**The Birth of the Modern Mind** Faber & Faber

In this exquisitely written journal-turned-journey of self-discovery, international bestselling author Paolo Cognetti examines our universal desire for connection through a voyage in the Himalayas. Why climb a mountain without ever reaching the summit? In 2017, Paolo Cognetti returned to Nepal, not to conquer the mountains but to journey through the high valleys of the Dolpo with a copy of Peter Matthiessen's *The Snow Leopard* in hand. Drawing on memories of his

childhood in the Alps, Cognetti explored the roots of life in the mountains, truly getting to know the communities and the nature that forged this resilient, almost mythical region. Accompanying him was Remigio, a childhood friend who had never left the mountains of Italy, and Nicola, a painter he had recently met. Joined by a stalwart team of local sherpas, the trio started out in the remote Dolpo region of Nepal. From there, a journey of self-discovery shaped by illness, human connection, and empathy was born. *Without Ever Reaching the Summit* features line illustrations drawn by the author.

The Dark Unwinding Legas / Gaetano Cipolla

From the award-winning, internationally

acclaimed Israeli author, a suspenseful and poignant story of a family coping with the sudden mental decline of their beloved husband and father--an engineer who they discover is involved in an ominous secret military project. Until recently, Zvi Luria was a healthy man in his seventies, an engineer living in Tel Aviv with his wife, Dina, visiting with their two children whenever possible. Now he is showing signs of early dementia, and his work on the tunnels of the Trans-Israel Highway is no longer possible. To keep his mind sharp, Zvi decides to take a job as the unpaid assistant to Asael Maimoni, a young engineer involved in a secret military project: a road to be built inside the massive Ramon Crater in the northern Negev Desert. The challenge of the road,

however, is compounded by strange circumstances. Living secretly on the proposed route, amid ancient Nabatean ruins, is a Palestinian family under the protection of an enigmatic archaeological preservationist. Zvi rises to the occasion, proposing a tunnel that would not dislodge the family. But when his wife falls sick, circumstances begin to spiral . . . The Tunnel--wry, wistful, and a tour de force of vital social commentary--is Yehoshua at his finest.

great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are.

Per acquisire una conoscenza efficace, quella più determinante per mettere in atto i cambiamenti, imprenditori e manager devono muoversi, devono viaggiare e visitare i luoghi dove nasce e si mantiene l'innovazione. Il libro parla di viaggi alla scoperta di ecosistemi che favoriscono il germogliare delle idee e delle loro applicazioni. Qui l'apprendimento presuppone la fatica e la gioia del viaggio che è di per sé un atto innovativo rispetto alla nostra quotidianità e alla nostra zona di comfort. Ma il viaggio e la visita a questi luoghi - aziende, parchi tecnologici, università, centri di ricerca, incubatori - costituiscono un formidabile

acceleratore per la conoscenza di nuovi modelli di business e organizzativi che in breve tempo ci raggiungono modificando le nostre abitudini aziendali e i nostri mercati. Con la velocità esponenziale con cui i cambiamenti evolvono, diventa fondamentale apprendere per tempo questi nuovi modelli, interiorizzarli e agirli nella nostra realtà prima che sia troppo tardi. Non basta studiare tutto ciò a tavolino; si può davvero apprendere solo andando a visitare i luoghi dove le cose accadono: dalla Silicon Valley alla Chilecon Valley, dalla Israel Valley all'Indian city of Bangalore, dal Cambridge Science Park al Science Park Berlin Adlershof e tanti altri micro luoghi dell'innovazione, innescando un processo conoscitivo che non può prescindere dal contatto fisico e dall'emozione. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 10.0px Arial}

Where do you begin with a writer as original and brilliant as David Foster Wallace? Here -- with a carefully considered selection of his extraordinary body of work, chosen by a range of great writers, critics, and those who worked with him most closely. This volume presents his most dazzling, funniest, and most heartbreaking work -- essays like his famous cruise-ship piece, "A Supposedly Fun Thing I'll Never Do Again," excerpts from his novels *The Broom of the System*, *Infinite Jest*, and *The Pale King*, and legendary stories like "The Depressed Person." Wallace's explorations of morality, self-consciousness, addiction, sports, love, and the many other subjects that occupied him are represented here in both fiction and nonfiction. Collected for the first time are Wallace's first published

story, "The View from Planet Trillaphon as Seen In Relation to the Bad Thing" and a selection of his work as a writing instructor, including reading lists, grammar guides, and general guidelines for his students. *The New Science of How We Walk and Why It's Good for Us* Penguin

The first and only guide to turning your 21st century democracy into a fascist paradise. Democracy is difficult, flawed and unstable. It involves barely distinguishable political parties taking part in lengthy, overcomplicated and expensive decision-making processes. Trying to engage so many people with political issues seems to lead only to complexity and disagreement. So why bother? Doesn't fascism guarantee a more effective and efficient management of the state? In this short, biting ironic mixture of *On Tyranny* and *The Psychopath Test*, Italian political activist Michela Murgia explores the logic

that is attracting increasing numbers of voters to right-wing populism. Far from its origins in the 20th century, fascism is once again on the rise in an age of increased connectivity and globalism. Murgia shows how many of the elements of our society that we might think would combat closed-mindedness and xenophobia actually fan the flames. Closing with a "fascistometer" to measure the reader's own authoritarian inclinations, *How to be a Fascist* is a refreshingly direct, polemical book that asks us to confront the fascism in our governments, in our societies, and in our own political leanings.

**Duck, Death and the Tulip** Scholastic Inc.

Ci sono treni che inseguono l'odore del mare e treni sottosopra. Treni che uniscono città separate da tutto ma che non sanno vivere l'una senza l'altra. Treni a cui basta poco per portarti in un altro mondo e treni che girano su se stessi per farti ritrovare qualcosa che pensavi di aver perduto per sempre. Il treno gode di una gloria romantica esclusiva. Tra i molti che sono rimasti affascinati dal suo sferragliare c'è Federico Pace che nei suoi racconti tesse l'elogio del viaggiare lento,

cogliendo i contorni di quel microcosmo sospeso che nasce e muore di viaggio in viaggio. "la Lettura - Corriere della Sera" Londra-Parigi, Venezia-Atene, Cagliari-Olbia, Porto-Lisbona, Bergen-Oslo, Nizza-Marsiglia... Attraverso il Brennero e sull'orlo dell'Oceano. Federico Pace riunisce viaggi in treno che si assomigliano, come possono assomigliarsi i fratelli e le sorelle di una stessa famiglia. Qualcosa li tiene insieme anche se sono diversissimi. Per le geometrie con cui procedono, per le persone che ti fanno incontrare, per i pensieri che ti fanno venire in testa. Racconti per tirare il filo di tante storie e riscoprire il viaggio nella sua forma più sublime, antica e modernissima. Perché quando si parte in treno, si parte davvero.

Viaggiare non vuol dire soltanto attraversare il cuore segreto dei continenti. Viaggiare è anche l'uscita dall'infanzia, l'inizio di un'amicizia, la rottura di un legame che credevamo non potesse finire mai. Perché è quando si va altrove che le cose importanti cominciano ad accadere, quando la vita ci mette alla prova e ci svela una parte di noi che prima non conosceamo.

Gaetano Cipolla

Selected as one of NPR's Best Books of 2019 Selected by National Geographic as one of 12 "great books for travelers" 'The prose is colourful and vigorous ... Jubber's journeying has indeed been epic, in scale and in ambition. In this thoughtful travelogue he has woven together colourful ancient and modern threads into a European tapestry that combines the sombre and the sparkling' Spectator 'A genuine epic' Wanderlust Award-winning

travel writer Nicholas Jubber journeys across Europe exploring Europe's epic poems, from the Odyssey to Beowulf, the Song of Roland to the Nibelungenlied, and their impact on European identity in these turbulent times. These are the stories that made Europe. Journeying from Turkey to Iceland, award-winning travel writer Nicholas Jubber takes us on a fascinating adventure through our continent's most enduring epic poems to learn how they were shaped by their times, and how they have since shaped us. The great European epics were all inspired by moments of seismic change: The Odyssey tells of the aftermath of the Trojan War, the primal conflict from which much of European civilisation was spawned. The Song of the Nibelungen tracks the collapse of a Germanic kingdom on the edge of the Roman Empire. Both the French Song of Roland and the Serbian Kosovo Cycle emerged from devastating conflicts between Christian and Muslim powers. Beowulf, the only surviving Old English epic, and the great Icelandic Saga of Burnt Njal, respond to times of great religious struggle - the shift from paganism to Christianity. These stories have stirred

passions ever since they were composed, motivating armies and revolutionaries, and they continue to do so today. Reaching back into the ancient and medieval eras in which these defining works were produced, and investigating their continuing influence today, Epic Continent explores how matters of honour, fundamentalism, fate, nationhood, sex, class and politics have preoccupied the people of Europe across the millennia. In these tales soaked in blood and fire, Nicholas Jubber discovers how the world of gods and emperors, dragons and water-maidens, knights and princesses made our own: their deep impact on European identity, and their resonance in our turbulent times.

The Tunnel HarperCollins

In Gates of Eden, Ethan Coen exhibits on the printed page the striking, twisted, yet devastatingly on-target vision of modern American life familiar from his movies. The world within the world we live in comes alive in fourteen brazenly original tragicomic short stories—from the Midwest mob war that fizzles due to the principals' ineptness to the trials of a deaf private eye with a blind client to a fugitive's

heartbreaking explanation for having beheaded his wife, alarming in that it almost makes sense.
