Wild parties,

and lots of sex, drugs, and alcohol. Many assume these are the things that define an American teenager's first year after high school. But the reality is really quite different. As Tim Clydesdale reports in *The First Year Out*, teenagers generally manage the increased responsibilities of everyday life immediately after graduation effectively. But, like many good things, this comes at

a cost. Tracking the daily lives of fifty young people making the transition to life after high school, Clydesdale reveals how teens settle into manageable patterns of substance use and sexual activity; how they meet the requirements of postsecondary education; and how they cope with new financial expectations. Most of them, we learn, handle the changes well because they make a

priority of everyday life. But Clydesdale finds that teens also stow away their identities—religious, racial, political, or otherwise—during this period in exchange for acceptance into mainstream culture. This results in the absence of a long-range purpose for their lives and imposes limits on their desire to understand national politics and global issues, sometimes even affecting

the ability to reconstruct their lives when tragedies occur. The First Year Out is an invaluable resource for anyone caught up in the storm and stress of working with these young adults. *Live from Atlantic City* Catapult Pageants and pageantry -- Atlantic City, drag culture, and a community of practice -- New York avenue: where the party began -- Camp and the

She focuses on the Miss America pageant in particular, considering its claim to be an accurate representation of the

diversity of contemporary American women. Exploring the cultural constructions and legitimations that go on during the long process of the pageant, Banet-Weiser depicts the beauty pageant stage as a place where concerns about national identity, cultural hopes and desires, and anxieties about race and gender are crystallized and condensed.

The beauty pageant, she convincingly demonstrates, is a profoundly political arena deserving of serious study. Drawing on cultural criticism, ethnographic research, and interviews with pageant participants and officials, *The Most Beautiful Girl in the World* illustrates how contestants invent and reinvent themselves while articulating the female body as a national body. Banet-Weiser finds that

most pageants are characterized by the ambivalence of contemporary "liberal" feminism, which encourages individual achievement, self-determination, and civic responsibility, while simultaneously promoting very conventional notions of beauty. The book explores the many different aspects of the Miss America pageant, including the swimsuit, the

interview, and the talent competitions. It also takes a closer look at some extraordinary Miss Americas, such as Bess Myerson, the first Jewish Miss America; Vanessa Williams, the first African American Miss America; and Heather Whitestone, the first Miss America with a disability. United States of America V. Marek Rutgers University Press From an author praised for writing “delicious social history” (Dwight Garner, *The New York Times*) comes a lively account of memorable Miss America contestants, protests, and scandals—and how the pageant, nearing its one hundredth anniversary, serves as an unintended indicator of feminist progress Looking for Miss America is a fast-paced narrative history of a curious and contradictory institution.

From its start in 1921 as an Atlantic City tourist draw to its current incarnation as a scholarship competition, the pageant has indexed women's status during periods of social change—the post-suffrage 1920s, the Eisenhower 1950s, the #MeToo era. This ever-changing institution has been shaped by war, evangelism, the rise of television and reality TV, and, significantly, by contestants

who confounded expectations. Spotlighting individuals, from Yolande Betbeze, whose refusal to pose in swimsuits led an angry sponsor to launch the rival Miss USA contest, to the first black winner, Vanessa Williams, who received death threats and was protected by sharpshooters in her hometown parade, Margot Mifflin shows how women made hard bargains even as they

used the pageant for economic advancement. The pageant's history includes, crucially, those it excluded; the notorious Rule Seven, which required contestants to be "of the white race," was retired in the 1950s, but no women of color were crowned until the 1980s. In rigorously researched, vibrant chapters that unpack each decade of the pageant, Looking for Miss America examines the

heady blend of capitalism, patriotism, class anxiety, and cultural mythology that has fueled this American ritual.

author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions—now with a new Afterword by the author. #1 NONFICTION BOOK OF THE YEAR: Time ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, The New York Times, Los Angeles Times, Boston Globe, O: The Oprah Magazine, NPR, Bloomberg, The Christian Science Monitor, New York Post, The New York Public Library, Fortune, Smithsonian Magazine, Marie Claire, Slate, Library Journal, Kirkus Reviews Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Winner of the Carl Sandburg Literary Award • Dayton Literary Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Finalist • Kirkus Prize Finalist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do

not." Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Isabel Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—includ-

ing Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common

humanity. *Beauty, Truth and Grace* WaterBrook "The girl with Bob Dylan on the cover of *Freewheelin'* broke a forty-five-year silence with this affectionate and dignified recalling of a relationship doomed by Dylan's growing fame." -UNCUT magazine Suze Rotolo chronicles her coming of age in Greenwich Village during the 1960s and the early days of the folk music explosion,

when Bob Dylan was finding his voice and she was his muse. A shy girl from Queens, Suze was the daughter of Italian working-class Communists, growing up at the dawn of the Cold War. It was the age of McCarthy and Suze was an outsider in her neighborhood and at school. She found solace in poetry, art, and music—and in Greenwich Village, where she encountered like-minded

and politically active friends. One hot July day in 1961, Suze met Bob Dylan, then a rising musician, at a concert at Riverside Church. She was seventeen, he was twenty; they were both vibrant, curious, and inseparable. During the years they were together, Dylan transformed from an obscure folk singer into an uneasy spokesperson for a generation. A Freewheelin' Time is a

hopeful, intimate memoir of a vital movement at its most creative. It captures the excitement of youth, the heartbreak of young love, and the struggles for a brighter future in a time when everything seemed possible. *Crossing the Line* Hachette Books Winner of the Popular Culture Association's Emily Toth Best Book in Women's Studies Award From an author praised

United States of America V. Osigbade
 Hollie Domiano “[Shindler] tells the story of her year wearing the crown while offering an incisive history and

analysis of an always-controversial beauty contest.” —Kirkus Reviews In *Being Miss America*, Kate Shindle interweaves an engrossing, witty memoir of her year as Miss America 1998 with a fascinating history of the pageant. She explores what it means to take on the mantle of America’s “ideal,” especially considering the evolution of the American female identity since

the pageant’s inception. Shindle profiles winners and organization leaders and recounts important moments in the pageant’s story, with a special focus on Miss America’s iconoclasts, including Bess Myerson (1945), the only Jewish Miss America; Yolande Betbeze (1951), who crusaded against the pageant’s pinup image; and Kaye Laniford (1987), a working-class

woman from Michigan who wanted to merge her famous title with her work as an oncology nurse. Shindle’s own account of her work as an AIDS activist—and finding ways to circumvent the “gown and crown” stereotypes of Miss America in order to talk honestly with high school students about safer sex—illuminates both the challenges and the opportunities that keep young women

competing to become Miss America. “Kate Shindle’s sharply observed, smart, and heartbreaking take on Miss America will be embraced by pageant super fans and should be required reading for everyone who’s thought about what it takes to be America’s ideal.” —Jennifer Weiner, New York Times bestselling author “This memoir offers a captivating cultural history of the

last 100 years in America through the lens of the Miss America Pageant and its white-knuckled struggle to remain relevant.” —Library Journal
