The Icelandic Book of Futhark RP Minis

A practical handbook to the history, exercises, and techniques of German rune work • Explores the four traditional runic systems: the Older Futhark, the Anglo-Frisian Futhorc, the Younger Futhark, and the Armanic Futhork • Details powerful rune work techniques and exercises, including rune yoga and dance, runic hand gestures (mudras), rune singing (mantras), runic healing, runic tantra and sex magic, rune rituals, runic divination, and the runic theory of crystals • Examines the history of esoteric runology and the trailblazers of modern rune magic, including Guido von List, Friedrich Bernhard Marby, and Rudolf John Gorsleben Although the rune renaissance began blossoming in Anglo-American occult circles in the 1970s, the runes have been part of the occult revival in Germany since its beginning in the late 19th century, with roots that go back centuries further. Exploring the history of esoteric runology and the work of the trailblazers of modern rune magic, including Guido von List, Friedrich Bernhard Marby, and Rudolf John Gorsleben, author Edred Thorsson details the secret practices and runic systems of the German rune magicians, including techniques for using runes in unprecedented ways to draw power into your life. Thorsson explores all four of the traditional runic systems: the Older Futhark (24 runes), the Anglo-Frisian Futhorc (29-33 runes), the Younger Futhark (16 runes), and the Armanic Futhork (18 runes), developed by Guido von List. The author explains the similarities and differences between them as well as how they are all facets of the same underlying runic reality. He examines the early history and possible origins of runic symbols and systems, the renaissance of rune magic from 1919 to 1935, the effects of the Third Reich and Nazis on the runic revival, as well as the reemergence of German runology after World War II. Providing an extensive practical section, Thorsson details powerful runework techniques and exercises, including rune yoga and dance, runic hand gestures (mudras), rune singing (mantras), rune yodeling, runic healing, runic tantra and sex magic, group rites with runes, and two powerful methods of engaging transpersonal powers: the Ritual of the Ninth Night and the Ritual of the Grail Cup. He also explores runic divination, the runic theory of crystals, runic symbolism in medieval German buildings, and runic material from the documents of the Fraternitas Saturni, the Brotherhood of Saturn. By immersing yourself in the world of the runic pioneers and the practices they designed, you will emerge with a deeper understanding of runes as well as the magical world from which they emanate.

Northern Mysteries and the Wheel of Life Nordic RunesUnderstanding, Casting, and Interpreting the Ancient Viking Oracle

Simple Divination and Interpretation Boydell Press

An accessible account of Norwegian runic inscriptions from their first appearance around AD200 until their demise around 1400.

Taking Up the Runes Boydell Press

Runes. . . the very name seems to conjure up mystery. Runes appear everywhere from rock album covers to Viking and fantasy movies. But what are they, and how are they used? What do they mean? How and why are they used in magic and in divination?This booklet presents a brief working knowledge of the ancient writing system of the Germanic-speaking peoples. After learning about the runes' origins and their uses, both for writing mundane texts and for magic and divination, you can look up individual rune letters and explore the surprisingly complex symbolism

behind them. Fresh translations of the old rune poems round out this short introduction.

The Rune Primer Boydell & Brewer Ltd

The books in this series contain short texts from the original stories from Viking Age. These new translations unlock the treasures of the Classical texts and will make a valued gift for friends, relatives or business associates. A little guide to understanding the ancient rune letters. Wherever the Vikings went, they took the language of the runes with them. Runes have been found from the Black Sea and Russia in the East, all over Europe and Scandinavia and in Greenland. There are runes on memorial stones, weapons and tools. They were used to send messages, mark possessions, make calendars and other writings. Each letter is explained with the help of a runic verse dating from the Viking Age.

The Big Book of Runes and Rune Magic Llewellyn Worldwide

Discover the power of ancient Nordic runes with this beautifully presented book and deck.

According to Norse mythology, Odin, the chief of the gods, hung himself in self-sacrifice from the world tree Yggdrasil for nine days and nights in order to receive cosmic wisdom. This was granted to him in the form of the runes. The runes make up an alphabet that, with local variations, was used across most of northern Europe from pre-Christian times until the thirteenth century. The word rune is derived from rúna, an ancient Germanic word meaning whisper or mystery. The Runes Box explains the meanings of the runes and the Norse mythology that underpins their basic concepts. Enclosed in a handy hardcover case so that the wisdom of the runes can be carried with you at all times, you'll find: A 96-page booklet that explains the history of runes and how to use them 36 carry-size cards with information on the 24 runes and their meanings, plus some essential runic blessings and wishes The straight, angular lines of the runes are ideal for carving into bone, wood, or stone, or forming with twigs. Different methods for making runestones are described with instructions on how to use them for divinatory and magical purposes, from making talismans to petitioning the Norse gods. Approach the runes with a benevolent instinct, an open heart, and an honest spirit, and truths will be revealed to you.

A Handbook Univ of California Press

Myth communicates the incomprehensible through stories, symbols, and metaphors. The mythos of the ancient Norse provides numerous examples of many types of magic and provides the context within which the Norse wizard and witch are able to work their spells. Rise, Runes, and Ritual is written from the perspective of the Odian Left Hand Path. Its purpose is to provide the reader with a method to discover and develop the hidden and latent powers and qualities within themselves whereby they will be enabled to: R: ise to their fullest potential. The mythos of the ancient Norse is the context in which these esoteric and magical endeavors take place. The gods and goddesses are the archetypes the sorcerer seeks to emulate and the runes of the Elder Futhark are the primary working tools. The crux of the approach to Norse magic described in this

book is concisely summed up in the famous phrase from the Havamal Rune Poem, "self unto self a sacrifice." The first section of the book establishes the mythic context in which the sorcerer might work their magic. This is followed by commentary on the runes of the Elder Futhark and outlines an approach to become familiar with them. The final section is dedicated to ritual. This work contains ideas to found nowhere else which are the result of many years of personal learning, meditation, contemplation, and actual practice by the author. The path presented here is difficult and meant only for those with the desire and fortitude to: R: ise. Travel wel

Runes and Runic Inscriptions London : British Museum Publications

Infused with Norse mythology, the Fupark runes still serve as a vital key to the cultural heritage of the Icelandic people. Runes: The Icelandic Book of Fupark introduces three different but related forms of runic systems in a chronological order: the Elder Fupark, the Younger Fupark and the Icelandic Fupark.

Runes Templeton Foundation Press

Runework authority and author Edred Thorsson, explores the riddle of the runes. Combing historical lore with a detailed investigation, Runelore focuses on the esoteric aspects of the runic tradition. In Part One, Historical Lore, Thorsson uses archaeological evidence to explain where the runes come from, what they mean, and how they evolved. In Part Two, Hidden Lore, he takes a more psychological view of the runes and looks at the entire cosmology of the Old Norse to explain the role runes played and how they were used over time. Included are specific sections on rune magic and divination, rune poems, runic numerology, and concise explanations of the mysteries of the 24 runes. Reprinted with a newly designed cover, Runelore offers a complete picture of the Runes.

Pagan Portals - Runes Walter de Gruyter

The Secret Practices of the German Rune Magicians Red Wheel/Weiser

Reveals the ancient oracle based on the runic Elder Futhark alphabet of the Norse.

Rockridge Press

Runes have long been used as vital tools for transformation. The Norse employed them as tools for communication, and the Vikings would use them as wisdom before embarking on a journey or entering battle. Runic scholar Kaedrich Olsen reclaims the transformative power of the runes for readers today as a key to unlocking our potential for personal growth and our life's vision. Runes for Transformation is unlike any other rune book on the market, with Olsen's unique techniques and applications for this ancient alphabet including affirmations, NLP, visualizations, and meditation, as well as the historical background essential to embarking on this path. A highly respected teacher and transpersonal path worker, Kaedrich Olsen posits that the time for this "deeper working" of the runes has come and this will aid readers in both personal and collective evolution. Runes for Transformation is a rich resource and excellent guide for readers to take the steps to change their lives with a boldly modern approach to the ancient runes and for "change that really matters."

Runes for Beginners Simon and Schuster

From late antiquity through to the early middle ages, people across north-western Europe were inscribing runes on a range of different objects. Once identified and interpreted by experts, runes provide us with invaluable evidence for the early Germanic languages including English, Dutch, German and the Scandinavian languages and reveal a wealth of information about our early civilisations. Runes employ many techniques from informal scratchings to sophisticated inlaid

designs on weapons, or the exquisite relief carvings of the Franks Casket. The task of reading and understanding them involves a good deal of detective-work, calling on expertise from a number of academic disciplines: archaeology, art history, linguistics, and even forensic science. This book tells the story of runes from their mysterious origins, their development as a script, to their use and meaning in the modern world. Illustrated with a range of beautiful objects from jewellery to tools and weapons, Runes will reveal memorials for the dead, business messages, charms and curses, insults and prayers, giving us a glimpse into the languages and cultures of Europeans over a thousand years ago.

Runes and Ritual Manchester University Press

Inner Traditions / Bear & Co

Odin is arguably one of the most enigmatic and complex characters in Norse mythology. Revered since the Viking Age, Odin has been called the greatest of the gods--the god of words and wisdom, runes and magic, a transformer of consciousness, and a trickster who teaches truth. He is both war god and poetry god, and he is the Lord of Ravens, the All- Father, and the rune master. *Odin: Ecstasy, Runes, and Norse Magic* is the first book on Odin that is both historically sourced and accessible to a general audience. It explores Odin's origins, his appearances in sagas, old magic spells, and the Poetic Edda, and his influence on modern media, such as Tolkien's *Lord of the Rings* trilogy. Each chapter features suggestions for rituals, exercises, and music, so readers can comprehend and become closer to this complicated god. Author Diana Paxson, an expert on Viking-era mythology, provides a complete portrait of Odin and draws on both scholarship and experience to provide context, resources, and guidance for those who are drawn to work with the Master of Ecstasy today.

Runes Gudrun Publishing

Sorting fact from fiction about runes has become increasingly difficult in recent years. The number of rune books has multiplied, but the majority of them are based on speculation, or even complete fantasy, and are often contradictory and confusing. Some readers may be content to settle for

these, but a growing number of rune students have been asking for a basic factual foundation so that they can judge for themselves the reliability of the information in the esoteric rune books. *The Rune Primer* at last bridges the gap between the dry, complex, and expensive academic works, and the less reliable esoteric and New Age books about rune magic and divination. This book makes the old sources accessible, with translations of the rune poems, and the historical information presented in plain English. It also traces many of the recently invented rune myths to their sources, reviews some of the most popular authors, and explains the ideas behind some of the modern esoteric rune systems.

Runes Macmillan

Runes are an ancient method of divination that still remain popular and useful today. Many people find them intriguing, because of their unique history and specific means of divination. Unlike fortune telling, runes are used to delve into a person's subconscious, and explore their true desires. They can be a wonderful aid in meditational practice, gaining self-awareness, or just getting some more perspective on various situations in your life. To people unfamiliar with divination tools, it may seem like some kind of spooky magic trick, witchcraft or even something demonic. None of those descriptions are accurate, and actually, runes encourage a person to explore their own mind and gain self-introspection. Initially part of an ancient Germanic alphabet, Runes have existed for hundreds of years. Versions of runes have been found in many different cultures all across the world, with stones created in a multitude of alphabets and designs. Simply put, runes are an old relic that has survived the test of time and is still proven useful today. The stones are a simple oracle which one can use to stimulate the thinking process. When the stones are cast, they aren't always entirely specific, meaning it is up to you to consider what they are telling you and how it relates to what you were asking. This often opens that pathway for critical thinking, solving problems and reducing stress.
