BROOKLYN KAIYA

A Text-book for Normal Schools and Colleges Penguin UK
Selects more than four dozen classic works of literature for readers to rediscover and enjoy in their adult lives. Original.
The Saturday Review of Politics, Literature, Science and Art New York Review of Books

This book examines the creative and critical works of Nigerian playwright and novelist Femi Euba to demonstrate the place and function of African cultures in modernity. The author makes the case for the vibrancy of such cultures in the shaping and constitution of the modern world.

[The Use of Man](#) Houghton Mifflin Harcourt

Applying modern critical theory to the interpretation of Latin poetry, the author argues for a critical approach wherein the

meaning of a text is necessarily involved in the process of "reception"-- as illustrated through exemplary readings of Virgil, Ovid, Horace and Lucan.

Classics and the Uses of Reception John Wiley & Sons

[The Harvard Classics: Essays, English and American](#) Kensington Publishing Corp.

Perspectives and identity are typically reinforced at a young age, giving teachers the responsibility of selecting reading material that could potentially change how the child sees the world. This is the importance of sharing diverse literature with today's children and young adults, which introduces them to texts that deal with religion, gender identities, racial identities, socioeconomic conditions, etc. Teachers and librarians play significant roles in placing diverse books in the hands of young readers. However, to achieve the goal of increasing young people's access to diverse

books, educators and librarians must receive quality instruction on this topic within their university preparation programs. The Handbook of Research on Teaching Diverse Youth Literature to Pre-Service Professionals is a comprehensive reference source that curates promising practices that teachers and librarians are currently applying to prepare aspiring teachers and librarians for sharing and teaching diverse youth literature. Given the importance of sharing diverse books with today's young people, university educators must be aware of engaging and effective methods for teaching diverse literature to pre-service teachers and librarians. Covering topics such as syllabus development, diversity, social justice, and activity planning, this text is essential for university-level teacher educators, library educators who prepare pre-service teachers and librarians, university educators, faculty, adjunct instructors, researchers, and students. *A Framework for Teaching English with Music* Houghton Mifflin Harcourt

This volume of essays examines the development of political and legal thinking regarding the use of force in international relations. It provides an analysis of the rules on the use of force in the political, normative and factual contexts within which they apply and assesses their content and relevance in the light of new challenges such as terrorism, weapons of mass destruction and cyber-attacks. The volume begins with an overview of the ancient and medieval concepts of war and the use of force and then concentrates on the contemporary legal framework regulating the use of force as moulded by the United Nations Charter and state practice. In this regard it discusses specific issues such as the use of force by way of self-defence, armed reprisals, forcible

reactions to terrorism, the use of force in the cyberspace, humanitarian intervention and the responsibility to protect. This collection of previously published classic research articles is of interest to scholars and students of international law and international relations as well as practitioners in international law.

Classic Guitar Method -- Fifth Edition Cambridge University Press

Edited by organisers of "Digital Classicist" seminars in London and Berlin, this volume explores the impact of computational approaches to the study of antiquity on audiences other than the scholars who conventionally publish it. In addition to colleagues in classics and digital humanities, the eleven chapters herein concern and are addressed to students, heritage professionals and "citizen scientists". Each chapter is a scholarly contribution, presenting research questions in the classics, digital humanities or, in many cases, both. They are all also examples of work within one of the most important areas of academia today: scholarly research and outputs that engage with collaborators and audiences not only including our colleagues, but also students, academics in different fields including the hard sciences, professionals and the broader public. Collaboration and scholarly interaction, particularly with better-funded and more technically advanced disciplines, is essential to digital humanities and perhaps even more so to digital classics. The international perspectives on these issues are especially valuable in an increasingly connected, institutionally and administratively diverse world. This book addresses the broad range of issues scholars and practitioners face in engaging with students, professionals and the public, in accessible and valuable chapters

from authors of many backgrounds and areas of expertise, including language and linguistics, history, archaeology and architecture. This collection will be of interest to teachers, scientists, cultural heritage professionals, linguists and enthusiasts of history and antiquity.

Classic Essays in English Springer

From very early on, Western philosophers have been obsessed with the understanding of a relatively few works of philosophy which have played a disproportionately large and fundamental role in developing the Western philosophical canon, dominating the curriculum in the past and in the present; there is no indication that they will not do so in the future. *Uses and Abuses of the Classics* examines the various ways in which the different periods of the history of philosophy have approached these texts. The editors have chosen for analysis some of the major philosophers from periods of the history of philosophy in which the interpretation of the classics has been particularly significant. Contributions to this book include entries on: Aristotle's reading of Plato; Averroes on Aristotle; Nietzsche on the Beginnings of Western Philosophy; and Thomas Aquinas's Commentary on Aristotle's *Metaphysics*.

Classical Studies *Classics and the Uses of Reception*

The essential guide to twentieth-century literature around the world For six decades the Penguin Modern Classics series has been an era-defining, ever-evolving series of books, encompassing works by modernist pioneers, avant-garde iconoclasts, radical visionaries and timeless storytellers. Routledge

This collection of 18 essays, including one by Nobel Prize winning author J.M. Coetzee, explores the fascinating and nuanced relationship between translation and the classic text

The Book of Blam Oxford University Press on Demand

From its beginnings, Confucianism has vibrantly taught that each person is able to find the Way individually in service to the community and the world. John Berthrong's comprehensive new work tells the story of the grand intellectual development of the Confucian tradition, revealing all the historical phases of Confucianism and opening the reader's eyes to the often neglected gifts of scholars of the Han, T'ang, and the modern

periods, as well as to the vast contributions of Korea and Japan. The author concludes his revelatory study with an examination of the contemporary renewal of the Confucian Way in East Asia and its spread to the West.

Level 3 Rockport Publishers

A progressive repertoire series designed to motivate students while allowing them to progress evenly and smoothly from the earliest classics toward intermediate literature. These pieces are from the standard classical literature, chosen to appeal both to teacher and student. Each volume comes with a corresponding CD. Valery Lloyd-Watts studied at the Conservatory of Music in Toronto and the Royal College of Music in London. She earned a Master of Music degree from the University of Wisconsin, where she studied with Paul Badura-Skoda. She co-authored the text *Studying Suzuki Piano: More than Music*, which was endorsed by Dr. Suzuki.

Victorian Prose John Wiley & Sons

Reading the Sacred Scriptures: From Oral Tradition to Written Documents and their Reception examines how the scriptures came to be written and how their authority has been constructed and reinforced over time. Highlighting the measures taken to safeguard the stability of oral accounts, this book demonstrates the care of religious communities to maintain with reverence their assembled parchments and scrolls. Written by leading experts in their fields, this collection chronicles the development of the scriptures from oral tradition to written documents and their reception. It features notable essays on the scriptures of Hinduism, Judaism, Buddhism, Zoroastrianism, Confucianism, Daoism, Christianity, Islam, Sikhism, Shinto, and Baha'i. This book

will fascinate anyone interested in the belief systems of the featured religions. It offers an ideal starting point from which undergraduate and postgraduate religious studies students, teachers and lecturers can explore religious traditions from their historical beginnings.

The Penguin Modern Classics Book Anchor

The Dale Earnhardt Memorial Pilgrimage is the last trip Judge Bekasu Holifield would have chosen for her vacation. But this year it's her sister Justine's turn to make their plans, and soon Bekasu's boarding a silver cruise bus for a tour of Southern stock car speedways with Justine, their cousin Cayle, and a group of strangers--all of whose lives have somehow been touched by the legendary racer they never met. . . For Shane McKee, the tour is a chance to get married at the speedway with his hero there in spirit. New York stockbroker Terence Palmer has made the trip to honor his only link with the father he never knew. Rev. Bill Knight, whose hobby is medieval pilgrimages, agrees to chaperone a dying child--and finds himself on a strangely familiar journey of faith and devotion. Bekasu begins connecting with her fellow travelers in unexpected ways. But she's not the only one. As the bus rolls down an uncertain road, prayers will be answered, secrets will be revealed, bonds will be forged, and no one will leave this journey of self-discovery quite the same. "One of McCrumb's finer achievements." --Denver Post & Rocky Mountain News "A wild ride! Sharyn McCrumb has done it again." --Ward Burton, winner of the Daytona 500

Latin Poetry and the Hermeneutics of Reception Routledge
V. 49--Epic and saga.

Secrets of Observational Drawing Transaction Publishers

A People's History of Classics explores the influence of the classical past on the lives of working-class people, whose voices have been almost completely excluded from previous histories of classical scholarship and pedagogy, in Britain and Ireland from the late 17th to the early 20th century. This volume challenges the prevailing scholarly and public assumption that the intimate link between the exclusive intellectual culture of British elites and the study of the ancient Greeks and Romans and their languages meant that working-class culture was a 'Classics-Free Zone'. Making use of diverse sources of information, both published and unpublished, in archives, museums and libraries across the United Kingdom and Ireland, Hall and Stead examine the working-class experience of classical culture from the Bill of Rights in 1689 to the outbreak of World War II. They analyse a huge volume of data, from individuals, groups, regions and activities, in a huge range of sources including memoirs, autobiographies, Trade Union collections, poetry, factory archives, artefacts and documents in regional museums. This allows a deeper understanding not only of the many examples of interaction with the Classics, but also what these cultural interactions signified to the working poor: from the promise of social advancement, to propaganda exploited by the elites, to covert and overt class war. A People's History of Classics offers a fascinating and insightful exploration of the many and varied engagements with Greece and Rome among the working classes in Britain and Ireland, and is a must-read not only for classicists, but also for students of British and Irish social, intellectual and political history in this period. Further, it brings new historical depth and perspectives to public debates around the future of

classical education, and should be read by anyone with an interest in educational policy in Britain today.
