Beginning with *Lost Highway*, director David Lynch "swerved" in a new direction, one in which very disorienting images of the physical world take center stage in his films. Seeking to understand this unusual emphasis in his work, noted Lynch scholar Martha Nochimson engaged Lynch in a long conversation of unprecedented openness, during which he shared his vision of the physical world as an uncertain place that masks important universal realities. He described how he derives this vision from the Holy Vedas of the Hindu religion, as well as from his layman's fascination with modern physics. With this deep insight, Nochimson forges a startlingly original template for analyzing Lynch's later films—the seemingly unlikely combination of the spiritual landscape envisioned in the Holy Vedas and the material landscape evoked by quantum mechanics and relativity. In *David Lynch Swerves*, Nochimson navigates the complexities of *Lost Highway*, *The Straight Story*, *Mulholland Drive*, and *Inland Empire* with uncanny skill, shedding light on the beauty of their organic compositions; their thematic critiques of the immense dangers of modern materialism; and their hopeful conceptions of human potential. She concludes with excerpts from the wide-ranging interview in which Lynch discussed his vision with her, as well as an interview with Columbia University physicist David Albert, who was one of Nochimson's principal tutors in the discipline of quantum physics.

"More fun to read than the movie was to watch... a scene-stealing book." — The Washington Post An Entertainment Weekly "Must List" selection *Caddyshack* is one of the most beloved comedies of all time, a classic snobs vs. slobs story of working class kids and the white collar buffoons that make them haul their golf bags in the hot summer sun. It has sex, drugs and one very memorable candy bar, but the movie we all know and love didn't start out that way, and everyone who made it certainly didn't have the word "classic" in mind as the cameras were rolling. In *Caddyshack: The Making of a Hollywood Cinderella Story* film critic for Entertainment Weekly Chris Nashawaty goes behind the scenes of the iconic film, chronicling the rise of comedy's greatest deranged minds as they form The National Lampoon, turn the entertainment industry on its head, and ultimately blow up both a golf course and popular culture as we know it. *Caddyshack* is at once an eye-opening narrative about one of the most interesting, surreal, and dramatic film productions there's ever been, and a rich portrait of the biggest, and most revolutionary names in Hollywood. So, it's got that going for it...which is nice.

Today more than ever, series finales have become cultural touchstones that feed watercooler fodder and Twitter storms among a committed community of viewers. While the final episodes of *The Fugitive* and *M*A*S*H* continue to rank

among the highest rated broadcasts, more recent shows draw legions of binge-watching fans. Given the importance of finales to viewers and critics alike, Howard and Bianculli along with the other contributors explore these endings and what they mean to the audience, both in terms of their sense of narrative and as episodes that epitomize an entire show. Bringing together a veritable "who's who" of television scholars, journalists, and media experts, including Robert Thompson, Martha Nochimson, Gary Edgerton, David Hinckley, Kim Akass, and Joanne Morreale, the book offers commentary on some of the most compelling and often controversial final episodes in television history. Each chapter is devoted to a separate finale, providing readers with a comprehensive survey of these watershed moments. Gathering a unique international lineup of journalists and media scholars, the book also offers readers an intriguing variety of critical voices and perspectives.

After working with David on his previous work for the series, *The Complete Kubrick*, we knew we were on to a winner for this book. Not only is David Lynch a master of modern film-making but David Hughes is well-qualified to write this 'complete' book. The book covers all Lynch's films including *Mulholland Drive*, TV and other projects, as well as the unrealised ventures such as *Revenge of the Jedi* (later directed by Richard Marquand as *Return of the Jedi*). It also includes a foreword by Barry Gifford - the novelist behind *Wild at Heart* and co-writer with Lynch of the screenplay for *Lost Highway* - and excerpts from a new interview David Hughes carried out with David Lynch himself. *The Complete Lynch* is the only comprehensive study of this great director.

David Lynch is internationally renowned as a filmmaker, but it is less known that he began his creative life as a visual artist and has maintained a devoted studio practice, developing an extensive body of painting, prints, photography, and drawing. Featuring work from all periods of Lynch's career, this book documents Lynch's first major museum exhibition in the United States, bringing together works held in American and European collections and from the artist's studio. Much like his movies, many of Lynch's artworks revolve around suggestions of violence, dark humor, and mystery, conveying an air of the uncanny. This is often conveyed through the addition of text, wildly distorted forms, and disturbances in the paint fields that surround or envelop his figures. While a few relate to his film projects, most are independent works of art that reveal a parallel trajectory.

Organized in close collaboration with the artist, *David Lynch: The Unified Field* brings together ninety-five paintings, drawings, and prints from 1965 to the present, often unified by the recurring motif of the home as a site of violence, memories, and passion. Other works explore the odd, tender, and mincing aspects of relationships. Highlighting many works that have rarely been seen in public, including early work from his critical years in Philadelphia (1965-70), this catalog offers a substantial response to dealer Leo Castelli's comment when he enthusiastically viewed Lynch's work in 1987, “I would like to know how he got to this point; he cannot be born out of the head of Zeus.” Published in association with the Pennsylvania Academy of the Fine Arts

Return Wayne State University Press
From his cult classic television series *Twin Peaks* to his most recent film *Inland Empire* (2006), David Lynch is best known for his unorthodox narrative style. An award-winning director, producer, and writer, Lynch distorts and disrupts traditional storylines and offers viewers a surreal, often nightmarish perspective. His unique approach to filmmaking has made his work familiar to critics and audiences worldwide, and he earned Academy Award nominations for Best Director for *The Elephant Man* (1980), *Blue Velvet* (1986),

and *Mulholland Drive* (2001). Lynch creates a new reality for both characters and audience by focusing on the individual and embracing existentialism. In *The Philosophy of David Lynch*, editors William J. Devlin and Shai Biderman have compiled an impressive list of contributors to explore the philosophy at the core of the filmmaker's work. Lynch is examined as a postmodern artist, and the themes of darkness, logic, and time are discussed in depth. Other prominent issues in Lynch's films, such as *Bad faith* and freedom, ethics, politics, and religion, are also considered. Investigating myriad aspects of Lynch's influential and innovative work, *The Philosophy of David Lynch* provides a fascinating look at the philosophical underpinnings of the famous cult director. *The Rise of the Auteur Series* Intellect Books

Mark Frost, co-creator of both the original *Twin Peaks* and *The Return*, is often lost in the shadow of co-creator David Lynch in the eyes of critics and scholars—one newspaper even called him the "Other Peak." In fact, Frost played at least as crucial a role in developing the narrative, mythology, and aesthetic of what has come to be revered as one of the most artful and influential shows ever to air on television. This book, comprising a series

of interviews with Frost over the course of a single year, finally and fully acknowledges the extent of Frost's contributions not only to those series, but also to American television in general, as a writer/producer on *Hill Street Blues* and other shows, and as a mentor to numerous other writers. The book traces the arc of his entire life and career, from his boyhood days in New York, Los Angeles, and Minneapolis, to his nascent playwriting career in Pittsburgh, to his days as a writer at Universal TV's famed factory of the seventies, to his work on *Hill Street Blues* alongside such industry titans as Steven Bochco and David Milch, to his multiple collaborations with the famously enigmatic Lynch. *Conversations with Mark Frost* "deconstructs that legendary partnership, while at the same time exploring Frost's values, influences, thematic preoccupations, and approach to creating art — for the screen, the stage, and the printed page — as well as his thoughts about such topics as politics, extraterrestrial life, ethics, and the future of the human race. The book is presented in Q+A form, so that readers get to hear all this from Frost himself. So pull up a chair at the Double R and grab some coffee, pie, and conversation.
