Features access to video tutorials! Designed to help architects, planners, and landscape architects use freehand sketching to quickly and creatively generate design concepts, Freehand Drawing and Discovery uses an array of cross-disciplinary examples to help readers develop their drawing skills. Taking a "both/and" approach, this book provides step-by-step guidance on drawing tools and techniques and offers practical suggestions on how to use these skills in conjunction with digital tools on real-world projects. Illustrated with nearly 300 full color drawings, the book includes a series of video demonstrations that reinforces the sketching techniques.

A Guide to Drawing, Painting, and Storytelling in Color Barrons Educational Series Incorporated

In Sketching User Experiences: The Workbook, you will learn, through step-by-step instructions and exercises, various sketching methods that will let you express your design ideas about user experiences across time. Collectively, these methods will be your sketching repertoire: a toolkit where you can choose the method most appropriate for developing your ideas, which will help you cultivate a culture of experience-based design and critique in your workplace. Features standalone modules detailing methods and exercises for practitioners who want to learn and develop their sketching skills Extremely practical, with illustrated examples detailing all steps on how to do a method Excellent for individual learning, for classrooms, and for a team that wants to develop a culture of design practice Perfect complement to Buxton's Sketching User Experience or any UX text *The CPA's Practice Guide* Elsevier

Have you ever wondered what the difference is between Gothic and Gothic Revival, or how to distinguish between Baroque and Neoclassical? This guide makes extensive use of photographs to identify and explain the characteristic features of nearly 300 buildings. The result is a clear and easy-to-navigate guide to identifying the key styles of western architecture from the classical age to the present day.

It's Not Easy Bein' Me Quarry Books

Now in a new format, the best-selling book series, Urban Sketching, is reconfigured into this portable package, which includes an informational book and companion sketchpad full of prompts and drawings. This guide tackles specific challenges of making sketches on location. You'll know what to do rain or shine, quickly or slowly, and the most suitable techniques for every situation. From houses and shopping malls to public buildings and places of worship to the humans that live and work there, these people and places for shelter, commerce, industry, transportation, or recreation are fascinating subjects to study and sketch. Drawing the places where we live, work, and play is a great way to show appreciation and creativity!

Portraying Light Effects in On-Location Drawing and Painting Quarry Books

Develop your own creative approach, no matter what your skill level with The Urban Sketching Handbook: Reportage and Documentary Drawing. The third volume in The Urban Sketching Handbook series, Reportage and Documentary Drawing, is about drawing as a form of journalism or documenting life. This includes drawings events such as parades, music performances, sporting events, speeches, and can include everything from newsworthy political events to simply documenting a day's adventures. It's about being attentive to your surroundings, and telling that story through your sketches. Artist Veronica Lawlor explains how to use art to find and tell the stories around you. From visual journalism to simply sharing your emotional experience of a place, a reportage illustrator has something to say to their audience. Just as there are all types of written stories to be told, mystery, horror, romance - this volume of The Urban Sketching Handbook series reminds artists, sketchers, doodlers, and illustrators that there are all types of visual stories waiting to be told. And the next step is to go out and tell them! Some of the key concepts explored in this volume are: - Observation - Context - History - Ritual - Understanding - Storytelling - Drama - Documentation

A Lifetime of No Respect but Plenty of Sex and Drugs North Light Books

Packed with creative exercises and practical tips, this book will help you breathe life and expression into your urban sketches. In a time when most people have a camera or smartphone to hand at all times, the question of why we sketch is ever more relevant. A sketch cannot capture a scene with perfect accuracy instead, it is about something more. We sketch to capture an impression, record a feeling, create a personal interpretation; sketching is an act of personal expression. Whether you want to sketch to capture fleeting moments, experiences or locations in time, or to record impressions that you can return to and build on later, this book will show you how. The aim of the book is to encourage you to create quick, animated drawings that are full of life and expression. Whether you are looking to discover your own sketching style, or to build on your existing knowledge, this book is packed with quick exercises to get you thinking, theory to build up your knowledge base, and beautiful artworks to inspire you. The book is divided into seven lessons: tools, colour, composition, bringing a sketch to life, urban life, landscapes and human subjects - each contains learning objectives and tips to hone your technique. Decide how strong or detailed to make your linework; when to use pencil or ink; how much colour to use, and where; how to successfully compose an image and use perspective to bring it to life; how to use contrast; how to incorporate detail; how to sketch landscapes, urban features and human subjects. It is when we bring together all these different elements of an urban scene that our sketches come to life.

The Urban Sketcher Editorial Gg

The Urban Sketching Handbook: Panoramas and Vertical Vistas shows how to observe, draw, and present architecture and landscapes from a variety of fascinating perspectives.

A Measured Manifesto for a Plural Urbanism Urban Sketching Handbooks

?When viewed from above, Barcelona is another city. There's a different light, other colours, other rhythms, other sounds, other people...? Miguel Herranz wanders around the rooftops, lookouts, roof decks and balconies of Barcelona, sketchbook at the ready, revealing the secrets and the beauty of this hidden city located right over our heads. Falling somewhere between meticulously rendered illustration and the spontaneity of urban sketching, Miguel Herranz offers us an illustrated urban chronicle of Barcelona, the life stories of a city as seen from above: from panoramic scenes of neighbourhoods that stretch out into the sea, to the private life of the city's characteristic terrats, to all the details of the multiple eaves, gargoyles, chimneys and forests of aerials that inhabit these spaces. A secret tour through an uncharted Barcelona.

Barcelona Rooftops Black Inc.

A 6-Week Course Exploring Creativity with Illustration and Mixed Media Princeton University Press

In Drawing with a Tablet: Easy Techniques for Mastering Digital Drawing on Location, readers will learn step by step how to create amazing drawings while on the go. In the sixth volume of the Urban Sketching Handbook series, popular artist and workshop instructor Uma Kelkar shows sketchers how to take their digital drawing to the next level. Whether you are new to sketching or wish to try the latest technology, this useful guide share expert tips and techniques for drawing on a tablet. With a focus on using the ProCreate tool, but with information that is relevant to other digital platforms, you will start with the basics, such as opening your file, choosing your resolution, determining your palette, and how to simplify your tools by creating a preferred set of brushes. The book also covers using layers and groups of layers, and shows you how to create a sketch from start to finish. Whether you are drawing at home, en plein air, on the go, or even at night, learn how to enliven your digital drawings and enhance your skills.

The Urban Sketching Handbook: Architecture and Cityscapes John Wiley & Sons Incorporated

A guide that shows painters, drawers, doodlers, and urban sketchers how to bring their drawings to life with colorful, bold, yet accessible painting methods. Watercolor sketching is a rapidly emerging technique that enlivens sketches done in pen or pencil with the expressive washes, glazes, and luminous hues of watercolor. This lushly illustrated resource teaches artists on the go how to sketch with watercolor, rendering subjects efficiently and without inhibitions. Readers are guided through all aspects of the medium, from fundamental techniques including wet-on-wet, glazing, and washes; materials and supplies; and little known tips and tricks for getting the most out of watercolor (for example, just sprinkling a little salt on your painting creates a texture that's impossible to achieve with a brush.) A strong focus color theory provides a solid foundation for enhancing drawings with vibrant hues.

Architectural Styles Quarry Books

An American comic icon tells the story of his second-act rise from obscurity to multimedia stardom. "When I was a kid," writes Rodney Dangerfield, "I worked tough places in show business--places like Fonzo's Knuckle Room. Or Aldo's, formerly Vito's, formerly Nunzio's. That was a tough joint. I looked at the menu. They had broken leg of lamb." For once, one of America's most beloved comic icons isn't kidding. Dangerfield has seen every aspect of the entertainment industry: the rough-and-tumble nightclubs, the backstage gag-writing sessions, the drugs, the hookers, the lousy

day jobs – and the red-carpet star treatment. As he traces his route from a poor childhood on Long Island to his enshrinement as a comedy legend, he takes readers on a roller-coaster ride through a life that has been alternately touching, sordid, funny, raunchy, and uplifting – equal parts "Little Orphan Annie" and "Caligula." And unlike most celebrity autobiographers, he seems to have no qualms about delivering the unfiltered whole story, warts and all. Dangerfield's personal story is also a rollicking show business tale, full of marquee name-droppings (Adam Sandler, Sam Kinison, Jim Carrey, Johnny Carson, Jerry Seinfeld) and good stories about same. Defying the old saws about the fleeting nature of fame and the dearth of second acts in American life, Dangerfield transformed himself from a debt-ridden aluminium-siding salesman named Jack Roy to a multimedia superstar – and stayed an icon for decades. His catchphrase – "I get no respect" – has entered the lexicon, and he remains a visible cultural presence and perennial talk-show guest. Dangerfield's hilarious and inspiring musings should thrill comedy fans and pop-culture watchers, and his second-act comeback will strike a chord with readers of all stripes. Maybe he'll even get some respect.

Urban Watercolor Sketching Quarry Books

Offers information on urban sketching and painting, including architectural rendering, perspective drawing, the human figure, parks and gardens, and scenes illuminated by artificial light.

Tips and Techniques for Drawing on Location Quarry Books

Describes a systemic process that utilizes such established concepts as organizing engagements,
