This book is an attempt to coax Roman history closer to the bone, to the breath and matter of the living being. Drawing from a remarkable array of ancient and modern sources, Carlin Barton offers the most complex understanding to date of the emotional and spiritual life of the ancient Romans. Her provocative and original inquiry focuses on the sentiments of honor that shaped the Romans' sense of themselves and their society. Speaking directly to the concerns and curiosities of the contemporary reader, Barton brings Roman society to life, elucidating the complex relation between the inner life of its citizens and its social fabric. Though thoroughly grounded in the ancient writings--especially the work of Seneca, Cicero, and Livy--this book also draws from contemporary theories of the

self and social theory to deepen our understanding of ancient Rome. Barton explores the relation between inner desires and social behavior through an evocative analysis of the operation, in Roman society, of contests and ordeals, acts of supplication and confession, and the sense of shame. As she fleshes out Roman physical and psychological life, she particularly sheds new light on the consequential transition from republic to empire as a watershed of Roman social relations. Barton's ability to build productively on both old and new scholarship on Roman history, society, and culture and her imaginative use of a wide range of work in such fields as anthropology, sociology, psychology, modern history, and popular culture will make this book appealing for readers interested in many subjects. This beautifully written work not only generates insight into Roman history, but also uses that insight to bring us to a new understanding of ourselves, our modern codes of honor, and why it is

that we think and act the way we do.

When Bill Mason set off alone into the wilderness in his red canoe, many people went with him, if only in their imaginations. Now, James Raffan leads us into the heart of the vast landscape that was Bill Mason's own brilliant imagination, on a biographical journey that is entertaining, enriching and inspiring. Bill Mason was a filmmaker who gave us classics such as *Cry of the Wild* and *Paddle to the Sea*; he was author of the canoeist's bible, *Path of the Paddle*; he was the consummate outdoorsman. But few Canadians know that his gentleness and rugged self-sufficiency masked a life of great physical struggles. James Raffan reveals the private, sometimes anguished, man behind the legend.

"Extraordinary. Tokarczuk's novel is funny, vivid, dangerous, and disturbing, and it raises some fierce questions about human behavior. My sincere admiration for her brilliant work." —Annie Proulx In a remote Polish village, Janina devotes the dark winter days to studying astrology, translating the poetry of William Blake, and taking care of the summer homes of wealthy Warsaw residents. Her reputation as a crank and a recluse is amplified by her not-so-secret preference for the company of animals over humans. Then a neighbor, Big Foot,

turns up dead. Soon other bodies are discovered, in increasingly strange circumstances. As suspicions mount, Janina inserts herself into the investigation, certain that she knows whodunit. If only anyone would pay her mind . . . A deeply satisfying thriller cum fairy tale, *Drive Your Plow over the Bones of the Dead* is a provocative exploration of the murky borderland between sanity and madness, justice and tradition, autonomy and fate. Whom do we deem sane? it asks. Who is worthy of a voice?

Glenn Hinson focuses on a single gospel program and offers a major contribution to our understanding not just of gospel but of the nature of religious experience. A key feature of African American performance is the layering of performative voices and the constant shifting of performative focus. To capture this layering, Hinson demonstrates how all the parts of the gospel program work together to shape a single whole, joining speech and song, performer and audience, testimony, prayer, preaching, and singing into a seamless and multifaceted service of worship. Personal stories ground the discussion at every turn, while experiential testimony fuels the

unfolding arguments. *Fire in My Bones* is an original exploration of experience and belief in a community of African American Christians, but it is also an exploration of African American aesthetics, the study of belief, and the ethnographic enterprise.

England Have My Bones was a well-received memoir about a year spent in England, staying in a workman's cottage

and writing this book, while engaging in falconry, hunting & fishing. The book is written in the form of a diary running from 3rd March 1934 to the 3rd March 1935. The author fishes, hunts, shoots ducks, learns to fly a small aeroplane, and keeps a snake as a pet. He does these things one at a time and obsessively, being the sort of person who needs to be the best at everything he tries. The author of "The Once and Future King" began keeping this diary to record the delights and constant surprises that a city dweller happens upon when he leaves the urban world behind and lives in the countryside. The poetry of fire, the mystery of trees, the marvels of trout fishing, the joy of the hunt and the delicious comfort of a cozy blazing fire are all described, and much more. An essential read for the keen or just curious country sportsman/woman. *Fire in My Bones* Scholastic Inc.

"But if I say, 'I will not mention him or speak anymore in his name,' his word is in my heart like a fire shut up in my bones. I am weary of holding it in. Indeed, I cannot." - J. 20:9 Heinrich

Ewald called Jeremiah, "the most human prophet." To Douglas Humphries, he's always been Jerry, "the prophet who talked back." Unexpectedly, blessedly standing in opposition to everything he thought it took to be one of the faithful. Jeremiah's story is one of rejection and destruction, tragic and yet profoundly hopeful. A true picture of what it costs to do the hard, right thing. What it means to follow God. What it means to even know God. And it found Douglas exactly when he needed it to. Part biblical analysis, part memoir, part confessional. As much a reaction to scripture as it is an investigation of it. This book brings new insight into an old, but all too familiar story. A new way to consider an old, but dear prophet.
