Ourselves: Volume 2 Cambridge  
Assessment International Education  
Anthology of Poetry in English  
When you Read Like a Writer (RLW) you  
work to identify some of the choices the  
author made so that you can better  
understand how such choices might arise  
in your own writing. The idea is to carefully  
examine the things you read, looking at  
the writerly techniques in the text in order  
to decide if you might want to adopt

similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

In Potential Images Dario Gamboni

explores ambiguity in modern art,

considering images that rely to a great

degree on a projected or imaginative

response from viewers to achieve their

effect. Ambiguity became increasingly

important in late 19th- and early 20th-

century aesthetics, as is evidenced in

works by such artists as Redon, Cezanne,

Gauguin, Ensor and the Nabis. Similarly,

the Cubists subverted traditional

representational conventions, requiring

their viewers to decipher images to extract

their full meanings. The same device was

taken up in the various experiments

leading to abstraction. For example, it was

Kandinsky's intention that his work could

be interpreted in both figurative and non-

figurative ways, and Duchamp's

Readymades suggested the radical

conclusion that 'it is the beholder who

makes the picture'. These invitations to

viewers to participate in the process of

artistic communication had social and

political implications, as they accorded

artist and beholder symmetrical, almost interchangeable, roles.

Conceptual Drawings from the World's Most Influential Designers Reaktion Books A work of unparalleled candor and splendorous beauty, The Lyrics celebrates the creative life and the musical genius of Paul McCartney through 154 of his most meaningful songs. Here are the origins of "Let It Be," "Lovely Rita," "Yesterday," and "Mull of Kintyre," as well as McCartney's literary influences, including Shakespeare, Lewis Carroll, and Alan Durband, his high-school English teacher. David Constantine's second book shows a remarkable development in the range and power of his poetry. After establishing his reputation with the quiet but resonant poems of *A Brightness to Cast Shadows* (1980), Constantine has gone on to achieve a classical mastery of form and to further develop a highly individual voice, which now has an almost visionary edge. In the poems and related Greek translations of *Watching for Dolphins* David Constantine recreates a complete imaginative world. Mythical and biblical figures - Christ, Lazarus, Aphrodite and Persephone - appear as opposing forces of Christian compassion and classical excellence. Contrasts and contradictions are at the heart of Constantine's poetic world. The possibility of personal happiness is insisted upon: any wider optimism would be out of place.
