"From the moment they met, Marjie's heart has belonged to handsome Captain Stanley Jonquil, younger brother of the Earl of Lampton. But six long months ago, when Stanley's sense of honor required that he do as he had sworn and return to the Continent to fight in defense of King and country, neither Stanley nor Marjie could have dreamed what the cost of his service would be. It has been ages since Stanley last wrote, and Marjie and the Jonquil family are plagued by his unknown fate—until the day he unexpectedly

reappears. Marjie's joy, however, is quickly shadowed by confusion—the aloof, battle-worn soldier before her is not the man he once was. In the wake of Stanley's blatant disinterest in renewing their acquaintance, Marjie's devastation turns to determination as she vows to help him find peace. But his scars run far deeper than anyone realizes. Despite his feelings for her, Stanley believes Marjie deserves a man whose hands are not stained with the violence of battlefields and whose mind and heart are not haunted by the horrors he has seen. Honor requires Stanley to return once more to the life he has grown to despise, one he knows will destroy him in the end, even as his heart beckons him to stay with Marjie, the only woman he could ever love, and the promise, at last, of redemption."--

A GAME OF THRONES How would you like to read A Game of Thrones with a PhD by your side? Steven Attewell, creator of Race for the Iron Throne ([racefortheironthrone.wordpress.com](http://racefortheironthrone.wordpress.com)), is one of the most insightful scholars in political theory and history, but instead of devoting his talents to academia, he's delving into George R.R. Martin's A Song of Ice and Fire saga to give the most comprehensive deconstruction - and explanation - yet offered. Each one of Thrones's 73 chapters is broken down in meticulous detail in four key areas. The Political and Historical Analyses explore the political ramifications that each character's decisions entail while digging into the real-world historical incidents that inspired Martin's narrative twists and turns. What If? offers up a tantalizing look at how these political and historical elements could have played out in dozens of alternative scenarios, underscoring the majesty and complexity of Martin's storytelling. And Book vs. Show looks at the key differences - both good and bad - between the story as originally conceived on the printed page and as realized in HBO's Game of Thrones. At nearly 204,000 words, it's almost literally impossible to imagine a more exhaustive or authoritative reading companion for any novel ever before published. Note: there are spoilers for all five published novels in the Song of Ice and Fire series. About the author Steven Attewell is the author of Race for the Iron Throne, a blog that examines the history and politics of the Song of Ice and Fire series and HBO's Game of Thrones. He has a PhD in History from the University of California, Santa Barbara, where he studied the history of

public policy and was a political and union activist. In addition to Race for the Iron Throne, Steven is also a co-podcaster on Game of Thrones at the Lawyers, Guns, and Money podcast, writes about public policy at the Realignment Project, and is a co-author of the Tower of the Hand: A Hymn for Spring anthology book.
