An extraordinary debut collection of short stories by a three-time Pushcart Prize winner following Chinese women in both China and the United States who turn to signs and languages as they cross the alien landscapes of migration and motherhood. "The most common word in Chinese, perhaps, a ubiquitous syllable people utter and hear all the time, which is supposed to mean good. But what is hao in this world, where good books are burned, good people condemned, meanness considered a good trait, violence good conduct? People say hao when their eyes are marred with suspicion and dread. They say hao when they are tattered inside." By turns reflective and visceral, the stories in Hao examine the ways in which women can be silenced as they grapple with sexism and racism, and how they find their own language to define their experience. In “Gold Mountain,” a young mother hides above a ransacked store during the San Francisco anti-Chinese riot of 1877. In “A Drawer,” an illiterate mother invents a language through drawing. And in “Stars,” a graduate student loses her ability to speak after a stroke. Together, these twelve stories create "an unsettling, hypnotic collection spanning centuries, in which language and children act simultaneously as tethers and casting lines, the reasons and the tools for moving forward after trauma. "You'll come away from this beautiful book changed" (Julia Fine, author of The Upstairs House).

Ministry: The Lost Gospels is both ugly and captivating, revealing a character who has lived a hard life his way, without compromise. Jourgensen, one of the most innovative and prolific artists ever to pick up a guitar, mandolin, harmonica, or banjo, wanted to be a musician, yet became a rock star. And fame and fortune almost killed him. An IV drug abuser from the age of fifteen, Jourgensen delved deeper into heroin, cocaine, methadone, and alcohol for twenty-two years before cleaning up, straightening out, and finding new reasons to live. Filled with humor, heart, decadence, and tragedy, Ministry depicts the epic life of a renegade iconoclast.

*Writings on Kerouac & the Sounds* Hal Leonard

The first memoir by Wayne Kramer, legendary guitarist and cofounder of quintessential Detroit proto-punk legends The MC5 "Voyeuristically dramatic." - THE NEW YORK TIMES BOOK REVIEW In January 1969, before the world heard a note of their music, the MC5 was on the cover of Rolling Stone. Led by legendary guitarist Wayne Kramer, the band was a reflection of the times: exciting, sexy, violent, chaotic, and even out of control. The missing link between free jazz and punk rock, the MC5 toured the country, played alongside music legends, and had a rabid following, their music acting as the soundtrack to the blossoming blue collar youth movement. Kramer wanted to redefine what a rock 'n' roll group was capable of, and though there was power in reaching for that, it was also a recipe for personal and professional disaster. The band recorded three major label albums but, by 1972-it was all over. Kramer's story is (literally) a revolutionary one, but it's also the deeply personal struggle of an addict and an artist, a rebel with a great tale to tell. From the glory days of Detroit to the junk-sick streets of the East Village, from Key West to Nashville and sunny L.A., in and out of prison and on and off of drugs, Kramer's is the classic journeyman narrative, but with a twist: he's here to remind us that revolution is always an option.

Music. Cultural Writing. Perhaps no living American poet has taken Kerouac, jazz and bop prosody into as many original directions as Clark Coolidge. In his inimitable prose, Coolidge recalls and explores the role Kerouac (Part 1) and jazz (Part 2) have played in his artistic development. A book of tremendous energy from the very first sentence: ON THE ROAD was first handed to me by somebody in a dorm at Brown, my sophomore year, 1957-58. 'Here, read this.' CRYSTAL TEXT, BOOK OF DURING, MESH and AT EGYPT are among the titles by Clark Coolidge available from SPD.

Tutti i segreti per investire a lungo termine. Un volume che describe, in modo semplice e pratico, quali sono gli strumenti, i metodi e le azioni che consentono di raggiungere l’obiettivo finanziario di un milione di euro. Nato dal desiderio dell’autore di aiutare i genitori a pianificare il futuro della propria famiglia e dei propri figli, questo libro è adatto anche a chi ha poca esperienza finanziaria, ma è comunque consapevole di quanto sia importante il tema della finanza personale. Nella prima parte sono spiegati nel dettaglio i motivi e le strategie che conducono verso il milione attraverso un piano di accumulo alimentato da un risparmio “intelligente” periodico, mentre nella seconda sono analizzati gli asset e gli strumenti finanziari da usare per raggiungere l’obiettivo. Nell’ultima parte l'autore mostra concretamente come, con le sue finanze personali, stia agendo per lastricare la strada verso un milione di euro per la figlia, cavalcando anche l’onda dei mega trend.

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

*How to Listen to Jazz* Xlibris Corporation

'It is the most singular of sounds, yet among the most ubiquitous. It is the sound of isolation that has sold itself to millions.' Miles Davis's Kind of Blue is the best selling piece of music in the history of jazz, and for many listeners among the most haunting in all of twentieth-century music. It is also, notoriously, the only jazz album many people own. Recorded in 1959 (in nine miraculous hours), there has been nothing like it since. Its atmosphere - slow, dark, meditative, luminous - became all-pervasive for a generation, and has remained the epitome of melancholy coolness ever since. Richard Williams has written a history of the album which for once does not rip it out of its wider cultural context. He evokes the essence of the music - identifying the qualities that make it so uniquely appealing - while making effortless connections to painting, literature, philosophy and poetry. This makes for an elegant, graceful and beautifully-written narrative.

**Deep in a Dream** The Daily Agony of Theophil MagusJazz & Blues Haiku Novel for Anna-Maria

The Washington Post hails Greil Marcus as our greatest cultural critic. Writing in the London Review of Books, D. D. Guttenplan calls him probably the most astute critic of American popular culture since Edmund Wilson. For nearly thirty years, he has written a remarkable column that has migrated from the Village Voice to Artforum, Salon, City Pages, Interview, and The Believer and currently appears in the Barnes & Noble Review. It has been a laboratory where Marcus has fearlessly explored and wittily dissected an enormous variety of cultural artifacts, from songs to books to movies to advertisements, teasing out from the welter of everyday objects what amounts to a de facto theory of cultural transmission. Published to complement the paperback edition of The History of Rock & Roll in Ten Songs, Real Life Rock reveals the critic in full: direct, erudite, funny, fierce, vivid, astute, uninhibited, and possessing an unerring instinct for art and fraud. The result is an indispensable volume packed with startling arguments and casual brilliance.
