## LAUREL MADALYNN

**Upcycling Crafts** Rowman & Littlefield Publishers

Three Generations at the Crossroads weaves a collective tapestry, linking personal biographies of individuals in different generations to the larger social forces acting on them. This second edition contains new chapters on politicians and artists, two groups that are symbolic of the new occupations that have emerged since the post-civil rights era. Benjamin also addresses the necessity for resiliency and survival within the black community to endure continuing transformations as we move into the 21st century.

Grandma's Ways represents a large repository of knowledge that we have mostly forgotten. With a little modification for these busy modern times. Techniques for preserving food, keeping hens and bees, growing vegetables and fruit, making your own cosmetics and a host of other things will bring us not only closer to the products we enjoy, but closer to benefiting from the work we do for ourselves. There's nothing more satisfying than cooking wholesome food from scratch at home, baking your own bread, growing your own vegetables, foraging in the wild and even making your own household cleaning products. Not only will you live a more sustainable life in terms of the environment, you'll save money too.

For Molly Martin, it all started with a pair of socks. Her favourite pair. When the heels became threadbare, her mother got out her darning mushroom and showed her how to reinforce the thinning stitches and bring them back to life. She has been stitching and darning ever since. In *The Art of Repair*, Molly explores the humble origins of repair and how the act of mending a cherished item carefully by hand offers not just a practical solution but nourishment for the soul. Using her own beautiful illustrations, she guides us through the basics of the craft - from piecing and patching to the ancient Japanese art of Sashiko. This book will stay with you long after you put down your needle and thread. It offers an antidote to our increasingly disposable lifestyle, encouraging us to reconnect not just with the everyday objects in our environment but also with ourselves.

#1 NEW YORK TIMES BESTSELLER • The book that sparked a revolution and inspired the hit Netflix series *Tidying Up with Marie Kondo*: the original guide to decluttering your home once and for all. ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE—CNN Despite constant efforts to declutter your home, do papers still accumulate like snowdrifts and clothes pile up like a tangled mess of noodles? Japanese cleaning consultant Marie Kondo takes tidying to a whole new level, promising that if you properly simplify and organize your home once, you'll never have to do it again. Most methods advocate a room-by-room or little-by-little approach, which doom you to pick away at your piles of stuff forever. The KonMari Method, with its revolutionary category-by-category system, leads to lasting results. In fact, none of Kondo's clients have lapsed (and she still has a three-month waiting list). With detailed guidance for determining which items in your house "spark joy" (and which don't), this international bestseller will help you clear your clutter and enjoy the unique magic of a tidy home—and the calm, motivated mindset it can inspire.

The goal of this book is to lay biblical foundations concerning the discovery of your gifts, the development of them, and the practical implementation of those gifts. It is truth that is simple, attainable, and applicable. It is my goal to present truth in such a way that you are moved beyond intellectual assent to application, which transforms our character and manner of life.

A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning "death" and *städning* meaning "cleaning." This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you'd ever use) and which you might want to keep (photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.
