The dinner with Emma was a gift after the tense period in Budapest. While eating, I looked at her face as she was talking, animated, relaxed, laughing,

with short periods of seriousness. I wished I could take pictures in those moments, moments that I had missed, moments that I usually miss. I often thought about my pictures, what sort of photographer was I? A portrait photographer? A journalist? In that moment, thinking of taking pictures of her while she was eating, of the way she closed her eyes with each bite, and laughed under the calming light in the room, I considered myself a photographer of moods. Mark works in a current affairs magazine as a photographer. He spends his time bickering and philosophising with his friends. Young to middle aged, Mark and his friends pass their moments avoiding commitments, shunning what goes on around them. There are times to make

decisions often made through no action. Responsibilities dissolve in comfort, and emotions seem to be foreign phenomena in their life under illusion of personal liberty. Can this all change?

Between 1997 and 2014, Tom Kristensen won the world's toughest motor race, the Le Mans 24 Hours, a record nine times and finished on the podium on five more occasions. Every time his car made it to the finish, in fact, he was in the top three. It is no wonder that this great sports car driver is known as 'Mr Le

Mans' to motorsport fans around the world. Now retired from racing, Kristensen shares in this book his deepest personal reflections and insights from inside and outside the cockpit. He looks back on more than 30 years spent striving for perfection in racing and tells of the battles and setbacks that sometimes seemed impossible to overcome, including a terrible accident in 2007. Climbing the racing ladder, from karting into Formula 3 single-seaters, including championship titles in Germany (1991) and Japan (1993), then Formula 3000 and a Formula 1 testing role with Tyrrell. Winning as an underdog on his first visit to Le Mans, in 1997 driving an elderly Joest-run privateer Porsche in which he impressed all onlookers with a night-time charge to

vanquish Porsche's factory-entered favourite. His second Le Mans victory came in 2000 on his maiden drive for Audi in the R8, a car that was to become all-conquering. Kristensen won the next five editions of Le Mans, four times with Audi and once with Bentley (in 2003), his last victory in this sequence taking him past Jacky Ickx's previous record at the Circuit de la Sarthe. His eighth win came in one of the all-time classic contests at Le Mans, in 2008, a rollercoaster of a race in which his ageing diesel-powered Audi was never expected to beat the fancied works Peugeots. One more victory with Audi in 2013 sealed his reputation as a true legend of Le Mans. His story includes exploits at other racetracks all over the world, none more prolific than Sebring, home of America's

long-established classic endurance race that Kristensen won six times. Personal reflections together with contributions from notable observers -- including English journalists Gary Watkins and Charles Bradley -- complete a truly rounded portrait of the man and his achievements. Voted 'Sports Book of the Year' when originally published in Kristensen's native Denmark, this thoughtful memoir is now available in English.

Global Nomads provides a unique introduction to the globalization of countercultures, a topic largely unknown in and outside academia. Anthony D'Andrea examines the social life of mobile expatriates who live within a global circuit of countercultural practice in paradoxical paradises. Based on nomadic fieldwork across Spain and India, the study analyzes how and why these post-metropolitan subjects reject the homeland in order to shape an alternative lifestyle. They become artists, therapists, exotic traders and bohemian workers seeking to integrate labor, mobility and spirituality within a cosmopolitan culture of expressive individualism. These countercultural

formations, however, unfold under neo-liberal regimes that appropriate utopian spaces, practices and imaginaries as commodities for tourism, entertainment and media consumption. In order to understand the paradoxical globalization of countercultures, Global Nomads develops a dialogue between global and critical studies by introducing the concept of 'neo-nomadism' which seeks to overcome some of the shortcomings in studies of globalization. This book is an essential aide for undergraduate, postgraduate and research students of Sociology, Anthropology of Globalization, Cultural Studies and Tourism Studies.

Garnering a vast amount of attention from young people and parents, and from book buyers across the country, *Smashed* became a media sensation and a New York Times bestseller. Eye-opening and utterly gripping, Koren Zailckas's story is that of thousands of girls like her who are not

alcoholics—yet—but who routinely use booze as a shortcut to courage and a stand-in for good judgment. With one stiff sip of Southern Comfort at the age of fourteen, Zailckas is initiated into the world of drinking. From then on, she will drink faithfully, fanatically. In high school, her experimentation will lead to a stomach pumping. In college, her excess will give way to a pattern of self-poisoning that will grow more destructive each year. At age twenty-two, Zailckas will wake up in an unfamiliar apartment in New York City, elbow her friend who is passed out next to her, and ask, "Where are we?" *Smashed* is a sober look at how she got there and, after years of blackouts and smashups, what it took for her to realize she had to stop drinking. *Smashed* is an

astonishing literary debut destined to become a classic.
