We know that a supportive family is the key to a person's success. It is fascinating to read a history of military wives that begins to give them the credit they deserve for service to their country and their families. Patricia Schroeder U.S. Representative, Colorado Campfollowing opens an important page in history for the military and for the role of women in the military. The women described in this book were not only devoted wives and mothers who brought a few of the comforts of home to forlorn military outposts, but they were also nurses who cared for the sick and wounded, as well as soldiers who fought bravely next to their soldier-husbands. They served their country with great love, dignity, and honor, and they deserve this long overdue recognition. I believe this book will be both an inspiration and a model for present military spouses as they follow their loved ones throughout the world or wait patiently at home for them when they are apart. Timothy E. Wirth U.S. Senator, Colorado Campfollowers themselves, Betty Alt and Bonnie Stone have collected published and unpublished memoirs, diaries, and letters and have conducted personal interviews to present this comprehensive history of the military wife from the Revolutionary War through the post-Vietnam years. The first work to concentrate on the unique hardships and rewards known to these women, this book considers both the traditional and modern roles of the military wife, with particular attention to her place as second in line to her husband's career and the military establishment's reluctant acceptance of her as integral to the success of its mission. Resilience and flexibility, loneliness and companionship, and danger and loyalty are all components of the military wife's life described in these revealing pages. The chapters are organized chronologically, outlining the experience during peacetime and war, stateside and overseas. Throughout, the focus remains on the strength of this sisterhood as it copes with separation and fear by fostering its sense of community, and faces the indifference of the military by constantly asserting its identity. This look at the many different facets of life as a military wife, described from a personal perspective within a historical framework, is a thoughtful analysis, a complete chronicle, and a true adventure with all its

joys and perils.

Public trust in the once powerful institutions of the News Establishment is declining. Sharing, curating and producing news via social media channels may offer an alternative, if the difficult process of verification can be mastered by social journalists operating outside of the newsroom. Navigating Social Journalism examines the importance of digital media literacy and how we should all be students of the media. Author Martin Hirst emphasizes the responsibility that individuals should take when consuming the massive amounts of media we encounter on a daily basis. This includes information we gather from online media, streaming, podcasts, social media, and other formats. The tools found here will help students critically evaluate any incoming media and, in turn, produce their own media with their own message. This book aims to both to help readers understand the current state of news media through theory and provide practical techniques and skills to partake in constructive social journalism.

Examines how Jewish women have used poetry to challenge their historical limitations while rewriting their potential futures. Jewish women have had a fraught relationship with history, struggling for inclusion while resisting their limited role as (re)producers of the future. In *Queer Expectations*, Zohar Weiman-Kelman shows how Jewish women writers turned to poetry to write new histories, developing "queer expectancy" as a conceptual tool for understanding how literary texts can both invoke and resist what came before. Bringing together Jewish women's poetry from the late nineteenth century, the interwar period, and the 1970s and 1980s, Weiman-Kelman takes readers on a boundary-crossing journey through works in English, Yiddish, and Hebrew, setting up encounters between writers of different generations, locations, and languages. *Queer Expectations* highlights genealogical lines of continuity drawn by authors as diverse as Emma Lazarus, Kadya Molodowsky, Leah Goldberg, Anna Margolin, Irena Klepfisz, and Adrienne Rich. These poets push back against heteronormative imperatives of biological reproduction and inheritance, opting instead for connections that twist traditional models of gender and history. Looking backward in queer ways enables new histories to emerge, intervenes in a troubled present, and gives hope for unexpected futures. "Queer Expectations is one of the most original books of literary analysis, historiography, biography, and queer theory I have ever read. Its originality and its methodology turn traditional ways of thinking about literary analysis, questions of influence, and what queer can mean upside down. This is a truly brilliant book." This book provides journalism students with an easy-to-read yet theoretically rich guide to the dialectics, contradictions, problems, and promises encapsulated in the term 'journalism ethics'. Offering an overview of a series of crises that have shaken global journalism to its foundations in the last decade, including the coronavirus pandemic, the Black Lives Matter movement, and the 2020 US presidential election, the book explores the structural and ethical problems that shape the journalism industry today. The authors discuss the three principle existential crises that continue to plague the news industry: a failing business model, technological disruption, and growing public mistrust of journalism. Other topics covered include social media ethics, privacy concerns, chequebook journalism, as well as a new analysis of journalism theory that critiques the well-worn tropes of objectivity, the Fourth Estate, freedom of the press, and the marketplace of ideas to develop a sophisticated materialist reimagining of journalism ethics. This is a key text for students of journalism, mass communication, and media ethics, as well as for academics, researchers, and communications professionals interested in contemporary journalism ethics.

As we enter our church, the first person we often see is the usher. While many may look at the position of usher as simply a social one, it can be so much more. In "Ushering with a Mission," author Victor L. Davis presents the first comprehensive guide specifically addressed to the needs of the usher. The traditional approach to ushering focused on the task of meeting, seating, and greeting worshippers. The typical training manual addressed techniques ushers should use in carrying out those duties. Davis's "Ushering with a Mission" goes a step further and emphasizes the importance of disciplining the individual usher. Ushering is viewed as a ministry rather than a committee or board activity. The ministry of ushering is approached from a Christ-centered, biblical perspective.

Ushering is not something we simply do because, "It's our Sunday to usher." We do it because it is a lifestyle, resulting from the overflow of the Spirit-filled life. "Ushering with a Mission" stresses the importance of Bible study, prayer, and personal evangelism with nonbelievers. Ushers will find fellowship with other believers in the Body of Christ as they explore ways to fulfill the great commission and commandment of our Lord and Savior, Jesus Christ.

America's Jewish Women: A History from Colonial Times to Today HarperCollins

This is a new release of the original 1944 edition.

America's Army WestBow Press

A groundbreaking history of how Jewish women maintained their identity and influenced social activism as they wrote themselves into American history. What does it mean to be a Jewish woman in America? In a gripping historical narrative, Pamela S. Nadell weaves together the stories of a diverse group of extraordinary people—from the colonial-era matriarch Grace Nathan and her great-granddaughter, poet Emma Lazarus, to labor organizer Bessie Hillman and the great justice Ruth Bader Ginsburg, to scores of other activists, workers, wives, and mothers who helped carve out a Jewish American identity. The twin threads binding these women together, she argues, are a strong sense of self and a resolute commitment to making the world a better place. Nadell recounts how Jewish women have been at the forefront of causes for centuries, fighting for suffrage, trade unions, civil rights, and feminism, and hoisting banners for Jewish rights around the world. Informed by shared values of America's founding and Jewish identity, these women's lives have left deep footprints in the history of the nation they call home.

I Will Survive Crown

An emotional, evocative coming-of-age story about one deeply intelligent and perceptive girl's attempt to find her own voice in prerevolutionary Iran "An immensely moving, extraordinarily eloquent, and passionate memoir."—Harold Bloom *Roya Hakakian* was twelve years old in 1979 when the revolution swept through Tehran. The daughter of an esteemed poet, she grew up in a household that hummed with intellectual life. Family gatherings were punctuated by witty, satirical exchanges and spontaneous recitations of poetry. But the Hakakians were also part of the very small Jewish population in Iran who witnessed the iron fist of the Islamic fundamentalists increasingly tightening its grip. It is with the innocent confusion of youth that *Roya* describes her discovery of a swastika—"a plus sign gone awry, a dark reptile with four hungry claws"—painted on the wall near her home. As a schoolgirl she watched as friends accused of reading blasphemous books were escorted from class by Islamic Society guards, never to return. Only much later did *Roya* learn that she was spared a similar fate because her teacher admired her writing. *Hakakian* relates in the most poignant, and at times painful, ways what life was like for women after the country fell into the hands of Islamic fundamentalists who had declared an insidious war against them, but we see it all through the eyes of a strong, youthful optimist who somehow came up in the world believing that she was different, knowing she was special. A wonderfully evocative story, *Journey from the Land of No* reveals an Iran most readers have not encountered and re-creates a time and place dominated by religious fanaticism, violence, and fear with an open heart.

A wickedly funny dystopian parody set in a financially apocalyptic future America, from the critically acclaimed author of *Triburbia*. In a future America that feels increasingly familiar, you are your credit score. Extreme wealth inequality has created a class of have-nothings: Subprimes. Their bad credit ratings make them unemployable. Jobless and without assets, they've walked out on mortgages,

been foreclosed upon, or can no longer afford a fixed address. Fugitives who must keep moving to avoid arrest, they wander the globally warmed American wasteland searching for day labor and a place to park their battered SUVs for the night. Karl Taro Greenfeld's trenchant satire follows the fortunes of two families whose lives reflect this new dog-eat-dog, survival-of-the-financially-fittest America. Desperate for work and food, a Subprime family has been forced to migrate east, hoping for a better life. They are soon joined in their odyssey by a writer and his family—slightly better off, yet falling fast. Eventually, they discover a small settlement of Subprimes who have begun an agrarian utopia built on a foreclosed exurb. Soon, though, the little stability they have is threatened when their land is targeted by job creators for shale oil extraction. But all is not lost. A hero emerges, a woman on a motorcycle—suspiciously lacking a credit score—who just may save the world. In *The Subprimes*, Karl Taro Greenfeld turns his keen and unflinching eye to our country today—and where we may be headed. The result is a novel for the 99 percent: a darkly funny comedy about paradise lost and found, the value of credit, economic policy, and the meaning of family.

Ariel Samson is just your run of the mill anomaly: a 20-something black Orthodox Jewish rabbi looking for love, figuring out life, and floating between at least two worlds. Luckily, it gets worse. Finding himself the spiritual leader of a dying synagogue, and accidentally falling into viral internet fame, Ariel is suddenly catapulted into a series of increasingly ridiculous conflicts with belligerent college students, estranged families, corrupt politicians, hippophilic coworkers, vindictive clergymen, and even attempted murder. (And also Christian hegemony, racism, anti-Semitism, toxic Hotepism, and white Jewish privilege. Because today ends in "y.") But all that's the easy part. Because whether Ariel knows it or not, he's due for a breakthrough. Several, in fact. And he's about to find out whether or not he's strong enough to re-evaluate everything he thought he knew about himself, and own up to the things he didn't. Thought leader and provocateur MaNishtana turns his eye to fiction in this imaginative, semi-autobiographical novel, making Ariel Samson, Freelance Rabbi the most dazzling debut of an Orthodox black Jew born on a Sunday at 2:24AM in a Brooklyn hospital in 1982 that you will ever have the privilege of reading.

Lignocellulosic materials are a natural, abundant and renewable resource essential to the functioning of industrial societies and critical to the development of a sustainable global economy. As wood and paper products, they have played an important role in the evolution of civilization. Improvement of the quality and manufacturing efficiency of such products has often been hampered by the lack of understanding of the complex structures and chemical compositions of the materials. Due to increasing economic and environmental issues concerning the use of petrochemicals, lignocellulosic materials will be relied upon as feedstock for the production of chemicals, fuels and biocompatible materials. Significant progress has been made to use lignocellulosic materials for the production of

fuel ethanol and as a reinforcing component in polymer composites. Effective and economical methods for such uses, however, remain underdeveloped, partly due to the difficulties encountered in the characterization of the structures of native lignocelluloses and lignocelluloses-based materials. Improved methods for the characterization of lignocellulosic materials are needed. Characterization of Lignocellulosic Materials covers recent advances in the characterization of wood, pulp fibres and papers. It also describes the analyses of native and modified lignocellulosic fibres and materials using

a range of advanced techniques such as time-of-flight secondary ion mass spectrometry, 2D heteronuclear single quantum correlation NMR, and Raman microscopy. The book provides a survey of state-of-the-art characterization methods for lignocellulosic materials, for both academic and industrial researchers who work in the fields of wood and paper, lignocelluloses-based composites and polymer blends, and bio-based fuels and materials.
