The Sword of Judith B&H

Publishing Group  
Moses Wilhelm Shapira's  
infamous Deuteronomy  
manuscripts -- long  
believed to be forgeries --

are of far greater  
significance than ever  
imagined. Idan Dershowitz  
shows that the text  
preserved in these

manuscripts is not based on the book of Deuteronomy. On the contrary, it is a proto-biblical book, the likes of which has never before been seen.

*The Aramaic of Daniel in the Light of Old Aramaic*  
B&H Espanol

The culmination of a lifetime of study, this comprehensive New Testament theology brings out the rich variety of New Testament thought while demonstrating its inner unity. New Testament theology, maintains

Donald Guthrie, centers on Jesus Christ—his person, work and mission—and is unified by repeated emphasis on the fulfillment of Old Testament promise, community, the Spirit and the future hope. An extended introduction surveys the history, nature and method of New Testament theology and sets forth the distinctive of Guthrie's synthetic approach. Guthrie then examines New Testament thought under the thematic headings of God, man and

his world, Christology, the mission of Christ, the Holy Spirit, the Christian life, the church, the future, the New Testament approach to ethics, and Scripture. Within each chapter he explores the synoptic Gospels, the Johannine literature, Acts, Paul, Hebrews, the remaining Epistles and Revelation. Marked by scholarly rigor and thoroughness, this volume is a standard reference and text, reflecting mature conservative scholarship at its best. Note: Because this ebook file is large,

please allow a little extra time to download.

### **Priests and Cults in the Book of the Twelve**

Harper Collins

The publication of the King James version of the Bible, translated between 1603 and 1611, coincided with an extraordinary flowering of English literature and is universally acknowledged as the greatest influence on English-language literature in history. Now, world-class literary writers introduce the book of the King James Bible in a series of beautifully

designed, small-format volumes. The introducers' passionate, provocative, and personal engagements with the spirituality and the language of the text make the Bible come alive as a stunning work of literature and remind us of its overwhelming contemporary relevance.

### **The Peshitta Holy Bible Translated** BRILL

This book discusses the depictions of the cult and its personnel in the twelve prophetic books commonly referred to as "The Book of the Twelve"

or "The Minor Prophets." The articles in the volume explore the following questions: How did these prophetic writers envision the priests and the Levites? What did they think about the ritual aspects of ancient Israelite faith, including not only the official temple cult in Jerusalem but also cultic expressions outside the capital? What, in their views, characterized a faithful priest and what should the relationship be between his cultic performance and the

ways in which he lived his life? How does the message of each individual author fit in with the wider Israelite traditions? Finally, who were these prophetic authors, in which historical contexts did they live and work, and what stylistic tools did they use to communicate their message?

Franklin Classics  
The definitive source for how to write and publish in the field of biblical studies The long-awaited second edition of the essential style manual for

writing and publishing in biblical studies and related fields includes key style changes, updated and expanded abbreviation and spelling-sample lists, a list of archaeological site names, material on qur'anic sources, detailed information on citing electronic sources, and expanded guidelines for the transliteration and transcription of seventeen ancient languages.

*An Introduction to Aramaic* BRILL  
This handsome new edition of the

authoritative English translation of the Aramaic (Syriac) Old and New Testaments--the language of Jesus--clarifies difficult passages and offers fresh insight on the Bible's message.

The Theological Profile of the Peshitta of Isaiah SBL Press

"After the success of the Antioch Bible, this publication is a new, historic edition of the Syriac-English New Testament in a single volume. The English translations of the New Testament Syriac Peshitta

along with the Syriac text were carried out by an international team of scholars"--

**The Bible as History**  
BRILL

This volume contains essays in the textual criticism of the Hebrew Bible, contributed by editors of the *Biblia Hebraica Quinta*. The studies range in scope from assessments of a book's textual situation to investigations of details in the Leningrad Codex.

The Arabic Versions of the Gospels Wm. B. Eerdmans Publishing

Where did the Bible come from? How do we know the right books are in the Bible? Does the Bible contain errors? What are the oldest copies we have of the Bible? How do we know that the Bible hasn't been changed over the years? Why are there so many translations of the Bible, and which one should I use? These are just some of the important questions about the Bible that are discussed in this

book. Understanding basic facts about the origin of the Bible is essential for every Christian, but it can also be confusing and difficult. Here, two well-known scholars, authors of a more technical book, *A General Introduction to the Bible*, explain simply and clearly these basic facts. Inspiration, the biblical canon, major manuscripts, textual criticism, early translations, and modern versions are some of the major topics discussed. Careful explanations of important points are given

throughout, as the entire field of biblical introduction is covered. Completely updated and revised edition of the 1974 work (more than 78,000 copies sold). Helpful charts have been added, along with an index of subjects, persons, and Scripture. This book is ideally suited for Bible students, pastors, and professors. While writing for readers without previous training, the authors do not gloss over difficult and complex issues when they arise. The nature of inspiration,

the extent of the canon, and the usefulness of modern versions are all clearly discussed. The authors write: "The chain of communication from God to us is strong. It has several solid links: inspiration, collection, transmission, and translations. The strength of these links provide the contemporary Christian with the moral certitude that the Spirit-inspired original text of Scripture has been providentially preserved by God so that for all practical purposes the Bible in our hands is

the infallible and inerrant word of God."

*The SBL Handbook of Style* Harper Collins

The earliest life of Christ ever compiled from the four Gospels, being the Diatessaron of Tatian Literally translated from the Arabic version and containing the four Gospels woven into one story. With an Historical and Critical Introduction, Notes, and Appendix by the Rev. J. HAMLYN HILL, B.D., formerly senior scholar of S. Catharine's College, Cambridge.  
Author of an English

version of "Marcion's Gospel." Reproduction of 1894 Edition.

*Biblia Peshitta, Tapa Dura*  
Mohr Siebeck

The Septuagint, the Greek translation of the Hebrew Old Testament, was the 'Bible' of the early Christian Church. This is a comprehensive introduction to the issues surrounding the translation and development of the Septuagint. Professor Hengel first traces the history of the Septuagint. He explores the controversial discussion

between Jews and Christians regarding its reliability, examining particularly the views of the church fathers relating to its authority, its inspiration, and its canon.

[How We Got the Bible](#)

In the final section of this work, the reader will find footnotes explaining relevant text selections.

*Translation Technique in the Peshitta to Jeremiah* BRILL

Customers in North America who wish to

purchase this publication, please contact Augsburg Fortress Press. First published in 1992, Emanuel Tov's Textual Criticism of the Hebrew Bible has rapidly established itself as the authoritative reference work for all those engaged in the study of the text of the Hebrew Bible. This thoroughly revised second edition will be welcomed by students and scholars alike. A wide range of readers will find this book accessible and indispensable. Emanuel Tov offers extensive

descriptions of the major witnesses to the text of the Hebrew Bible—the Hebrew texts from Qumran, the Septuagint, the Masoretic Text—as well as the Aramaic Targumim, the Syriac translations, the Vulgate, and others. Special attention is given to the exegetical aspects of the textual transmission, literary issues, and the problem of the original shape of the biblical text. Praise for the First Edition: "Emanuel Tov is preeminent in the world in the field of Septuagint studies. This is

a solid and durable work which, given its technical character, is written in a readable way." Frank Moore Cross, Harvard University "Nowhere else can you find such a thorough presentation of how the Bible was transmitted in Second Temple times ... This excellently written handbook represents a major step forward for biblical studies." Lawrence Schiffman, New York University "History will surely regard Emanuel Tov's monumental work as the definitive

discussion of textual criticism of this generation. A 'must-have' for any serious scholar of the Bible!" Sidnie A. White, University of Nebraska "The basic reference work on the textual criticism of the Hebrew Bible for at least the next decade. This is a magisterial work which is badly needed and masterfully done." Journal for the Study of Judaism "This book will soon be viewed as a classic of biblical studies." Ralph W. Klein, Journal of Religion "Replete with examples,

tables, plates, lucid definitions and explanations, as well as extensive bibliographies, the volume brings together a wealth of information not previously so accessible and makes the theory and practice of textual criticism easily understandable and visually clear." Judith E. Sanderson, Seattle University  
New Testament Theology  
 Open Book Publishers  
 For many, the Psalms are the richest part of the Old Testament. Derek Kidner provides a fresh and

penetrating guide to Psalms 73—150. He analyzes each psalm in depth, comments on interpretative questions and brings out the universal relevance of the texts. Formerly part of the Tyndale Old Testament Commentaries series, this introduction and commentary will inspire and deepen personal worship.  
The Aramaic-English Interlinear New Testament  
 InterVarsity Press  
 This handsome new edition of the authoritative English

translation of the Aramaic (Syriac) Old and New Testaments--the language of Jesus--clarifies difficult passages and offers fresh insight on the Bible's message.  
*Josephus, the Essential Works* SBL Press  
 This is a literal word for word interlinear translation of the 1900+ year old Aramaic Old Testament called the Peshitta. Aramaic was the native language of Jesus and of Israel in the 1st century AD. This volume contains the Minor Prophets: Hosea through

Malachi (the last 12 books of the Old testament). The text translated is the 6th or 7th century Codex Ambrosianus- the oldest complete Semitic Old Testament extant. The Peshitta Old Testament was very likely translated from the Hebrew Bible in

the 1st century AD in Israel by Christian converts from Judaism, or possibly Syrian Christians from across Israel's border. Either way, the Peshitta Old and New Testaments together constitute the first Christian Bible. The author has also translated and published interlinears

of the Aramaic Peshitta Torah, The Poetry Books, The Major Prophets, as well as the entire Aramaic Peshitta New Testament and plain English translations of the NT, the Torah, the Psalms & Proverbs. Paperback 8x11" 146 pages in B&W.
