Three Rings Franklin Classics Trade Press

The Odyssey is one of the oldest works of Western literature, dating back to classical antiquity. Homer's epic poem belongs in a collection called the Epic Cycle, which includes the Iliad. It was originally written in ancient Greek, utilizing a dactylic hexameter rhyme scheme. Although this rhyme scheme sounds beautiful in its native language, in modern English it can sound awkward and, as Eric McMillan humorously describes it, resembles "pumpkins rolling on a barn floor." William Cullen Bryant avoided this problem by composing his translation in blank verse, a rhyme scheme that sounds natural in English. This epic poem follows Ulysses, one of the Greek leaders that brought an end to the ten-year-long Trojan war. Longing for home, he travels across the Mediterranean Sea to return to his kingdom in Ithaca; unfortunately, our hero manages to anger Neptune, the god of the sea, making his trip home agonizingly slow and extremely dangerous. While Ulysses is trying to return home, his family in Ithaca is also in danger. Suitors have traveled to the home of Ulysses to marry his wife, Penelope, believing that her husband did not survive the war. These men are willing to kill anyone who stands in their way. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

*The Lost 47*north

A BRILLIANT AND BEGUILING REIMAGINING OF ONE OF OUR GREATEST MYTHS BY A GIFTED YOUNG WRITER Zachary Mason's brilliant and beguiling debut novel, *The Lost Books of the Odyssey*, reimagines Homer's classic story of the hero Odysseus and his long journey home after the fall of Troy. With brilliant prose, terrific imagination, and dazzling literary skill, Mason creates alternative episodes, fragments, and revisions of Homer's original that taken together open up this classic Greek myth to endless reverberating interpretations. *The Lost Books of the Odyssey* is punctuated with great wit, beauty, and playfulness; it is a daring literary page-turner that marks the emergence of an extraordinary new talent.

The Iliad of Homer Capstone

SHORTLISTED FOR THE BAILLIE GIFFORD PRIZE 2017

SHORTLISTED FOR THE LONDON HELLENIC PRIZE 2017 WINNER OF THE PRIX MÉDITERRANÉE 2018 From the award-winning, best-selling writer: a deeply moving tale of a father and son's transformative journey in reading - and reliving - Homer's epic masterpiece.

Homeric Moments W W Norton & Company Incorporated

Fifty years ago, in July 1969, human beings embarked on an epic journey to land on the moon. Now, in July 2019, poet Ken Hunt utilizes NASA's Apollo 11 voice transcription document, a chronicle of the first six days of that mission, to create *The Odyssey*, an erasure poem of star charts carved from the technical jargon and offhand remarks found in that transmission.

The resulting text is both a progressive investigation and a commemorative homage to a major historic event; it will transport you from the surface of our planet to the eerie territory of outer space, a realm populated by the disembodied voices of ghosts, gods, and lost explorers. *The Odyssey* compares the astronauts of the 20th and 21st centuries to seafarers of ancient Greek literature, mythic figures who devoted their lives to endeavours of discovery and understanding. Praise for *The Odyssey*: "Like the first footprints of a sailor disembarking on an undiscovered island, Ken Hunt's *The Odyssey* transforms the landscape. Each word is a blip, a wow, a tiny galley afloat on the Sea of Tranquility. Loaded with the loot found by sifting and sorting through the speeches of Luna's suitors, *The Odyssey* is an epic in miniature, a hymn in the dark. Others will follow, and surely find their way home." --Derek Beaulieu, author of *A Novel and Flatland: A Romance of Many Dimensions* "Just as the moon is formed from parts of the earth scattered by an interstellar collision, the erasure poems in Ken Hunt's *The Odyssey* reimagine the disembodied voices of the Apollo 11 lunar mission to create spectacular intersecting orbital trajectories involving amazement, fear, classical deities, conspiracy theories, and the contested space between dominance and discovery. If the moon's "rough country / ought to be a / book," this is it. These remarkable and otherworldly poems impress like constellations in the night sky and footprints in the dust. I cannot guarantee you will safely return to earth." --Adam Dickinson, author of *The Polymers and Anatomic*

Odyssey Oxford University Press

All murders must be avenged. While the rest of Greece mourns for the war that has taken their husbands away, Clytemnestra fears the day it will bring hers back. When her husband willingly sacrifices their eldest daughter to appease the Gods, Clytemnestra vows to do whatever it takes to protect her remaining children. But in doing so she faces losing them altogether. A story of love, loss and bitter betrayals, *A Spartan's Sorrow* shows that sometimes you must risk it all to protect the ones you love. If you are a fan of vengeful Gods and fierce family rivalries you will love Hannah Lynn's epic tale of ancient Greece's most formidable Queen.

A Spartan's Sorrow HarperCollins UK

Retells a part of the Odyssey in which Odysseus continues his journey home as his wife, Penelope and son, Telemachus are busy warding off men who wish to marry Penelope, until Telemachus asks a stranger for help.

The Aeneid Workbook - Old Western Culture Vintage

"A lively tale of historical innovation, the thrill of the bibliophile's hunt, greed and betrayal." - The New York Times Book Review "An addictive and engaging look at the 'competitive, catty and slightly angst-ridden' heart of the world of book collecting." - The Houston Chronicle The never-before-told story of one extremely rare copy of the Gutenberg Bible, and its impact on the lives of the fanatical few who were lucky enough to own it. For rare-book collectors, an original copy of the Gutenberg Bible--of which there

are fewer than 50 in existence--represents the ultimate prize. Here, Margaret Leslie Davis recounts five centuries in the life of one copy, from its creation by Johannes Gutenberg, through the hands of monks, an earl, the Worcestershire sauce king, and a nuclear physicist to its ultimate resting place, in a steel vault in Tokyo. Estelle Doheny, the first woman collector to add the book to her library and its last private owner, tipped the Bible onto a trajectory that forever changed our understanding of the first mechanically printed book. *The Lost Gutenberg* draws readers into this incredible saga, immersing them in the lust for beauty, prestige, and knowledge that this rarest of books sparked in its owners. Exploring books as objects of obsession across centuries, this is a must-read for history buffs, book collectors, seekers of hidden treasures, and anyone who has ever craved a remarkable book--and its untold stories.

The Last Odyssey New York Review of Books

Retells a part of the Odyssey in which King Odysseus fights the cyclops.

The Telegony Prima Games

#1 WORLDWIDE BESTSELLER • An intelligent, lightning-paced thriller set within the hidden chambers, tunnels, and temples of Washington, D.C., with surprises at every turn. "Impossible to put down.... Another mind-blowing Robert Langdon story." —The New York Times Famed Harvard symbologist Robert Langdon answers an unexpected summons to appear at the U.S. Capitol Building. His plans are interrupted when a disturbing object—artfully encoded with five symbols—is discovered in the building. Langdon recognizes in the find an ancient invitation into a lost world of esoteric, potentially dangerous wisdom. When his mentor Peter Solomon—a long-standing Mason and beloved philanthropist—is kidnapped, Langdon realizes that the only way to save Solomon is to accept the mystical invitation and plunge headlong into a clandestine world of Masonic secrets, hidden history, and one inconceivable truth ... all under the watchful eye of Dan Brown's most terrifying villain to date.

Ottoman Odyssey Harper Collins

In classical times, the story of the Trojan War was told in a series of eight epic poems known as the Epic Cycle, of which only the Iliad and Odyssey by Homer survive to the present day. The final poem in the sequence was Eugeammon of Cyrene's Telegony—an obscure, largely forgotten post-script to the Odyssey, which told of the hero's adventures in the years after his return to Ithaca, and his eventual death at the hands of Telegonus, his eponymous son by the goddess Circe. The Telegony is now lost, but fragments of Odysseus' post-Homeric life are preserved in the works of later authors. Following on from his 2017 reconstruction of the Cypria, editor D. M. Smith provides an exhaustive compilation of these many and varied sources, illustrating how Eugeammon's poem was just one of several competing traditions concerning Odysseus' eventual fate. Included are excerpts from Apollodorus' Bibliotheca, Hyginus' Fabulae, Parthenius' Erotica Pathemata, and the fictional Trojan War diary of Dictys Cretensis, as well as the writings of Oppian, Plutarch, Servius, and the second-century geographer Pausanias. Smith also presents two medieval interpretations of the Telegonus story by the Middle English poets John Gower and John Lydgate. The Telegony may be gone forever, but in its absence, this comprehensive anthology will at least shed some light on what became of the wily son of Laertes after Homer left off.

The Lost Books of the Odyssey Harlequin

To save the world and our future, Sigma Force must embark on a dangerous odyssey into an ancient past whose horrors are all too present in this page-turning thriller from #1 New York Times bestselling author James Rollins that combines cutting-edge science, historical mystery, mythology, and pulse-pounding

action. For eons, the city of Troy—whose legendary fall was detailed in Homer's Iliad—was believed to be myth, until archaeologists in the nineteenth century uncovered its ancient walls buried beneath the sands. If Troy was real, how much of Homer's twin tales of gods and monsters, curses and miracles—The Iliad and The Odyssey—could also be true and awaiting discovery? In the frozen tundra of Greenland, a group of modern-day researchers stumble on a shocking find: a medieval ship buried a half-mile below the ice. The ship's hold contains a collection of even older artifacts—tools of war—dating back to the Bronze Age. Inside the captain's cabin is a magnificent treasure that is as priceless as it is miraculous: a clockwork gold map imbedded with an intricate silver astrolabe. The mechanism was crafted by a group of Muslim inventors—the Banū Mūsā brothers—considered by many to be the Da Vincis of the Arab world—brilliant scientists who inspired Leonardo's own work. Once activated, the moving map traces the path of Odysseus's famous ship as it sailed away from Troy. But the route detours as the map opens to reveal a fiery river leading to a hidden realm underneath the Mediterranean Sea. It is the subterranean world of Tartarus, the Greek name for Hell. In mythology, Tartarus was where the wicked were punished and the monstrous Titans of old, imprisoned. When word of Tartarus spreads—and of the cache of miraculous weapons said to be hidden there—tensions explode in this volatile region where Turks battle Kurds, terrorists wage war, and civilians suffer untold horrors. The phantasmagoric horrors found in Homer's tales are all too real—and could be unleashed upon the world. Whoever possesses them can use their awesome power to control the future of humanity. Now, Sigma Force must go where humans fear to tread. To prevent a tyrant from igniting a global war, they must cross the very gates of Hell.

Unearthing Atlantis: HarperCollins

Since their composition almost 3,000 years ago the Homeric epics have lost none of their power to grip audiences and fire the imagination: with their stories of life and death, love and loss, war and peace they continue to speak to us at the deepest level about who we are across the span of generations. That being said, the world of Homer is in many ways distant from that in which we live today, with fundamental differences not only in language, social order, and religion, but in basic assumptions about the world and human nature. This volume offers a detailed yet accessible introduction to ancient Greek culture through the lens of Book One of the Odyssey, covering all of these aspects and more in a comprehensive Introduction designed to orient students in their studies of Greek literature and history. The full Greek text is included alongside a facing English translation which aims to reproduce as far as feasible the word order and sound play of the Greek original and is supplemented by a Glossary of Technical Terms and a full vocabulary keyed to the specific ways that words are used in Odyssey I. At the heart of the volume is a full-length line-by-line commentary, the first in English since the 1980s and updated to bring the latest scholarship to bear on the text: focusing on philological and linguistic issues, its close engagement with the original Greek yields insights that will be of use to scholars and advanced students as well as to those coming to the text for the first time.

Into the Black Independently Published

In the secret realm of toys, there are many mysteries.

The pilgrim's progress Text Publishing

"Beyond the confines of our small world, far from the glow of our star, lies a galaxy and universe much larger and more varied than anyone on Earth can possibly imagine. For the new NAC spacecraft Odyssey and her crew, the unimaginable facets of this untouched world are about to become reality. The Odyssey's maiden voyage is an epic adventure destined to make history.

[4] of cover.

The Odyssey Standard Ebooks

Soon to featured in the Ken Burns documentary *The U.S. and the Holocaust*, airing on PBS in fall 2022 A New York Times Notable Book • Winner of the National Jewish Book Award • Winner of the National Book Critics Circle Award • A Los Angeles Times Book Prize Finalist "A gripping detective story, a stirring epic, a tale of ghosts and dark marvels, a thrilling display of scholarship, a meditation on the unfathomable mystery of good and evil, a testimony to the enduring power of the ancient archetypes that haunt one Jewish family and the greater human family, *The Lost* is as complex and rich with meaning and story as the past it seeks to illuminate. A beautiful book, beautifully written."—Michael Chabon In this rich and riveting narrative, a writer's search for the truth behind his family's tragic past in World War II becomes a remarkably original epic—part memoir, part reportage, part mystery, and part scholarly detective work—that brilliantly explores the nature of time and memory, family and history. *The Lost* begins as the story of a boy who grew up in a family haunted by the disappearance of six relatives during the Holocaust—an unmentionable subject that gripped his imagination from earliest childhood. Decades later, spurred by the discovery of a cache of desperate letters written to his grandfather in 1939 and tantalized by fragmentary tales of a terrible betrayal, Daniel Mendelsohn sets out to find the remaining eyewitnesses to his relatives' fates. That quest eventually takes him to a dozen countries on four continents and forces him to confront the wrenching discrepancies between the histories we live and the stories we tell. And it leads him, finally, back to the small Ukrainian town where his family's story began, and where the solution to a decades-old mystery awaits him. Deftly moving between past and present, interweaving a world-wandering odyssey with childhood memories of a now-lost generation of immigrant Jews and provocative ruminations on biblical texts and Jewish history, *The Lost* transforms the story of one family into a profound, morally searching meditation on our fragile hold on the past. Deeply personal, grippingly suspenseful, and beautifully written, this literary tour de force illuminates all that is lost, and found, in the passage of time.

An Odyssey: A Father, A Son and an Epic: SHORTLISTED FOR THE BAILLIE GIFFORD PRIZE 2017 Random House

Not far in the future the seas have risen and the central latitudes

are emptying but it's still a good time to be rich in San Francisco where weapons drones patrol the skies to keep out the multitudinous poor. Irina isn't rich, not quite, but she does have an artificial memory that gives her perfect recall, and lets her act as a medium between her various employers and their AIs, which are complex to the point of opacity. It's a good gig, paying enough for the annual visits to the Mayo Clinic that keep her from ageing. Kern has no such access; he's one of the many refugees in the sprawling drone-built favelas on the city's periphery, where he lives like a monk, training relentlessly in martial arts, scraping by as a thief and an enforcer. Thales is from a different world entirely - the mathematically-inclined scion of a Brazilian political clan, he's fled to L.A. after the attack that left him crippled and his father dead. A ragged stranger accosts Thales and demands to know how much he can remember. Kern flees for his life after robbing the wrong mark. Irina finds a secret in the reflection of a laptop's screen in her employer's eyeglasses. None are safe as they're pushed together by subtle forces that stay just out of sight. Vivid, tumultuous and propulsive, *Void Star* is Zachary Mason's mind-bending follow-up to his bestselling debut *The Lost Books of the Odyssey*.

The Odyssey Harper Collins

Fifty years of reading Homer—both alone and with students—prepared Eva Brann to bring the *Odyssey* and the *Iliad* back to life for today's readers. In *Homeric Moments*, she brilliantly conveys the unique delights of Homer's epics as she focuses on the crucial scenes, or moments, that mark the high points of the narratives: Penelope and Odysseus, faithful wife and returning husband, sit face to face at their own hearth for the first time in twenty years; young Telemachus, with his father Odysseus at his side, boldly confronts the angry suitors; Achilles gives way to boundless grief at the death of his friend Patroclus. Eva Brann demonstrates a way of reading Homer's poems that yields up their hidden treasures. With an alert eye for Homer's extraordinary visual effects and a keen ear for the musicality of his language, she helps the reader see the flickering campfires of the Greeks and hear the roar of the surf and the singing of nymphs. In *Homeric Moments*, Brann takes readers beneath the captivating surface of the poems to explore the inner connections and layers of meaning that have made the epics "the marvel of the ages." "Written with wit and clarity, this book will be of value to those reading the *Odyssey* and the *Iliad* for the first time and to those teaching it to beginners."—Library Journal "Homeric Moments is a feast for the mind and the imagination, laid out in clear and delicious prose. With Brann, old friends of Homer and new acquaintances alike will rejoice in the beauty, and above all the humanity, of the epics." —Jacob Howland, University of Tulsa, Author of *The Paradox of Political Philosophy* "In *Homeric Moments*, Eva Brann lovingly leads us, as she has surely led countless students, through the gallery of delights that is Homer's poetry. Brann's enthusiasm is as infectious as her deep familiarity with the works is illuminating."—Rachel Hadas "Brann invites us to enter a conversation [about Homer] in which information and formal arguments jostle with appreciations and frank conjectures and surmises to increase our pleasure and deepen the inward dimension of our humanity."—Richard Freis, Millsaps College "For anyone eager to experience the profundity and charm of Homer's great epic poems, Eva Brann's book will serve as a passionate and engaging guide. Brann displays a deep sensitivity to the cadence and flow of Homeric poetry, and the kind of knowing intimacy with its characters that comes from years of teaching and contemplation. Her relaxed but informative approach succeeds in conveying the grandeur of the great Homeric heroes, while making them continually resonate for our own lives. Brann helps us see that this poetry has an urgency for

our own era as much as it did for a distant past."—Ralph M. Rosen, University of Pennsylvania, Author of *Old Comedy and The Iambographic Tradition* "The most enjoyable books about Homer are always written by those who have read and taught him the most. Eva Brann's collection of astute observations, unusual asides, and visual snapshots of the Iliad and the Odyssey reveals a lifelong friendship with the poet, and is as pleasurable as it is informative. *Homeric Moments* is rare erudition without pedantry, in a tone marked by good sense without levity."—Victor Davis Hanson, author of *The Other Greeks* and co-author of *Who Killed Homer?*

[The Lost Book of Moses](#) Random House

There are ninety-nine names for God in the Koran, is it possible that there is a secret one-hundredth name? In this tale of magic and mystery, of love and danger, Balthasar's ultimate quest is to find the secret that could save the world. Before the dawn of the apocalyptic 'Year of the Beast' in 1666, Balthasar Embriaco, a Genoese Levantine merchant, sets out on an adventure that will take him across the breadth of the civilised world, from Constantinople, through the Mediterranean, to London shortly before the Great Fire. Balthasar's urgent quest is to track down a

copy of one of the rarest and most coveted books ever printed, a volume called 'The Hundredth Name', its contents are thought to be of vital importance to the future of the world. There are ninety-nine names for God in the Koran, and merely to know this most secret hundredth name will, Balthasar believes, ensure his salvation.

The Odyssey Simon and Schuster

Lost in a parallel universe of swords, shields, magic, and monsters, a young man searches for a way home. When seventeen-year-old Justin Holmes wakes up in a strange, fantastic world, all he wants is to find a way back to his ordinary life in small-town America. But his search for answers takes an unexpected turn when he and a band of unlikely allies are attacked by dark forces wielding otherworldly power. Forced to flee into the wilderness, Justin feels farther than ever from discovering how he accidentally arrived in this strange realm. Can he help his new friends in their desperate quest? Will he ever see home again? And was his transportation from Earth an accident at all? Ancient secrets are revealed that could shake the foundations of this alternate world... and might unlock Justin's portal home. The start of a four-book epic fantasy series that readers call FUN, ENGROSSING, and JAW-DROPPING.
