EMI has revised the ICS 100 course to reflect lessons learned since its release in 2006. This course is NIMS compliant and uses the objectives developed collaboratively by the National Wildfire Coordinating Group, the United States Fire Administration, the United States Department of Agriculture and the Emergency Management Institute. Note: IS-100.b is an updated version of the IS-100.a course. If you have successfully completed IS-100 or IS-100.a, you may want to review the new version of the course. For credentialing purposes, the courses are equivalent. ICS 100, Introduction to the Incident Command System, introduces the Incident Command

System (ICS) and provides the foundation for higher level ICS training. This course describes the history, features and principles, and organizational structure of the Incident Command System. It also explains the relationship between ICS and the National Incident Management System (NIMS). The Emergency Management Institute developed its ICS courses collaboratively with: -National Wildfire Coordinating Group (NWCG) -U.S. Department of Agriculture -United States Fire Administration's National Fire Programs Branch NIMS Compliance This course is NIMS compliant and meets the NIMS Baseline

Training requirements for I-100.

From the author of *The Long*

*Season*—considered by many to be the

greatest baseball book

of all time—comes another classic sports memoir by legendary pitcher Jim Brosnan, which chronicles how his team, the Cincinnati Reds, went on to win the 1961 National League pennant. With legendary pitcher Jim Brosnan's first book, *The Long Season*, he not only entered the canon of great sports literature, but also redefined it when he returned two years later to write *Pennant Race*—his memoir of his days playing for the Cincinnati Reds and how the team went from not being taken seriously as a pennant contender to having a shot at the 1961 National League pennant. In *Pennant Race*, Brosnan—with his trademark wise-guy wit and plain-spoken

practicality—once again offers a refreshingly candid alternative to hackneyed baseball mythologizing. Day by day, game by game, Brosnan reveals the real lives of professional ballplayers: their exhilaration and frustration, hope and despair, chronic worry over job security, playful camaraderie, world-weary cynicism, and boyish—if cautious—optimism. Although the Reds would ultimately lose the World Series to the Yankees, for Brosnan and his teammates, this was a winning season. *Pennant Race* vividly captures a remarkable year in the life of a ball club and the golden age of one of Major League Baseball's most

memorable eras.  
 “Brosnan obviously knows his baseball, writes about it wittily, informally and with irony. He is a cynical, tough professional athlete and his book makes wonderful reading.”—New Yorker

Practical Guide to Project Planning is filled with project documents and templates ready to use for planning and managing project. It explains project analysis and modeling techniques so these documents and

templates can be used for effective project management. In addition, the book is also a guide to best practices that comply with the PMI's PMBOK® 3.0. Throughout the book, a real-world, practical project plan is used to explain all management issues related to a project, including scope, time, costs, quality, human resources, communication, risks, procurement, and integration. This example also covers every stage of implementing a project management office (PMO), from initial analysis to post-deployment review. The text is filled with insightful tips on using the most popular project management tools and software, including Mindmanager

for initial planning sessions, Milestone Project Companion for report generation, and Microsoft Project, the most widely used tool for project planning. Project documents discussed in the book are on the accompanying CD ROM, so readers can use them to develop and track their own projects.

**Exposed** Martingale Washington Babylon describes in shocking detail the corruption of the political establishment, Republicans and Democrats alike. Journey through Babylon's darkest regions, and you will learn how Babylon's millionaire journalists connived to deny money to disabled children; how House Speaker Newt Gingrich really spells F-A-M-I-L-Y V-A-L-U-E-S, and how he spent his student days at Tulane campaigning for sex photos in a student newspaper; how Commerce Secretary Ron Brown lobbied for Haitian monster "Baby Doc" Duvalier and

Guatemalan torturers; how the co-director of the Los Alamos National Laboratory searched for Atlantis, tried to train dolphins in ESP, suspected aliens were impregnating earth women; how Big Oil's tax-exempt foundations bought up the green elite while reaping millions from rape-and-pillage investments; how 80,000 lobbyists have bought out Babylon; and how Bill and Hillary Clinton struck a devil's pact with Big Money nearly twenty years ago.

Dorks, Dweebs, Debutantes, and Jocks—Where would you fit in? Being the new girl is tough—just ask sixteen-year-old Rio Jones. A New York transplant, Rio has no clue how she's going to fit in at her fancy new private school in Southern California.

Plus, being late, overdressed, and named after a Duran Duran song doesn't make the first day any easier for her. Then Rio meets Kristi. Beautiful, rich, and a cheerleader, Kristi is

the queen bee of Newport Beach. And Kristi isn't friends with just anyone, so Rio is thrilled when she's invited to be part of the most exclusive, popular clique. Of course, like any club, Kristi and her friends have rules: Always smile (even if you don't mean it), always dress cute (and never repeat outfits), and always flirt (but only with jocks, preps, and rich college guys). At first Rio is having a great time, but as she becomes more immersed in this jet-set crowd, she figures out there is one last rule that her new friends forgot to mention: Don't cross Kristi . . . in Alyson Noël's *Art Geeks and Prom Queens*.

A cautionary memoir

about a man's attempt to overcome depression without doctors, therapists, or medication, the results alternating between hilarity and tragedy. This is an important and timely wake up call to men (and their loved ones) who misunderstand depression or are commonly resistant "to talk about it."

Christopher Scott Downing is a thirty-three year-old grocery manager with a lot on his mind. He's up to his neck with a team of rascals, a second-in-command who'll do anything for his job, way too much debt, a girlfriend who can't wait for him to break up with her, and, it turns out, a brain that's begun shutting down just when he needs it most. As if that wasn't

bad enough, his favorite baseball team is having the worst year ever. Van Gogh in Peppers chronicles Christopher's misguided plans to deal with all this. Without the help of doctors, therapists, or meds, he decides to triumph entirely alone over everything, including his physical brain that's apparently out to get him. This plan turns out to be a very, very bad idea. This memoir will begin your own discussion about Major Depressive Disorder by exploring these questions: - What do men experience under depression? - How does depression manifest in men uniquely? - Why do many men refuse help with this treatable disease? This memoir

won't give you a single piece of sound advice. Not for overcoming depression. So you can just forget about that. Instead, you'll experience a level of honesty you often don't get from the men as they're going through it. Or from most men, really. Especially from those who "don't want to talk about it." Van Gogh in Peppers will put you there in the moment, revealing more details of male depression than you might even know to ask. Veteran psychologist Steven J. Hanley, Ph.D. provides the wonderful, thought-provoking foreword. 2% OF PROCEEDS SERVE CHARITIES FOR MENTAL HEALTH ADVOCACY. *The Story of a Dream : a Play* CreateSpace With a fantastic body
