Do you want to learn an SEO strategy that works? SEO where you can build authoritative links that will catapult you to the top of the SERPs, without risk of a Google slap or penalty? I'm talking a pure White-Hat SEO strategy where you can sleep at night, and build traffic-busting websites. In 2017, how many SEOs can offer that type of search engine optimization? This book can! Google is on the SEO warpath. Anyone caught breaking the rules or trying to manipulate their own rankings through aggressive SEO techniques, will find their website dropping out of the top 10, top 100, or even out of the search results altogether. Search engine optimization can now kill your rankings! Google released a whole menagerie of animals (Panda, Penguin, Pigeon, etc) on unsuspecting webmasters, but also employs humans to rate content. You cannot fly under the radar any more. Gone are the days of fast rankings with SEO loopholes. Today, SEO can be very dangerous if you follow the wrong advice, and most SEO advice you read for free online is very wrong. Most search engine optimization advice is out of date, or written by someone that has never really tested their own theories. I've been testing for over a decade. *SEO 2017 & Beyond* is a book that will teach you the safe, white-hat search engine optimization strategies I personally use to get my web pages (and those of my clients) to rank high in Google. This is battle-tested, white hat SEO that I've learned, developed and tested over the last decade. On-site optimization techniques that I was teaching my newsletter readers back in 2008, is only now becoming mainstream in SEO. I play by Google's rules, meaning I never have to wake up after a major update and wonder if my sites have been hit. I am always looking forward and asking myself what Google wants, and how I can deliver. With so many algorithm changes taking place at Google, you might be wondering how it is possible to stay up to date with all the changes. The good news is that it is easy once you acquire the right mindset. Understand what Google is trying to do, and give it to them. This book teaches you that type of search engine optimization. You will not find any strategies to beat the system. You will not find any loopholes to beat Google. You WILL find solid strategies, solutions & advice to create great content and build high authority links and domain authority. You won't be learning any black hat SEO backlinking techniques. These would only serve to get your site penalized. I only want to teach you a "future-proofed" strategy. You'll learn the truth about anchor text links and why everything changed when Penguin was released. You'll also learn what makes a backlink valuable in Google's eye, and what makes a backlink spammy. I'll tell you about the Holy Grail of backlinks, and how to get them for your site. They take more work, but a few of these links are priceless when it comes to ranking. You'll also learn why it is important to focus on building your site authority. I'll go through some of the older backlinking techniques and mention any that still have value. Most don't. The good news is you don't need to use those techniques. I'll show you how the high domain authority sites build natural, high impact links. This book is now in its 6th major edition - *SEO 2017*. In it, you also get the comprehensive SEO Checklist (the same checklist that is available as a standalone book on Amazon). Use it to find and fix SEO problems on your site, and reverse Google penalties. *SEO 2017 & Beyond* was written by search engine veteran Andy Williams of ezSEONews.com. He has been teaching this stuff since 2003, in his free weekly newsletter. If you want to understand what the search engines want, and learn modern search engine optimization that gets higher rankings through great content and smart backlinking, explode your traffic AND have Google's blessing, then you should read this book.

*Seo 2017 & Beyond* Internet Marketing for Musicia

Don't be intimidated by all the search engine optimization (SEO) tools out there. You will start out

**[Search Engine Optimization \(SEO\) Techniques That Get Your Company More Traffic, Increase Brand Impact, and Amplify Your Online Presence](#)** "O'Reilly Media, Inc."

Learn SEO strategies to rank at the top of Google with *SEO 2020 EXPANDED & UPDATED - NOVEMBER, 2019* No matter your background, *SEO 2020* will walk you through search engine optimization techniques used to grow countless companies online, exact steps to rank high in Google, and how get a ton of customers with SEO. First, let me tell you a little secret about SEO marketing... Most search engine optimization advice on the Internet is wrong! If you've sifted through search engine optimization advice online, you may have noticed two things: - Most published SEO advice is either outdated or just dead-wrong. - Google's constant updates have made many popular SEO optimization strategies useless. Why is this so? Google's constantly evolving. Recent changes: 1. October, 2019 - Google releases their groundbreaking new BERT machine learning algorithm, with Google now understanding searches almost like a human. 2. September, 2019 - Google releases new guidelines on nofollow links, providing worldwide changes for advertisers and SEO professionals alike. 3. March, 2018 - Google's game-changing "Mobile First Index" is rolled out, completely overhauling how search results are calculated. *SEO 2020* is now updated covering new changes to Google's algorithm, walks you through major updates and how to use them to your advantage. This book also reveals industry secrets to stay ahead of Google's algorithm, and potential Google changes coming up in 2020. With this best-selling SEO book, learn

SEO from a fundamental level, achieve top rankings, and generate a wave of new customers to your site. Discover powerful link building techniques experts use to get top rankings and generate massive traffic Link building is the strongest factor for ranking high in Google. Unfortunately, most widely-used methods suck! This chapter walks you through new and powerful techniques that won't get you in hot-water with Google. Now expanded with more link building strategies and extra tips for advanced readers. You will also discover: 1. Important SEO concepts, from beginner to advanced. 2. Sneaky tricks to get local businesses ranking high with local SEO. 3. The inner workings of Google's algorithm and how it calculates the search results. 4. How to find "money" keywords that will send customers to your site. 5. Basic and advanced link building strategies for pushing your rankings up higher. 6. Six insider sources to get expert SEO or Internet marketing advice worth thousands of dollars, for free. 7. How to use social media and web analytics to multiply your results. 8. 25+ powerful tools top Internet marketing experts use to automate search engine optimization, saving weeks of time and creating bigger results. Sidestep the 2020 Google updates Contrary to Internet marketing gossip, problems caused by Google updates are rarely irrecoverable-but you need the right knowledge. This book reveals: - Inner mechanics of Google's algorithm, and how to rank your site at the top. - Recent Google updates-Google's BERT algorithm, Google's RankBrain algorithm, Mobile First Index, Google Speed update, and more... - Potential updates coming up in 2020. - Steps to recover from Google penalties. And read the special bonus chapter on pay-per-click advertising In this bonus, learn to quickly setup pay-per-click advertising campaigns with Google AdWords and send customers to your site overnight, literally.
