REGINA KARLEE

Eliza Calvert Hall Rowman & Littlefield

This innovative study re-examines the dynamics of race relations in the post--Civil War South from an altogether fresh perspective: field sports. In the late nineteenth and early twentieth centuries, wealthy white men from Southern cities and the industrial North traveled to the hunting and fishing lodges of the old Confederacy -- escaping from the office to socialize among like-minded peers. These sportsmen depended on local black guides who knew the land and fishing holes and could ensure a successful outing. For whites, the ability to hunt and fish freely and employ black laborers became a conspicuous display of their wealth and social standing. But hunting and fishing had been a way of life for all Southerners -- blacks included -- since colonial times. After the war, African Americans used their mastery of these sports to enter into market activities normally denied people of color, thereby becoming more economically independent from their white employers. Whites came to view black participation in hunting and fishing as a serious threat to the South's labor system. Scott E. Giltner shows how African-American freedom developed in this racially tense environment -- how blacks' sense of competence and authority flourished in a Jim Crow setting. Giltner's thorough research using slave narratives, sportsmen's recollections, records of fish and game clubs, and sporting periodicals offers a unique perspective on the African-American struggle for independence from the end of the Civil War to the 1920s. -- Stephen A. West

Genealogical Record of the Condit Family, Descendants of John Condit, a Native of Great Britain, who Settled in Newark, N.J., 1678 to 1885 JHU Press

I WONDER whether the day will ever dawn on England when our country houses will be as deserted as are those in France and Germany? If so, that will be a sad day for England. I judge from Germany. There, after the Thirty Years' War, the nobles and gentry set-to to build themselves mansions in place of the castles that had been burnt or battered down. In them they lived till the great convulsion that shook Europe and upset existing conditions social as well as political. Napoleon overran Germany, and the nobles and gentry had not recovered their losses during that terrible period before the State took advantage of their condition to transfer the land to the peasantry. This was not done everywhere, but it was so to a large extent in the south. Money was advanced to the farmers to buy out their landlords, and the impoverished nobility were in most cases glad to sell. They disposed of the bulk of their land, retaining in some cases the

ancestral nest, and that only. No doubt that the results were good in one way-but where is a good unmixed? The qualifying evil is considerable in this case.

Celebration Hymnal Univ of South Carolina Press

In 1907, author, poet, essayist, and folk art historian Eliza Calvert Hall (1856-1935) published *Aunt Jane of Kentucky*, a collection of stories about rural life infused with the spirit and gentle good humor of its elderly narrator, Aunt Jane. The book and several sequels achieved wide popularity, reaching an estimated one million readers in her lifetime, and placed Hall in the front ranks of "local color" fiction writers of her time. Eliza Calvert Hall's life and work unfolded during a time of restlessness and change for American women. Born Eliza "Lida" Calvert in Bowling Green, Kentucky, Hall experienced the upheaval of both the Civil War and family scandal. Forced to help support her mother and four siblings by teaching school, she became a published poet, adopting her grandmother's name, Hall, as her pseudonym. At twenty-nine, she married William A. Obenchain, and in the space of eight years gave birth to four children. As Hall struggled to balance her writing career with the duties of a nineteenth-century wife and mother, suffragist Laura Clay was lobbying for every woman's right to vote. Hall joined the battle, writing fearlessly in support of suffrage and equality. While her passionate essays served as a direct appeal for this cause, her creative writing also carried a feminist spirit, celebrating the strength, humor, love, and art of the common woman. In *Eliza Calvert Hal: Kentucky Author and Suffragist*, Lynn E. Niedermeier tells the story of this remarkable Kentuckian for the first time. Hall's challenge was to balance the artist's creative ambitions with the crusader's passion for achieving the goal of political equality for American women. Her successes did not stem from privilege or leisure; although she was an acclaimed writer, Hall was an ordinary woman, a wife and mother of moderate economic means. Through the power of her words, she challenged others to match her courage, independence, intellectual energy, and loyalty to her sex.

Hollywood Babylon Shawnee Press (TN)

This 592-page collection of Southern Gospel features 280 songs written by Squire Parsons over the 30-year period from 1969 to 2001, more than 120 of which have never appeared in print before. This wonderful and extensive collection of Southern Gospel, inspirational, and sacred songs also contains new songs and choruses written especially for church services' special occasions, such as Invitation, Offering, Welcome, Worship, and Friendship. Parsons, a composer and soloist, shares his music in as many as 230 churches annually, and has had the honor of performing as guest soloist at First Baptist Church of Atlanta,

Georgia, with Dr. Charles Stanley; Thomas Road Baptist Church of Lynchburg, Virginia, with Dr. Jerry Falwell; and Little Rock Crusade in Little Rock, Arkansas, with Dr. Billy Graham.

The Descendants of Rev. Thomas Hooker, Hartford, Connecticut, 1586-1908 Waterbrook Press

2019 was a defining year for the radical right globally. From national and supranational elections that witnessed a surge in support for radical right parties to transnationally-inspired terrorist attacks in New Zealand, the USA, and Germany, the radical right is not just on the rise, but becoming an international mainstream phenomenon. The yearbook draws upon insightful analyses from an international network of scholars, policymakers, and practitioners who explore the processes and impact of the radical right. Beginning with reflections on the ideology and then historical perspectives of the radical right, the volume then turns to contemporary manifestations of movements and political parties as well as terrorism and the role of online spaces. It ends by examining various perspectives towards countering and challenging the radical right. This overview provides a widespread examination of the global radical right in 2019, which will be useful to scholars, students, policy makers, and the public.

Central to Their Lives Hal Leonard Corporation

Looking back at her lengthy career just four years before her death, modernist painter Nell Blaine said, "Art is central to my life. Not being able to make or see art would be a major deprivation." The Virginia native's creative path began early, and, during the course of her life, she overcame significant barriers in

her quest to make and even see art, including serious vision problems, polio, and paralysis. And then there was her gender. In 1957 Blaine was hailed by Life magazine as someone to watch, profiled alongside four other emerging painters whom the journalist praised "not as notable women artists but as notable artists who happen to be women." In *Central to Their Lives*, twenty-six noted art historians offer scholarly insight into the achievements of female artists working in and inspired by the American South. Spanning the decades between the late 1890s and early 1960s, this volume examines the complex challenges these artists faced in a traditionally conservative region during a period in which women's social, cultural, and political roles were being redefined and reinterpreted. The presentation—and its companion exhibition—features artists from all of the Southern states, including Dusti Bongé, Anne Goldthwaite, Anna Hyatt Huntington, Ida Kohlmeyer, Lois Mailou Jones, Alma Thomas, and Helen Turner. These essays examine how the variables of historical gender norms, educational barriers, race, regionalism, sisterhood, suffrage, and modernism mitigated and motivated these women who were seeking expression on canvas or in clay. Whether working from studio space, in spare rooms at home, or on the world stage, these artists made remarkable contributions to the art world while fostering future generations of artists through instruction, incorporating new aesthetics into the fine arts, and challenging the status quo. Sylvia Yount, the Lawrence A. Fleischman Curator in Charge of the American Wing at the Metropolitan Museum of Art, provides a foreword to the volume. Contributors: Sara C.
