ASupervision is a management activity and supervisors have a management role in the organization. i. Leadership is the ability to effectively and responsibly engage with people, processes, and programs, to achieve organizational, team, or individual goals. Within both definitions there is a desire for a specific outcome, typically task completion. The Difference

Between Leadership & Supervision (2020) No, you do not. As a leader you can supervise people, but you don't need the skills of supervision to lead people. You do not have to stand over them and show them how to do something, you lead by example and show them how to do things by the way you live your life and by the message that you preach. Is Leadership the
