitation."—New York Times Book Review, Editors' Choice A "nuanced and insightful" (New Statesman) portrait of Britain's most famous female poet, a woman who invented herself and defied her times. "How do I love thee? Let me count the ways." With these words, Elizabeth Barrett Browning has come down to us as a romantic heroine, a recluse controlled by a domineering father and often

overshadowed by her husband, Robert Browning. But behind the melodrama lies a thoroughly modern figure whose extraordinary life is an electrifying study in self-invention. Born in 1806, Barrett Browning lived in an age when women could not attend a university, own property after marriage, or vote. And yet she seized control of her private income, defied chronic illness and disability, became an advocate for the revolutionary Italy to which she eloped, and changed the course of cultural history. Her late-in-life verse novel masterpiece, *Aurora Leigh*, reveals both the brilliance and originality of her mind, as well as the challenges of being a woman writer in the Victorian era. A feminist icon, high-profile activist for the abolition of slavery, and international literary superstar, Barrett Browning inspired writers as diverse as Emily Dickinson, George Eliot, Rudyard Kipling, Oscar Wilde, and Virginia Woolf. *Two-Way Mirror* is the first biography of Barrett Browning in more than three decades. With unique access to the poet's abundant correspondence, "astute, thoughtful, and wide-ranging guide" (Times [UK]) Fiona Sampson holds up a mirror to the woman, her art, and the art of biography itself.

[The Poems of Elizabeth Barrett Browning](#) Mint Editions--Poetry and Vers

LARGE PRINT EDITION. *Sonnets from the Portuguese* (1850) is a collection of sonnets by English poet Elizabeth Barrett Browning. Written between 1845 and 1846, *Sonnets from the Portuguese* is a series of love poems written by Browning to her husband, the prominent Victorian poet Robert Browning. Although Elizabeth was initially unsure of the poems, Robert encouraged their publication, suggesting she title them to make readers believe

they were translations and not personal declarations of love between the couple. Using the sonnet, Browning adopted a traditional form made famous by Shakespeare while staking a claim for herself as one of nineteenth century England's premier poets. Filled with references to the Greek pastoral poet Theocritus and the tragic figure Electra, as well as invocations to God, *Sonnets from the Portuguese* immerses itself in biblical and classical tradition while remaining deeply personal and authentically romantic. Sonnet "XV" addresses the inherent tragedy of love, the depth of sadness with which a lover beholds another with "Too calm and sad a face," overwhelmed with the knowledge that with love comes "the end of love, / Hearing oblivion beyond memory." In sonnet "XXVIII," Browning reflects on the distance between lovers kept apart: all she has of him are her letters, "all dead paper, mute and white!" And yet, "they seem alive and quivering" in her "tremulous hands," a living reminder of the man she longs to be with. "XLIII," the most famous sonnet of the collection, begins "How do I love thee? Let me count the ways," and records the poet's confession of a love more powerful than "the passion put to use / In [her] old griefs..." Not only has her lover brought her such joy, he has also given her a love she "seemed to lose / With [her] lost saints," a love strong enough to transcend religious faith entirely, a love that is destined to last, and to be even "better after death." With a beautifully designed cover and professionally typeset manuscript, this edition of Elizabeth Barrett Browning's *Sonnets from the Portuguese* is a classic of English literature reimagined for modern readers.

Sonnets from the Portuguese Arkose Press

The love affair between two of the Victorian era's most famous poets is one of passion, tragedy, illness, and ultimately, endurance. Collected here are their love letters, which capture their courtship, their blossoming love, and their forbidden marriage. This is the story of one of history's great love affairs. The relationship between Elizabeth Barrett Browning and Robert Browning began in his admiring her poetry. His audacious first letter moves from loving her books to loving her. She was

alarmed by his "extravagance", and worried that he might substitute lioness-worship for real feeling. Much of her hesitation came from knowing that love can bring injury as well as boon. She had suffered such injury. The fullness of their love is revealed in these letters.
