Max Baca is one of the foremost artists
of Tex-Mex music, the infectious dance
music sweeping through the Texas-
Mexico borderlands since the 1940s. His
Grammy-winning group, Los
Texmaniacs, and his extensive work with
the accordionist Flaco Jiménez
established the Albuquerque-born and
San Antonio-based bajo sexto
player/bandleader as a spokesperson for
a too-often-maligned culture. The list of
artists who have contributed to Los
Texmaniacs' albums include Alejandro
Escovedo, Joe Ely, Rick Trevino, Ray
Benson of Asleep at the Wheel, David
Hidalgo, Cesar Rosas, Steve Berlin of Los
Lobos, and Lyle Lovett. Max Baca was

born to play music. By his eighth birthday, he was already playing in his father's band. Polkas, redovas, corridos, boleros, chotises, huapangos, and waltzes are in his blood. Baca's music grew out of the harsh life of the borderland, and the duality of borderland music—its keening beauty—remains a recurring theme in everything he does.

Thomas Edward Harkin's Woodstock FAQ: All That's Left to Know About the Fabled Garden cuts through the lofty rhetoric and mythology surrounding the legendary festival. Rather than waxing philosophical about whether or not the Woodstock Music & Art Fair was the defining moment of the 1960s as so many have done before, Harkins places the focus on the music, solo artists, and bands who performed. Thirty-two acts took to the stage in Bethel, New York that weekend, and the book gives the performers and the music their due consideration. Who were they? Where did they come from? What songs did

they play? What happened to them afterward? How did the festival impact their careers? Those are the questions explored in these pages. Further, the book attempts to restore the chronological arc of the festival from concept to concert to its aftermath and enduring legacy. Drawing on his experiences as a media scholar, Harkins ponders how the album releases and Michael Wadleigh's Academy Award-winning 1970 film Woodstock helped shape the narrative of the festival and in the bargain distort people's memories of the actual event.

The Superstars Rowman & Littlefield
This is the first critical biography to explore John Fogerty's life and his music. When inducting Creedence Clearwater Revival into the Rock and Roll Hall of

Fame in 1993, Bruce Springsteen referred to the "music's power and its simplicity... [its] beauty and poetry and a sense of the darkness of events and of history, of an American tradition shot through with pride, fear, and paranoia." This book investigates those aspects and more of Fogerty's songs and life: his Americanism, his determined individualism, and unyielding musical vision which led to conflicts with his band, isolation from his family, constant legal battles, and some of the greatest songs of the 20th century.
