BROOKLYN GREER	

Book of Extraordinary Historical Mystery Stories Routledge
The second installment in the bestselling Danish crime series starring Red Cross nurse Nina Borg, following Fall 2011's New York Times–bestselling *The Boy in the Suitcase* In the ruins of an abandoned Soviet military hospital in northern Hungary, two impoverished Roma boys are scavenging for old supplies or weapons to sell on the black market when they stumble upon something more valuable than they ever could have anticipated. The resulting chain of events threatens to blow the lives of a frightening number of people. Meanwhile, in Denmark, Red Cross nurse Nina Borg puts her life and family on the line when she tries to treat a group of Hungarian Gypsies who are living illegally in a Copenhagen garage. What are they hiding, and what is making them so sick? Nina is about to learn how high the stakes are among the desperate and the deadly. From the Hardcover edition.

A Study in Scarlet Illustrated Little, Brown
The author offers advice on such matters as mastering emotions, overcoming debilitating habits such as over-eating, drinking and drug abuse, unleashing the hidden power of body and mind, improving personal and professional relationships, and taking control of personal finances.

A Study in Scarlet is an 1887 detective novel by Scottish author Arthur Conan Doyle. Written in 1886, the story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his "study in scarlet" "There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it."

The Methods and Mysteries of the World's Greatest Detective Anchor
This is an invaluable collection, offering 140 different activities, exercises and strategies, which the authors have tried and tested through years of teaching experience.

Sherlock Holmes Short Stories Quirk Books
It is the spring of 1876, and members England's intellectual and scientific communities are disappearing without ransom or a trace. When the kidnappers target a brilliant young virtuoso violinist—who also happens to be a close personal acquaintance of Sherlock Holmes--the great detective goes on the hunt. But the mastermind behind the abductions may prove too cunning even for Holmes!

I Am Malala CASTALIA
From the bestselling author of the Charlie Parker mysteries—"the finest crime series currently in existence" (The Independent)—comes a new anthology of chilling short fiction. A decade after Nocturnes first terrified and delighted readers, John Connolly, bestselling author of thirteen acclaimed thrillers featuring private investigator Charlie Parker, gives us a second volume of tales of the supernatural. From stories of the monstrous for dark winter nights to fables of fantastic libraries and haunted books, from a tender account of love after death to a frank, personal, and revealing account of the author's affection for myths of ghosts and demons, this is a collection that will surprise, delight—and terrify. Night Music: Nocturnes 2 also contains two novellas: the multi-award-winning *The Caxton Private Lending Library & Book Depository* and *The Fractured Atlas*. Night Music: Nocturnes 2 is a masterly collection to be read with the lights on—menace has never been so seductive.

How to Think Like Sherlock Holmes Penguin
Introduction to Logic is a proven textbook that has been honed through the collaborative efforts of many scholars over the last five decades. Its scrupulous attention to detail and precision in

exposition and explanation is matched by the greatest accuracy in all associated detail. In addition, it continues to capture student interest through its personalized human setting and current examples. Mystery book Hachette UK
"A Scandal in Bohemia" is the first short story, and the third overall work, featuring Arthur Conan Doyle's fictional detective Sherlock Holmes.

Great Book of Domino Games Prabhat Prakashan
Can you help Dr. Watson find his missing friend Sherlock Holmes? Follow the trail of clues in a series of interconnected logic puzzles to solve the mystery! Sherlock Holmes is missing, and he’s left a fiendishly puzzling trail of clues to his whereabouts. In Sherlock Holmes Escape Room Puzzles, you’ll take on the role of Sherlock’s trusted friend Dr. Watson and attempt to solve 10 interconnected puzzles to sort out the mystery. Each of the story-driven puzzles requires that you use logical reasoning, mathematics, and observation skills to find the solution. The puzzle pages in the book can also be downloaded using an included QR code if you want to share the fun with your friends. If you’re stumped, clues of three levels of difficulty will give you a push in the right direction. Button up your coat and don your sleuthing hat—for the game is afoot!

A Scandal in Bohemia Simon and Schuster
Relates the astounding and previously unknown collaboration between Sigmund Freud and Sherlock Holmes, as recorded by Holmes' friend and chronicler, Dr. John H. Watson.

The Little Book That Still Beats the Market Bloomsbury Publishing
The New York Times bestselling guide to thinking like literature's greatest detective. "Steven Pinker meets Sir Arthur Conan Doyle" (Boston Globe), by the author of The Confidence Game. No fictional character is more renowned for his powers of thought and observation than Sherlock Holmes. But is his extraordinary intellect merely a gift of fiction, or can we learn to cultivate these abilities ourselves, to improve our lives at work and at home? We can, says psychologist and journalist Maria Konnikova, and in Mastermind she shows us how. Beginning with the “brain attic”—Holmes’s metaphor for how we store information and organize knowledge—Konnikova unpacks the mental strategies that lead to clearer thinking and deeper insights. Drawing on twenty-first-century neuroscience and psychology, Mastermind explores Holmes’s unique methods of ever-present mindfulness, astute observation, and logical deduction. In doing so, it shows how each of us, with some self-awareness and a little practice, can employ these same methods to sharpen our perceptions, solve difficult problems, and enhance our creative powers. For Holmes aficionados and casual readers alike, Konnikova reveals how the world’s most keen-eyed detective can serve as an unparalleled guide to upgrading the mind.

Sherlock Holmes Escape Room Puzzles Thomas Schwarzl
Explains how to play such domino games as stretch, doubles, muggins, sniff, plunge, polka dots, and the sultan

The New Secrets for Dating Pocket Books
A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman "I come from a country that was created at midnight. When I almost died it was just after midday." When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM

MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

Introduction to Logic Mango Media Inc.
In 1947, ninety-three-year-old Sherlock Holmes lives out his retirement in a remote Sussex farmhouse with a housekeeper and her young son, Roger, who stumbles upon information about Holmes's secret past and long-ago infatuation with Mrs. Keller, while the one-time master detective tends his apiary, writes in journals, and copes with the fading powers of his mind. Reprint. 17,500 first printing.

Cambio 16 Constable
An Alpha Legion warband goes an epic quest for salvation that will pit them against both the Word Bearers and the Inquisition in a thrilling science fiction adventure. In the hostile universe of the 41st millennium, where allegiances are ever fickle, few of the Emperor’s sons are more difficult to understand or predict than the Alpha Legion. Branded traitor since the Heresy, their motives and actions have always been shrouded in mystery. Alpha Legionnaire Occam the Untrue leads his warband out of its hunting grounds in the Maelstrom on an epic quest for salvation, not just for himself, but for his whole Legion. With the forces of the Inquisition snapping at their heels, Occam and his followers must use all their guile and considerable martial prowess as they make their way to the cold heart of the galaxy, to a confrontation that no one, least of all Occam himself, could have foreseen.

The Girl Who Stood Up for Education and Was Shot by the Taliban Andrews UK Limited
This anthology is a collection of Arthur Conan Doyle's finest Sherlock Holmes stories, featuring such classic cases as "A Scandal in Bohemia" and "The Adventure of the Speckled Band." The drug-addled, anti-social sleuth has become one of the most iconic characters in fiction and these tales will entertain readers today just as much as when they were first published in the late 19th century. A perfect introduction to the world's favorite detective.

Yavalath & Co. Simon and Schuster
The next installment in the New York Times bestselling series! From YouTube gamer StacyPlays comes the exhilarating sequel to her Minecraft-inspired adventure novel about a girl raised by wolves. Stacy would do anything to protect the Taiga where she lives with the pack of intelligent wolves who raised her. But when humans start to encroach on their forest, their only choice is escape to a place no Arctic wolf has gone before: the desert. The Mesa, with its canyons, snakes, and coyotes, will be like nothing the pack has ever seen. Even in this unfamiliar territory, Stacy is determined to rescue animals in need. But as she and her wolves face new dangers and old secrets, Stacy can’t help but wonder—where does she truly belong? Fans of DanTDM: Trayasaurus and the Enchanted Crystal and PopularMMOs Presents: A Hole New World will love this illustrated, action-packed series!

Lulu.com
There are many tales of the Frozen City, and not all of them tell of battles between rival wizards. Often, the greatest adventures are those that pit a wizard and his trusty warband against the myriad perils found amidst the ruins of Felstad. This new supplement for Frostgrave presents rules for playing solo and cooperative games in which the focus shifts from the feuds of wizards to exploring the city, unlocking its mysteries... and surviving what is discovered. With guidelines for scaling game difficulty, dungeon crawls, monster generation, and more, as well as ten scenarios demonstrating these options, this volume offers players everything they need to venture alone – or with allies – into Frostgrave. Why should wizards fight amongst themselves? There is plenty of treasure for all and the Frozen City is enemy enough!

Wild Rescuers: Escape to the Mesa Andrews UK Limited

The definitive firsthand account of the groundbreaking research of Philip Zimbardo—the basis for the award-winning film *The Stanford Prison Experiment*—Renowned social psychologist and creator of the Stanford Prison Experiment Philip Zimbardo explores the mechanisms that make good people do bad things, how moral people can be seduced into acting immorally, and what this says about the line separating good from evil. The *Lucifer Effect* explains how—and the myriad reasons why—we are all susceptible to the lure of “the dark side.” Drawing on examples from history as well as his own trailblazing research, Zimbardo details how situational forces and group dynamics can work in concert to make monsters out of decent men and women. Here, for the first time and in detail, Zimbardo tells the full story of the Stanford Prison Experiment, the landmark study in which a group of college-student volunteers was randomly divided into “guards” and “inmates” and then placed in a mock prison environment. Within a week the study was abandoned, as ordinary college students were transformed into either brutal, sadistic guards or emotionally broken prisoners. By illuminating the psychological causes behind such disturbing metamorphoses, Zimbardo enables us to better understand a variety of harrowing phenomena, from corporate

malfeasance to organized genocide to how once upstanding American soldiers came to abuse and torture Iraqi detainees in Abu Ghraib. He replaces the long-held notion of the “bad apple” with that of the “bad barrel”—the idea that the social setting and the system contaminate the individual, rather than the other way around. This is a book that dares to hold a mirror up to mankind, showing us that we might not be who we think we are. While forcing us to reexamine what we are capable of doing when caught up in the crucible of behavioral dynamics, though, Zimbardo also offers hope. We are capable of resisting evil, he argues, and can even teach ourselves to act heroically. Like Hannah Arendt’s *Eichmann in Jerusalem* and Steven Pinker’s *The Blank Slate*, *The Lucifer Effect* is a shocking, engrossing study that will change the way we view human behavior. Praise for *The Lucifer Effect* “The *Lucifer Effect* will change forever the way you think about why we behave the way we do—and, in particular, about the human potential for evil. This is a disturbing book, but one that has never been more necessary.”—Malcolm Gladwell “An important book . . . All politicians and social commentators . . . should read this.”—*The Times* (London) “Powerful . . . an extraordinarily valuable addition to the literature of the psychology of violence or ‘evil.’”—*The*

American Prospect “Penetrating . . . Combining a dense but readable and often engrossing exposition of social psychology research with an impassioned moral seriousness, Zimbardo challenges readers to look beyond glib denunciations of evil-doers and ponder our collective responsibility for the world’s ills.”—*Publishers Weekly* “A sprawling discussion . . . Zimbardo couples a thorough narrative of the Stanford Prison Experiment with an analysis of the social dynamics of the Abu Ghraib prison in Iraq.”—*Booklist* “Zimbardo bottled evil in a laboratory. The lessons he learned show us our dark nature but also fill us with hope if we heed their counsel. *The Lucifer Effect* reads like a novel.”—Anthony Pratkanis, Ph.D., professor emeritus of psychology, University of California
