Introduction to Managerial
Accounting, 4/e by
Brewer/Garrison/Noreen is
based on the market-
leading text, Managerial
Accounting, by Garrison,
Noreen and Brewer.
However, this is not
simply a briefer book with
chapters removed; B/G/N
has been rethought and

retooled to meet the
needs of the market.
B/G/N 4/e is a more
accessible, yet thoroughly
student-friendly text that
satisfies the basic needs
of the managerial
accounting student
without unnecessary
depth on advanced topics
associated with the
follow-up course: cost
accounting/cost
management. Faculty and
students alike will find this
new edition has retained
the hallmark features of
the Garrison brand:
author-written
supplements, excellent

readability, terrific
examples, and balanced
end-of-chapter material.

Fundamentals of
Advanced Accounting, 1e,
by
Hoyle/Schaefer/Doupnik is
ideal for those schools
wanting to cover 12
chapters in their
advanced Accounting
course. Typically, this
course covers 5-6
consolidations chapters,
two foreign currency
chapters, two partnership

chapters, and 2-3 governmental and not-for-profit chapters. Fundamentals of Advanced Accounting will boast all the great talents of the Advanced Accounting, 7e, by Hoyle/Schaefer/Doupnik, including the incorporation of the latest FASB pronouncements, the integration of skill preparation for the new CPA exam (research, analysis, judgment, and communication), and finally - great authorship.

Are you looking for an engaging, decision-focused approach to financial reporting that encourages students to develop their interpretative skills?

Building on the success of the first edition, this textbook takes a 'how, why, what' approach to financial accounting,

interwoven in each chapter. From chapter one, students understand how financial information is prepared and presented, why it is prepared and presented in this way, and what the resulting financial information means for users. Designed for students taking a step beyond their introductory financial accounting training, the textbook equips them with all the key tools they will require when they enter professional practice. Reflective of the latest

International Financial Reporting Standards (IFRS) and International Accounting Standards (IAS), this textbook delivers concise, clear explanations of all the key issues in accounting standards that students need to know. Content maps to professional accounting body syllabi, making this the perfect choice for accounting courses which offer exemptions. Chapters are rich with 3 types of examples to enhance understanding: - Illustrative examples of

real-world situations; - Worked examples demonstrating the calculation of figures required for financial statements; - Extracts from company annual reports demonstrate how the theory relates to financial reporting in practice. More engaging, more balanced, and more applied than other offerings, this is exactly the textbook your financial reporting students need! An extensive Online Resource Centre accompanies the textbook

and includes: For students: DT Solutions to all the end-of-chapter questions in the book including walkthroughs of solutions to key questions; DT Additional graded questions including professional body questions; DT Additional interpretative case studies based on real-life companies; DT A guided tour through a company report DT Specific study skills tips for accounting students For lecturers: DT Customisable PowerPoint slides DT Solutions to all

the additional online questions DT Outline solutions to the interpretative case studies DT Group discussion questions *Cornerstones of Managerial Accounting* John Wiley & Sons For use as a supplement in any accounting course where analyzing financial statements and understanding financial ratios is important. This activity workbook helps students analyze real company financial statement information. Each activity concentrates

on only one aspect of the analysis and uses data from well-known corporations to pique students' interest and add relevancy.

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition

of Financial Accounting: IFRS highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and

procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.
