JORDON ELLEN

Moguls, Monsters, and Madmen Random House Trade Paperbacks

In 1978, Larry Singleton brutally raped and mutilated a 15-year-old girl--using a hatchet to turn her arms into bloody stumps. The girl survived--and bravely testified against the monster. However, Singleton was paroled after spending eight years in prison--and stabbed another young woman to death. Now, as Singleton awaits punishment for a savage murder, an outraged public is left to question a legal system that let a serial slasher free to kill. Photos.

The Menendez Murders BenBella Books
Indexes the Times, Sunday times and

magazine, Times literary supplement, Times educational supplement, Times educational supplement Scotland, and the Times higher education supplement.

The Menendez Murders, Updated Edition Pinnacle Books

The wife of convicted killer Erik Menendez discusses her husband's painful life, his trial for the murder of his parents, the brutality of his life in a maximum security prison, and their struggle to preserve their marriage.

The Red, White and Blue Skyhorse

This book is an overview of the United States legal system, with a brief introduction to Islamic and International law. The book is divided into six parts. Part I (The Legal System and Crime) introduces the U.S. legal system and the classification of crime. Part II (White

Collar Crime) covers cybercrime, crime the old fashioned way, and healthcare fraud. Part III (Homicide) deals with simple murder, serial murder, mass and spree murder; and assassination. Part IV (Special Groups) covers the mafia; the family; the medical, legal, and teaching professions; the religion profession; celebrities; and stupid criminals. Part V (On the Edge) deals with topics I consider to be a bit strange; that is, quackery, innovative defenses, and dangerous cults. And finally, Part VI (Residue) discusses what is left ... capital punishment and crimes against humanity, including terrorism. Throughout the book, to illustrate points, I have used over 300 cases of actual crimes. The names of the people and the facts of the cases used in the discussions

of these crimes are taken directly from referenced news reports. The subtitle, Computer Viruses to Twin Towers, reflects the scope of the book; that is, from computer viruses, which cause only aggravation or loss of money, to the deadly terrorist attacks on the Twin Towers of the World Trade Center and the Pentagon on September 11, 2001 that snuffed out almost 3000 lives. No Matter How Loud I Shout Signet NEW YORK TIMES BESTSELLER • “Driving, wild and hilarious” (The Washington Post), here is the incredible “memoir” of the legendary actor, gambler, raconteur, and Saturday Night Live veteran. When Norm Macdonald, one of the greatest stand-up comics of all time, was approached to write a celebrity memoir, he flatly refused,

calling the genre “one step below instruction manuals.” Norm then promptly took a two-year hiatus from stand-up comedy to live on a farm in northern Canada. When he emerged he had under his arm a manuscript, a genre-smashing book about comedy, tragedy, love, loss, war, and redemption. When asked if this was the celebrity memoir, Norm replied, “Call it anything you damn like.”

[They Said We'd Never Make It](#) MIT Press Now updated with a new introduction and afterword, this award-winning examination of the nation’s largest juvenile criminal justice system in Los Angeles by a Pulitzer Prize-winning journalist is “an important book with a message of great urgency, especially to all concerned with the future of

America’s children” (Booklist). In an age when violence and crime by young people is again on the rise, *No Matter How Loud I Shout* offers a rare look inside the juvenile court system that deals with these children and the impact decisions made in the courts had on the rest of their lives. Granted unprecedented access to the Los Angeles Juvenile Court, including the judges, the probation officers, and the children themselves, Edward Humes creates an unforgettable portrait of a chaotic system that is neither saving our children in danger nor protecting us from adolescent violence. Yet he shows us there is also hope in the handful of courageous individuals working tirelessly to triumph over seemingly insurmountable odds. Weaving together

a poignant, compelling narrative with razor-sharp investigative reporting, *No Matter How Loud I Shout* is a convincingly reported, profoundly disturbing discussion of the Los Angeles juvenile court's failings, providing terrifying evidence of the system's inability to slow juvenile crime or to make even a reasonable stab at rehabilitating troubled young offenders. Humes draws an alarming portrait of a judicial system in disarray.

The Times Index Penguin

The ABA Journal serves the legal profession. Qualified recipients are lawyers and judges, law students, law librarians and associate members of the American Bar Association.

When a Child Kills Grand Central Publishing

The true crime story of a notorious arsonist and murderer who kept a Cape Cod town in fear thanks to crooked cops. The Cape Cod beach town of Falmouth seemed like a lovely place to visit. But those who lived there year-round knew its other, darker side... Local businessman and infamous bully Melvin Reine had started setting the homes of his so-called enemies on fire. Few of his victims—or even the police—ever dared to implicate him. Because those who did would pay the price... Mysterious events kept creeping up in Falmouth. The disappearance of Melvin's wife, a dead man found in a cranberry bog, a teenager slated to testify against Melvin who boarded a ferry, never to be seen again—was Melvin somehow responsible? Only one police officer, John

Busby, had the guts to press him for answers. One day he found himself on the wrong end of a sawed-off shotgun...but managed to survive the attack. This is the shocking true story about what can happen to an all-American town when evil rules.

The Run of His Life Rowman & Littlefield
A 2006 Edgar Award Nominee for Best Fact Crime. With intimate access to the families, award-winning journalist Diane Fanning's *Written in Blood* spins a heart-wrenching true crime tale that's been the subject of an acclaimed documentary, "The Staircase", and an HBO TV miniseries starring Colin Firth. An army brat-turned-marine, Michael Peterson saw combat in Vietnam, and returned a decorated soldier. An avid reader, his dreams of being an

acclaimed novelist came true. His desire to find love was fulfilled when he married brilliant executive Kathleen Atwater, the first female student accepted at Duke University's School of Engineering. The Petersons seemed the ideal academic couple- well-respected, prosperous, and happy. All that came crashing down in December of 2001, when Kathleen apparently fell to her death in their secluded home in an exclusive area of Durham, North Carolina. But blood-spattered evidence and a missing fireplace poker suggested calculated, cold-blooded murder. Her trusted husband stood accused. Prosecutors introduced evidence at trial that sixteen years earlier, Peterson was one of the last people to see his neighbor alive before she was found dead at the

bottom of a staircase in her home in Germany. A dramatic trial followed in the explosive final chapter of a life that no novelist could ever have conceived...

The Man from the Train Back Bay Books

Murder in California: Rage and Revenge Murders profiles some of California's most infamous murder cases. The edition photographically transports you to actual murder sites along with images related to the case and perpetrator(s). The images and accompanying profiles offer a descriptive account and follow-up aftermath providing an important understanding into the far-reaching effects of each crime. The captured snapshots portray visual testimonies of extinguished lives removed by acts of violence. Crime scenes often revert back

into unremarkable landscape or unassuming buildings over the ensuing years and decades. Several have altered little since their moment of infamy. Many are passed daily by pedestrian and vehicular traffic unaware of a location's unique significance. California has been the site for many notorious homicides. The following are portrayed in this edition: South of the Border Escapade Funded By A Murder Victim's Credit Card McDonald's San Ysidro Restaurant Massacre Site: Artie and Jim Mitchell: Contemporary Cain and Abel Playboy playmate Dorothy Stratten's killing and perpetrator suicide Ewell Family Killings: Delayed gratification thwarts a near perfect killing John Morency: A Vindictive Collapse To An Illusionary Refinement Laci Peterson: When motive convicts

beyond the body of evidence Lyle and Erik Menendez: The sins of the son's bury their parents The Nicole Brown-Simpson and Ronald Goldman Murders: An American travesty The Marin County barbeque murders A convincing performance behind the killing of Bonnie Lee Bakley Vincent Brothers: The convicting insects on the radiator An Illusionary Friendship That Stimulated an Embezzlement Murder A Bondage Murder With An Unconsensual Victim A Gunfight That Ultimately Becomes A Supreme Court Precedent Diane Whipple: Defining accountability with vicious pet owners Eastside Salinas: An invisible war Rages streetside Slaying of Ennis Cosby on an isolated freeway off ramp Father Eric Freed's Brutal Slaying: A Lost Coast of fractured souls The Silent

and Senseless Murder of Lindsay Cutshall and Jason Allen Haing Ngor: An extended and consequential journey curtailed by a random killing Huey P. Newton: A tarnished messenger with feet of clay Johnny Stompanato: Lana Turner's fatal attraction Barbara Graham: An unsympathetic film portrayal Marvin Gaye: A visionary dishonored within his household Ned Doheny and Hugh Plunkett: The Greystone Mansion murder-suicide The Unexplainable Orcutt freeway sniper attack Phil Hartman: The shocking murder-suicide from an unanticipated source Phil Spector: The Crumbling legacy of a musical genius Ramon Novarro: The gruesome torture of a closeted screen idol Ronni Chasen Shooting: When two divergent worlds

collided Sal Mineo: A career comeback curtailed The Abrupt departure of Soul Music legend Sam Cooke in his prime Ryan Jenkins: Jealousy Consumes A Reality Television Contestant A Convicted Killer Finds Conjugal Affection But Never Release The Covina Christmas Eve massacre by a Santa impersonator Edward Allaway: The questionable case for cured insanity Mel and Elizabeth Grimes: The consequences behind a one-ton stone The Helzer Brothers: Children of Thunder slayings The disintegrating mind and schoolyard entrance massacre by Brenda Spencer Dr. Victor Ohta: The execution and incendiary of the house on the hill The vindictive rampage of Elliot Rodger The Golden Dragon massacre: The gang who didn't shoot straight Lynwood Jim Drake: A loose wire

Including

murders, insurance fraud, hit-and-runs, and kidnappings, all cases featured on the show are solved in large part with the help of forensic science like DNA evidence. In *Forensic Files Now: Inside 40 Unforgettable Cases*, author Rebecca Reisner shares her own gripping retellings — adapted from her popular blog, ForensicFilesNow.com — of 40 favorite cases profiled on the show along with fascinating updates and personal interviews with those directly involved. Featuring classic cases like the Tennessee brothers who terrorized locals for years until the feds rode into town, the Texas lovebirds who robbed a grave in an insurance fraud plot that made international headlines, the Ivy League-educated physician who attempted a fresh start by burying his wife in the

basement, and some cases so captivating that they have sparked spinoff miniseries or documentaries of their own, this book will enthrall readers with its vivid recaps and detailed updates. Also featuring an in-depth interview with *Forensic Files* creator Paul Dowling and a profile on the show's beloved narrator, Peter Thomas, *Forensic Files Now* is a must-read for diehard *Forensic Files* fans and a welcome find for true crime readers looking for more riveting and well-told stories.

[Heroism, Celebrity and Therapy in Nurse Jackie](#) One Time Publishing
Discover the definitive book on the Menendez case—and the disquieting true story behind Netflix's *Monsters: The Lyle and Erik Menendez Story*. A

successful entertainment executive making \$2 million a year. His former beauty queen wife. Their two sons on the fast track to success. But it was all a façade. The Menendez saga has captivated the American public since 1989. The killing of José and Kitty Menendez on a quiet Sunday evening in Beverly Hills didn't make the cover of People magazine until the arrest of their sons seven months later, when the case developed an intense cult following. By the time the first Menendez trial began in July 1993, the public was convinced that Lyle and Erik were a pair of greedy rich kids who had killed loving, devoted parents. The real story remained buried beneath years of dark secrets. A culmination of more than 30 years of journalist Robert Rand's relentless

reporting, this updated edition of The Menendez Murders shares these intimate, breakthrough findings, including a deeply disturbing history of child abuse and sexual molestation in the Menendez family going back generations, as well as exclusive new revelations linking the 1980s boy band Menudo and the Menendez family, a first-hand account of the emotional reunion between Erik and Lyle Menendez, and surprising insights into how the Menendez brothers remain resilient and live with purpose despite a life sentence without parole. Rand has followed the Menendez murders from the beginning and is the only reporter who covered the original investigation as well as both trials. With a unique vantage and unparalleled access to the Menendez

family and their history, including interviews with both brothers before and after their arrest, Rand has uncovered extraordinary details that would certainly have changed the fate of the brothers' first-degree murder conviction in 1996. Today, his discoveries give the brothers new hope for reopening the case.

Don't Be a Victim First Second

This book presents an examination of the television series Nurse Jackie, making connections between the representational processes and the audience consumption of the series. A key point of reference is the political and performative potential of Nurse Jackie with regards to its progressive representation of prescription drug addiction and its relationship to the

concept of quality television. It deconstructs Nurse Jackie's discursive potential, involving intersections with contemporary notions of genre, heroism, celebrity, therapy and feminism. At the same time this book foregrounds the self-reflexive educational potential of the series, largely enabled by the scriptwriters and the leading actor Edie Falco.

The Billionaire Murders Simon and Schuster

Relates how, in December of 2001, novelist Michael Peterson brutally beat his wife, Kathleen, to death in order to collect on her life insurance after having been involved in a similar case years before.

Chaos Macmillan

A young adult, fictional reimagining of

Truman Capote's *In Cold Blood* and the brutal murders that inspired it. Gripping and fast-paced, this meticulously researched historical fiction will reinvigorate a new generation to Capote. November is usually quiet in Holcomb, Kansas, but in 1959, the town is shattered by the quadruple murder of the Clutter family. Suspicion falls on Nancy Clutter's boyfriend, Bobby Rupp, the last one to see them alive. New Yorker Carly Fleming, new to the small Midwestern town, is an outsider. She tutored Nancy, and (in private, at least) they were close. Carly and Bobby were the only ones who saw that Nancy was always performing, and that she was cracking under the pressure of being Holcomb's golden girl. This secret connected Carly and Bobby. Now that

Bobby is an outsider, too, they're bound closer than ever. Determined to clear Bobby's name, Carly dives into the murder investigation and ends up in trouble with the local authorities. But that's nothing compared to the wrath she faces from Holcomb once the real perpetrators are caught. When her father is appointed to defend the killers of the Clutter family, the entire town labels the Flemings as traitors. Now Carly must fight for what she knows is right.

A Private Disgrace Open Road Media According to renowned defense attorney and Harvard law professor Alan M. Dershowitz, "abuse excuses" are enabling people to get away with murder - literally. From the Menendez brothers to Lorena Bobbitt, more and more

Americans accused of violent crimes are admitting to the charges, but arguing that they shouldn't be held legally responsible. The reason: they're victims - of an abusive parent, a violent spouse, a traumatic experience, ethnic hatred, society at large, or anything else - who struck back at a real or perceived oppressor. And they couldn't help themselves, they say. In this provocative and important collection of essays, Dershowitz reviews a wide range of recent cases - including those of O. J. Simpson, Tonya Harding, and Woody Allen - and argues that the current vogue in victim defenses is antithetical to the ideals of our constitutional democracy. For Dershowitz, the foundations of American society are individual responsibility and the rule of

law. And people who claim to be above the law - whatever the excuse - are no more than vigilantes.

Blood Brothers Vintage

Describes how seventeen-year-old Tyler Hadley bludgeoned his parents to death in their home and then invited his friends over for a party.

Based on a True Story ECW Press

An account of how a police detective lead the task force that exposed the facts behind the deaths of rappers Biggie Smalls and Tupac Shakur.

Written in Blood Pinnacle Books

An Edgar Award finalist for Best Fact Crime, this “impressive...open-eyed investigative inquiry wrapped within a cultural history of rural America” (The Wall Street Journal) shows legendary statistician and baseball writer Bill James

applying his analytical acumen to crack an unsolved century-old mystery surrounding one of the deadliest serial killers in American history. Between 1898 and 1912, families across the country were bludgeoned in their sleep with the blunt side of an axe. Jewelry and valuables were left in plain sight, bodies were piled together, faces covered with cloth. Some of these cases, like the infamous Villasca, Iowa, murders, received national attention. But few people believed the crimes were related. And fewer still would realize that all of these families lived within walking distance to a train station. When celebrated baseball statistician and true crime expert Bill James first learned about these horrors, he began to investigate others that might fit the

same pattern. Applying the same know-how he brings to his legendary baseball analysis, he empirically determined which crimes were committed by the same person. Then after sifting through thousands of local newspapers, court transcripts, and public records, he and his daughter Rachel made an astonishing discovery: they learned the true identity of this monstrous criminal. In turn, they uncovered one of the deadliest serial killers in America. Riveting and immersive, with writing as sharp as the cold side of an axe, *The Man from the Train* paints a vivid, psychologically perceptive portrait of America at the dawn of the twentieth century, when crime was regarded as a local problem, and opportunistic private detectives exploited a dysfunctional

judicial system. James shows how these cultural factors enabled such an unspeakable series of crimes to occur, and his groundbreaking approach to true crime will convince skeptics, amaze aficionados, and change the way we view criminal history.

See How Much You Love Me John Wiley & Sons

A journalist's twenty-year fascination with the Manson murders leads to "gobsmacking" (The Ringer) new revelations about the FBI's involvement in this "kaleidoscopic" (The New York Times) reassessment of an infamous case in American history. Over two grim nights in Los Angeles, the young followers of Charles Manson murdered seven people, including the actress Sharon Tate, then eight months

pregnant. With no mercy and seemingly no motive, the Manson Family followed their leader's every order -- their crimes lit a flame of paranoia across the nation, spelling the end of the sixties. Manson became one of history's most infamous criminals, his name forever attached to an era when charlatans mixed with prodigies, free love was as possible as brainwashing, and utopia -- or dystopia -- was just an acid trip away. Twenty years ago, when journalist Tom O'Neill was reporting a magazine piece about the murders, he worried there was nothing new to say. Then he unearthed shocking evidence of a cover-up behind the "official" story, including police carelessness, legal misconduct, and potential surveillance by intelligence agents. When a tense interview with

Vincent Bugliosi -- prosecutor of the Manson Family and author of *Helter Skelter* -- turned a friendly source into a nemesis, O'Neill knew he was onto something. But every discovery brought more questions: Who were Manson's real friends in Hollywood, and how far would they go to hide their ties? Why didn't law enforcement, including Manson's own parole officer, act on their many chances to stop him? And how did Manson -- an illiterate ex-con -- turn a group of peaceful hippies into remorseless killers? O'Neill's quest for the truth led him from reclusive celebrities to seasoned spies,

from San Francisco's summer of love to the shadowy sites of the CIA's mind-control experiments, on a trail rife with shady cover-ups and suspicious coincidences. The product of two decades of reporting, hundreds of new interviews, and dozens of never-before-seen documents from the LAPD, the FBI, and the CIA, Chaos mounts an argument that could be, according to Los Angeles Deputy District Attorney Steven Kay, strong enough to overturn the verdicts on the Manson murders. This is a book that overturns our understanding of a pivotal time in American history.
