Deconstruction is an approach to understanding the

relationship between text and meaning. It was originated by the philosopher Jacques Derrida (1930-2004), who defined the term variously throughout his career. In its simplest form it can be regarded as a criticism of Platonism and the idea of true forms, or essences, which take precedence over appearances. Deconstruction - Wikipedia Deconstruction: A school of

philosophy that originated in France in the late 1960s, has had an enormous impact on Anglo-American criticism. Largely the creation of its chief proponent Jacques Derrida, deconstruction upends the Western metaphysical tradition. It represents a complex response to a variety of theoretical and philosophical movements of the 20th century, most

notably Husserlian phenomenology, Saussurean and French structuralism, and Freudian and Lacanian psychoanalysis.
