Allyn & Bacon

Teaching Grammar Creatively is a practical new resource book that offers a variety of lessons and activities for everyday use in English language classes. It aims to stimulate students' imagination, humour and creativity and increase the effectiveness of grammar practice. The book offers more than 50 complete lessons covering a wide range of grammar structures, learner levels, and age groups. Each lesson is divided into two main sections: Language Awareness Activities and Creative Grammar Practice. The Language Awareness Activities are designed to introduce and provide initial practice of items that may still be unfamiliar to students. The Creative Grammar Practice section provides ideas for a deeper and more personalised familiarisation with these items, always with an element of individual creativity. Each lesson ends with the creation of a learner text - a permanent and original record of the grammar, in the form of a story or a poem for example. **Grammar Alive!** Cambridge University Press

This workbook accompanies Keys to Teaching Grammar to English Language Learners: A Practical Handbook by Keith S. Folse (ISBN: 978-0-472-03220-4). The Workbook has exercises that carefully follow the sequence of material in the Handbook. To facilitate use of the Workbook with the Handbook, each exercise is coded with the corresponding pages for the material in the Handbook. Reflecting the different learning styles in any given class, the exercises practice identifying grammatical features in a variety of different ways, including many charts, matching activities, and short answer questions. In addition, the Workbook has a variety of exercises consisting of sentences typical of English language learners so that teachers can become familiar with specific types of errors that ELLs make with certain grammar points. The Workbook also features some action research projects to guide teachers in collecting small samples of data from their target student populations.

A Sociocultural Approach Cambridge University Press

Offers elementary teachers advice and strategies to help them teach, apply, and understand English grammar while still adhering to state and school standards.

Teaching Grammar Effectively in Primary Schools Routledge

Grammar Choices is a different kind of grammar book: It is written for graduate students, including MBA, master's, and doctoral candidates, as well as postdoctoral researchers and faculty. Additionally, it describes the language of advanced academic writing with more than 300 real examples from successful graduate students and from published texts, including corpora. Each of the eight units in Grammar Choices contains: an overview of the grammar topic; a preview test that allows students to assess their control of the target grammar and teachers to diagnose areas of difficulty; an authentic example of graduate-student writing showing the unit grammar in use; clear descriptions of essential grammar structures using the framework of functional grammar, cutting-edge research in applied linguistics, and corpus studies; vocabulary relevant to the grammar point is introduced—for example, common verbs in the passive voice, summary nouns used with this/these, and irregular plural nouns; authentic examples for every grammar point from corpora and published texts; exercises for every grammar point that help writers develop grammatical awareness and use, including completing sentences, writing, revising, paraphrasing, and editing; and a section inviting writers to investigate discipline-specific language use and apply it to an academic genre. Among the changes in the Second Edition are: new sections on parallel form (Unit 2) and possessives (Unit 5) revised and expanded explanations, but particularly

regarding verb complementation, complement noun clauses, passive voice, and stance/engagement a restructured Unit 2 and significantly revised/updated Unit 7 new Grammar Awareness tasks in Units 3, 5, and 6 new exercises plus revision/updating of many others self-editing checklists in the Grammar in Your Discipline sections at the end of each unit representation of additional academic disciplines (e.g., engineering, management) in example sentences and texts and in exercises.

Ask a Manager Cambridge University Press

Keys to Teaching Grammar to English Language Learners: A Practical Handbook is not intended to be an exhaustive reference book about ELL grammar. Written for classroom teachers (K-12, ESL, EFL), this book teaches the most common ELL grammar points in an accessible way through real ELL errors with suggested teaching techniques. Relevant grammar terminology is explained where practical. The four objectives of the book are to help teachers: (1) identify common ELL grammar points and understand the details associated with each one; (2) improve their ability to answer any grammar question on the spot (when on the "hot seat"); (3) anticipate common ELL errors by grammar point, by first language, and by proficiency level; and (4) develop more effective grammar/language learning lessons. The presentation of each of the 15 keys (grammar points) features information on typical ELL errors, an accessible grammar explanation including examples of mistakes, a native language interference chart, and ideas for teaching the grammar point. The Workbook for Keys to Teaching Grammar to English Language Learners provides extra practice in the grammar points studied in the handbook.

A Course Book and Reference Guide Acer Press

Part of the English language-learning program: Shining star by the same authors.

Keys to Advanced ESL Grammar Cambridge University Press

Grammar for Great Writing is a three-book series that focuses on the key grammatical and lexical elements learners need to become more powerful academic writers. Ideal for the grammar component of a writing and grammar class, Grammar for Great Writing may be used as a companion to the Great Writing series or in conjunction with any academic writing series. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

University of Michigan Press ELT

A guide to combining grammar teaching with a broadly communicative methodology.

Teaching Grammar Creatively with CD-ROM/Audio CD National Council of Teachers

This practical and research-based introduction to current and effective English grammar instruction gives pre-service and in-service teachers and teacher educators a strong foundation for teaching second language grammar and helps them develop their professional knowledge and skills. Written in a highly readable style for an international audience, it provides a thorough and rounded overview of the principles, strategies, techniques, and applications currently dominant in teaching L2 grammar in a range of instructional settings around the world. Chapter authors are world-class authorities in grammar and grammar teaching and learning. All chapters are based on theoretical frameworks and/or research foundations with a strong emphasis on practical applications and implications for classroom teaching, and highlight teaching methods, key concepts, and terminology associated with grammar instruction. Illuminating the options and choices in grammar teaching from a contemporary perspective, Teaching English Grammar to Speakers of Other Languages is ideal as key text for students in undergraduate and graduate MA-TESOL programs and as a resource for practicing ESL/EFL teachers, teacher educators, and teaching faculty.

A Practical Handbook Ballantine Books

"Grammar" can often be seen as a dull and complicated art, with all sorts of dusty and quirky rules that are hard to understand and even harder to explain. This Descriptive Grammar of English - by

example - shakes off the dust to present the essential principles of modern English grammar as clearly as possible, showing the simple rules that determine the standard practices of modern English, both in writing and in speech, and illustrating their use through hundreds of simple examples and familiar expressions. Most native speakers generally follow the essential rules of English grammar as if by intuition; in many cases they will be quite unaware of what the rules are... even that they exist. But rules or principles or guidelines do exist, and without them it would be very difficult to communicate properly and coherently. Grammar is the highway code of any language, and people need either to learn it, or to absorb it subconsciously, in order to speak or write proficiently. Children master the rudiments of grammar in their native language by hearing, remembering, repeating and experimenting; and up to a point this is sufficient for everyday communication. However beyond a certain level, and more importantly when learning a second or foreign language, some awareness of the rules and principles of grammar becomes useful, and in many situations, vital. Some understanding of grammar is indeed essential for anyone wanting to teach English whether it be to native speakers or as a foreign language. By highlighting (literally) hundreds of short sentences and expressions, this Descriptive Grammar of English clearly illustrates and succinctly explains the rules that govern acceptable usage of the English language today. Where necessary, it uses colour coding to show up pertinent points and to contrast different structures or functions. This is not a grammar book for grammarians; it's a grammar book for anyone, and no prior knowledge of linguistics is required. As befits any discussion of grammar, it uses the expressions or jargon that are required to explain grammar, but also explains them by including a glossary of grammatical terms which will be of value to most readers. Originally conceived for the benefit of non-native speakers of English, particularly advanced EFL and ESL students and teachers of English as a foreign or second language, it is also very much suited for school and home use in English-speaking countries. In short it is for anyone who is looking for clear and example-based explanations of how English works and is written and spoken. It covers all the main points of English grammar in a way that is understandable to any student. As well as explaining the essential aspects of English grammar, such as verbs and nouns and adjectives, it includes succinct and clearly illustrated sections on such important points as style word order and punctuation. It distinguishes where appropriate between the usages of written and spoken English, and between British English and American English. All the points covered in this grammar are copiously illustrated with examples from everyday English, including memorable and familiar expressions that are hard to forget. Children are not the only ones who learn their grammar by example.

Getting Grammar Zephyros Press

"This edition explains English phonology, morphology, and syntax and the implications for teaching using the International Phonetic Alphabet to prepare students for the Praxis examination including chapters on first and second language acquisition research and theories reviewing ESL teaching methods. With examples, activities, and end-of-chapter applications that link linguistic theory and classroom practice, the Freemans show teachers how to use their new understandings of linguistics to help student learning."--Publisher.

A Practical Handbook Cengage Learning

Addressing general questions of grammar in ESL theory and classroom practice, this book offers ideas for the creative teaching of grammar. It also includes suggestions for teaching most of the beginning-level structures, which are listed separately in a grammar index.

Practical Tools for Learning and Teaching Grammar Oxford University Press, USA

This second edition updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. Popular course features have been refreshed with new content, including the imaginative reading and listening topics, 'Culture in Mind', and 'Everyday English' sections. New for the second edition is a DVD-ROM with the Level 1 Student's Book containing games, extra exercises and videos featuring the photostories' characters as well as a 'Videoke' record-yourself function. There is a full 'Vocabulary bank' at the back of the book which expands upon lexical sets learned in the units.

The English Grammar Workbook for Grades 6, 7, and 8 Newbury House

"The Teacher's grammar of English enables English language teachers and teachers-in-training to

fully understand and effectively teach English grammar. With comprehensive presentation of form, meaning, and usage, along with practical exercises and advice on teaching difficult structures, it is both a complete grammar course and an essential reference text."--Back cover.

A Functional Approach to Teaching (and Assessing!) Grammar and Punctuation Ginn

Presents an introduction to grammar along with a variety of exercises for English language learners.

Keys to Grammar for English Language Learners Oxford University Press

A practical reference guide to help teachers to predict and understand the problems their students have.

The Teacher's Grammar of English with Answers Prentice Hall

The Grammar Book introduces teachers and future teachers to English grammatical constructions.

This highly acclaimed text, used both as a course book and as a grammar reference guide, is suitable for all teachers of English. What sets it apart from other grammar books is its unique pedagogical focus: It describes not only how each grammatical construction is formed, but also its meaning and its use. Grammar is seen to be a resource for making meaning in textually and socially appropriate ways.

Teaching and Learning Grammar John Wiley & Sons

Repeated practice builds student mastery of essential grammar, usage, and mechanics skills.

150+ fun and engaging practice pages * Flexible use great for homework

Grammar Choices for Graduate and Professional Writers, Second Edition Cambridge University Press

Teaching and Learning the English Language is a practical guide for anyone seeking to improve their teaching, whether through formal study or on their own. Richard Badger explores teaching English as a problem-solving activity in which teachers must address three fundamental questions:

- what aspect of language do students need to learn;
- how might they learn this particular aspect of language;
- and how can teachers support their learning.

Offering a solid, research-based approach along with sound practical advice, this book equips teachers with skills needed to analyse their own contexts and develop their practice. It covers:

- Fundamentals of English language
- Psychological and social learning processes
- TESOL teaching methods and approaches
- Lesson planning and classroom management
- Language evaluation and assessment
- Teaching pronunciation, spelling, grammar, vocabulary and discourse
- Teaching listening, reading, writing and speaking
- English teacher professional development

Pedagogical features include chapter summaries, activities for students and key readings recommendations, and the book is also supported by online resources: video case studies, additional exercises and multiple choice quizzes. Including numerous international lesson examples and case studies, Teaching and Learning English Language is suitable for both trainee and practising teachers who speak English as a first, second or foreign language.
