Applied Writing by the Journalistic Method
Macmillan

More than a century after his death in 1897, Henry George remains one of the most original and influential economic thinkers in American history. His revolutionary theory on land taxation gained a tremendous following, reshaped the nation's political and economic debate, and continues today to be a widely discussed and controversial subject throughout the world. George's seminal work was *Progress and Poverty* (1879), but

as a reformer, economist, journalist, and political candidate he wrote scores of articles on a vast array of topics, including political thought, election reform, immigration, labor, Lincoln, presidential campaigns, private property, socialism, industrialization, Ireland, Australia, the Chinese in California, and his race for mayor of New York City. His writing shaped a generation of statesmen and intellectuals, including Winston Churchill, Robert La Follette, Clarence Darrow, George Bernard Shaw, and Milton Friedman. Despite his profound influence on economic thought and American reform, he remains understudied, in part because many of his writings appeared in obscure journals, long-defunct daily newspapers, and long out-of-print

collections. This four-volume set rectifies this problem by gathering all of George's hard-to-find articles and essays in one comprehensive edition. It also includes the first biographical sketch of him, written in 1884 and never before republished, as well as numerous articles he wrote during his tour of Australia in 1890. Edited by noted George scholar Kenneth C. Wenzer, each article is reprinted in its original form with annotations. There is a general introduction to each volume. A timeline of George's activities and travels is also included.

Women in Journalism SAGE Publications
Praise for the first edition: 'There are books that are badly written, books that are well written and books that you wish you'd written. This is one of the latter.

Hicks and his co-writers produce a book that is a joy to read and is packed full of helpful advice.' – Chris Frost, Journalist 'You don't have to be a journalist to read this book. Anyone with an interest in improving their writing skills and developing a sense of good style will find it useful Wynford Hicks takes a no-nonsense, sleeves rolled up approach to writing which has no time for preciousness.' – Roy Johnson, Mantex 'Writing for Journalists neatly fills a gap in the market for a no-nonsense book for trainees written by trainers who genuinely understand the industry and who have moved with the times.' – Sharon Wheeler, Journalism Studies Writing for Journalists is about the craft of journalistic writing: how to put one word after another so that the reader gets the message – or the joke – goes on reading and comes back for more. It is a practical guide for all those who write for newspapers, periodicals and websites, whether students, trainees or professionals. This revised and updated edition introduces the reader to the essentials of good writing. Based on critical analysis of news stories, features and reviews from daily and weekly papers,

consumer magazines, specialist trade journals and a variety of websites, Writing for Journalists includes: advice on how to start writing and how to improve and develop your style how to write a news story which is informative, concise and readable tips on feature writing from researching profiles to writing product round-ups how to structure and write reviews a new chapter on writing online copy.

Feature Writing and Reporting Robert Hale Convergent Journalism: An Introduction is the pioneering textbook on practicing journalism in the 21st century, now in its third edition, offering chapters by industry experts covering key components for today's converged media landscape. Each chapter of this book is written by an expert in the field, offering practical and key skills for the different aspects that make up the practice of journalism today. This new edition, written from the ground up, shifts the discussion toward a model of responsible and audience-centric journalism and demonstrates the ways journalists can use new media tools as both senders and receivers. The bedrock tenets of journalism remain at the core of

this book, including information dissemination, storytelling, and audience engagement. This book offers readers: • A number of pedagogical features to improve learning and retention, including examples, exercises, breakout boxes and more • Coverage of additional topics such as issues of law and ethics in digital media, and also writing for mobile platforms and social media • Individual chapters written by subject experts, giving readers the necessary know-how for converged media by proven leaders in the field Students looking for the practical skills and ethical background necessary for producing journalism in the contemporary media landscape will find this book an invaluable resource. It is perfect for students in courses such as Convergent Journalism, Digital Media, Online Journalism, and Multimedia Journalism. The Purple Decades Red Globe Press From "the godfather behind creative nonfiction" (Vanity Fair) comes this indispensable how-to for nonfiction writers of all levels and genres, "reminiscent of Stephen King's fiction handbook On Writing" (Kirkus). Whether you're writing a rags-to-riches tell-all memoir or literary

journalism, telling true stories well is hard work. In *You Can't Make This Stuff Up*, Lee Gutkind, the go-to expert for all things creative nonfiction, offers his unvarnished wisdom to help you craft the best writing possible. Frank, to-the-point, and always entertaining, Gutkind describes and illustrates every aspect of the genre. Invaluable tools and exercises illuminate key steps, from defining a concept and establishing a writing process to the final product. Offering new ways of understanding the genre, this practical guidebook will help you thoroughly expand and stylize your work.

The Complete Guide for Today's Journalist Da Capo Lifelong Books

Packed with the best samples of feature writing today, this practical text gives students ample opportunity to practice their writing as they build a portfolio of work for their future careers.

Cox's special attention on new multimedia and online reporting prepares readers for success in a rapidly changing media landscape.

A Journalist Teaches Young Writers Baton Rouge : Louisiana State University Press

The present book has been brought into being in view of incessant demand pertaining to the subject Journalism, inherently requires that stories be told in-depth. Many newspapers have cut out long articles even before the Internet. They have followed the example set by television news. They have been hit by the rising price of newsprint, and the renewed emphasis on cost cutting. They are convinced that readers are pressed for time, impatient with detail, and conditioned to ingest the news in pellet-like form. The bulk of broadcast news is reporting in the sense that is used is different rather than journalism. It is epitomized by the two-minute wire service radio bulletin on the hour already a fast disappearing format. In this incisive and well-presented work, the book has synthesized the findings to lay down principles of sound journalism for both those in the industry and the citizens, who

rely on the free press as a fundamental element of democracy. First and foremost among these principles is journalism's obligation to the truth. It will immensely benefit students, teachers, mass communicators, theoreticians and practitioners alike. Something usable today, a ready reckoner for years to come and a collector's item for all times. A must read durable and preservable
Catalogue Shell Education
Harijan presented the Mahatma when he was alive in his many moods: friend, philosopher, guide, politician, statesman, saint. He was all that and much more. He was the complete editor. There never was an editor like him before and there never will be another like him in the future. The times, of course, made the man. But the man contributed to his times in many wondrous ways.

The Fiction and Journalistic Writing of

Stephen Crane Greenwood

Free to Write offers hundreds of practical ideas on how to turn elementary and middle school students into better writers and learners.

Journalists as Genre Benders in Literary History Routledge

The Purple Decades brings together the author's own selections from his list of critically acclaimed publications, including the complete text of Mau-Mauing and the Flak Catchers, his account of the wild games the poverty program encouraged minority groups to play.

Convergent Journalism: An Introduction
Scientific e-Resources

For at least a decade, media prognosticators have been declaring the death of radio, daily newspapers, journalistic ethics, and even journalism itself. But in *Convergence Journalism*_an introductory text on how to think, report, write, and present news across platforms_Janet Kolodzy predicts that the new century will be an era of change and choice in journalism. Journalism of the future will involve all sorts of media: old and new, niche and mass, personal and global. This text will prepare journalism students for the future of news reporting.

The Complete Guide to Writing Creative Nonfiction -- from Memoir to Literary Journalism and Everything in Between Routledge

In this volume, Doug Underwood asks whether much of what is now called

literary journalism is, in fact, 'literary,' and whether it should rank with the great novels by such journalist-literary figures as Twain, Cather, and Hemingway, who believed that fiction was the better place for a realistic writer to express the important truths of life.

Foundational Skills for a Digital Age Routledge

An anthology Malcolm Gladwell has called "riveting and indispensable," *The Best Business Writing* is a far-ranging survey of business's dynamic relationship with politics, culture, and life. This year's selections include John Markoff (New York Times) on innovations in robot technology and the decline of the factory worker; Evgeny Morozov (New Republic) on the questionable value of the popular TED conference series and the idea industry behind it; Paul Kiel (ProPublica) on the ripple effects of the ongoing foreclosure crisis; and the infamous op-ed by Greg Smith, published in the New York Times, announcing his break with Goldman Sachs

over its trading practices and corrupt corporate ethos. Jessica Pressler (New York) delves into the personal and professional rivalry between Tory and Christopher Burch, former spouses now competing to dominate the fashion world. Peter Whoriskey (Washington Post) exposes the human cost of promoting pharmaceuticals off-label. Charles Duhigg and David Barboza (New York Times) investigate Apple's unethical labor practices in China. Max Abelson (Bloomberg) reports on Wall Street's amusing reaction to the diminishing annual bonus. Mina Kimes (Fortune) recounts the grisly story of a company's illegal testing—and misuse—of a medical device for profit, and Jeff Tietz (Rolling Stone) composes one of the most poignant and comprehensive portraits of the financial crisis's dissolution of the American middle class.

An Elective Course in Journalistic Writing Prabhat Prakashan

"An indispensable guide." Richard Lederer, author of *The Write Way*, *Sleeping Dogs Don't Lay*, and *Comma Sense -- The American Mercury* Routledge
In Indian context.

Undergraduate Catalog of the University of Massachusetts, Amherst Createspace Independent Publishing Platform

Through numerous short stories, novels such as *Free Land*, and political writings such as “Credo,” Rose Wilder Lane forged a literary career that would be eclipsed by the shadow of her mother, Laura Ingalls Wilder, whose *Little House* books Lane edited. Lane’s fifty-year career in journalism has remained largely unexplored. This book recovers journalistic work by an American icon for whom scholarly recognition is long overdue. Amy Mattson Lauters introduces readers to Lane’s life through examples of her journalism and argues that her work and career help establish her not only as an author and political rhetorician but also as a literary journalist. Lauters has assembled a collection of rarely seen nonfiction articles that illustrate Lane’s talent as a writer of literary nonfiction, provide on-the-spot views of key moments in American cultural history, and offer sharp commentary on historical events. Through this collection of Lane’s journalism, dating from early work for *Sunset* magazine in 1918 to her final piece

for *Woman’s Day* set in 1965 Saigon, Lauters shows how Lane infused her writing with her particular ideology of Americanism and individualism, self-reliance, and freedom from government interference, thereby offering stark commentary on her times. Lane shares her experiences as an extra in a Douglas Fairbanks movie and interviews D.W. Griffith. She reports on average American women struggling to raise a family in wartime and hikes over the Albanian mountains between the world wars. Her own maturing conservative political views provide a lens through which readers can view debates over the draft, war, and women’s citizenship during World War II, and her capstone piece brings us again into a culture torn by war, this time in Southeast Asia. These writings have not been available to the reading public since they first appeared. They encapsulate important moments for Lane and her times, revealing the woman behind the text, the development of her signature literary style, and her progression as a writer. Lauters’s introduction reveals the flow of Lane’s life and career, offering key insights into women’s history, the literary

journalism genre, and American culture in the first half of the twentieth century. Through these works, readers will discover a writer whose cultural identity was quintessentially American, middle class, midwestern, and simplistic—and who assumed the mantle of custodian to Americanism through women’s arts. *The Rediscovered Writings of Rose Wilder Lane* traces the extraordinary relationship between one woman and American society over fifty pivotal years and offers readers a treasury of writings to enjoy and discuss. *Professional Writing* Vintage *Dynamics of News Reporting and Writing: Foundational Skills for a Digital Age* shows students how to approach their stories and think on their feet in the evolving media landscape. Recognizing that well-crafted stories are founded on sharp prose, author Vincent F. Filak covers more foundational elements of a newswriting textbook, like lead writing, structure, and storytelling, while also teaching students how to think critically and determine what matters most to their readers. The Second Edition includes even more writing and grammar exercises, discussions of social media and digital media advancements, and

additional career-related examples to help students succeed upon entering the field.

Journalism Marion Street Press

In July 1997, twenty-five of America's most influential journalists sat down to try and discover what had happened to their profession in the years between Watergate and Whitewater. What they knew was that the public no longer trusted the press as it once had. They were keenly aware of the pressures that advertisers and new technologies were putting on newsrooms around the country. But, more than anything, they were aware that readers, listeners, and viewers — the people who use the news — were turning away from it in droves. There were many reasons for the public's growing lack of trust. On television, there were the ads that looked like news shows and programs that presented gossip and press releases as if they were news. There were the "docudramas," television movies that were an uneasy blend of fact and fiction and which purported to show viewers how events had "really" happened. At newspapers and magazines, celebrity was replacing news, newsroom budgets were being slashed, and editors were pushing

journalists for more "edge" and "attitude" in place of reporting. And, on the radio, powerful talk personalities led their listeners from sensation to sensation, from fact to fantasy, while deriding traditional journalism. Fact was blending with fiction, news with entertainment, journalism with rumor. Calling themselves the Committee of Concerned Journalists, the twenty-five determined to find how the news had found itself in this state. Drawn from the committee's years of intensive research, dozens of surveys of readers, listeners, viewers, editors, and journalists, and more than one hundred intensive interviews with journalists and editors, *The Elements of Journalism* is the first book ever to spell out — both for those who create and those who consume the news — the principles and responsibilities of journalism. Written by Bill Kovach and Tom Rosenstiel, two of the nation's preeminent press critics, this is one of the most provocative books about the role of information in society in more than a generation and one of the most important ever written about news. By offering in turn each of the principles that should govern reporting, Kovach and Rosenstiel show how some of the most

common conceptions about the press, such as neutrality, fairness, and balance, are actually modern misconceptions. They also spell out how the news should be gathered, written, and reported even as they demonstrate why the First Amendment is on the brink of becoming a commercial right rather than something any American citizen can enjoy. *The Elements of Journalism* is already igniting a national dialogue on issues vital to us all. This book will be the starting point for discussions by journalists and members of the public about the nature of journalism and the access that we all enjoy to information for years to come.

Journalism in the Digital Age Partridge Publishing

"Reporter is just wonderful. Truly a great life, and what shines out of the book, amid the low cunning and tireless legwork, is Hersh's warmth and humanity. This book is essential reading for every journalist and aspiring journalist the world over." —John le Carré From the Pulitzer Prize-winning, best-selling author and preeminent investigative journalist of our time—a heartfelt, hugely revealing memoir of a decades-long career breaking

some of the most impactful stories of the last half-century, from Washington to Vietnam to the Middle East. Seymour Hersh's fearless reporting has earned him fame, front-page bylines in virtually every major newspaper in the free world, honors galore, and no small amount of controversy. Now in this memoir he describes what drove him and how he worked as an independent outsider, even

at the nation's most prestigious publications. He tells the stories behind the stories—riveting in their own right—as he chases leads, cultivates sources, and grapples with the weight of what he uncovers, daring to challenge official narratives handed down from the powers that be. In telling these stories, Hersh divulges previously unreported information about some of his biggest

scoops, including the My Lai massacre and the horrors at Abu Ghraib. There are also illuminating recollections of some of the giants of American politics and journalism: Ben Bradlee, A. M. Rosenthal, David Remnick, and Henry Kissinger among them. This is essential reading on the power of the printed word at a time when good journalism is under fire as never before.
