The Great American Fraud

IndyPublish.com

Russia is famous for its vodka, and its culture of extreme intoxication. But just as vodka is central to the lives of many Russians, it is also central to understanding Russian history and politics. In *Vodka Politics*, Mark Lawrence Schrad argues that debilitating societal alcoholism is not hard-wired into Russians' genetic code, but rather their autocratic political system, which has long wielded vodka as a tool of statecraft. Through a series of historical investigations stretching from Ivan the Terrible through Vladimir Putin,

Vodka Politics presents the secret history of the Russian state itself—a history that is drenched in liquor. Scrutinizing (rather than dismissing) the role of alcohol in Russian politics yields a more nuanced understanding of Russian history itself: from palace intrigues under the tsars to the drunken antics of Soviet and post-Soviet leadership, vodka is there in abundance. Beyond vivid anecdotes, Schrad scours original documents and archival evidence to answer provocative historical questions. How have Russia's rulers used alcohol to solidify their autocratic rule? What role did alcohol play in tsarist coups? Was Nicholas II's ill-fated prohibition a catalyst for the Bolshevik Revolution? Could the Soviet Union have become a world power without liquor?

How did vodka politics contribute to the collapse of both communism and public health in the 1990s? How can the Kremlin overcome vodka's hurdles to produce greater social well-being, prosperity, and democracy into the future? Viewing Russian history through the bottom of the vodka bottle helps us to understand why the "liquor question" remains important to Russian high politics even today—almost a century after the issue had been put to bed in most every other modern state. Indeed, recognizing and confronting vodka's devastating political legacies may be the greatest political challenge for this generation of Russia's leadership, as well as the next. *The Shame of the Cities* Harper Collins Tells the story of the struggles of

successive waves of immigrants who came to America and includes the President's plea for a complete revision of our immigration law. The late President expounds the need for an enlargement of our narrow immigration laws. His book expresses an ideal defined by Washington in the first years of the Republic: that America should always be a "propitious asylum for the unfortunates of other countries."

Who Were the Progressives? / How Did American Slavery Begin? / Does the Frontier Experience Make America Exceptional? Macmillan Higher Education
Based on a pocket diary from the Spanish-American War, this tough-as-nails 1899 memoir abounds in patriotic valor and launched the future President into the American consciousness.

The History of the Standard Oil Company Oxford University Press
Introduced in the last decade of the 19th century as a direct response to the changes brought about by industrialization, the progressive movement helped reform the political process in the United States. This book brings the story of the progressive

movement to life with photographs, concise text, and helpful features.
The American Yawp Applewood Books
WINNER OF THE PULITZER PRIZE • From the two-time Pulitzer Prize-winning author and preeminent historian comes a landmark in American political thought that examines the passion for progress and reform during 1890 to 1940. The Age of Reform searches out the moral and emotional motives of the reformers the myths and dreams in which they believed, and the realities with which they had to compromise.

The Paradox of Southern Progressivism, 1880-1930 Alpha Edition

questions. With a wealth of supporting resources, America's History for the AP® Course gives teachers and students the tools they need to master the course and achieve success on the AP® exam.

Progressivism: A Very Short Introduction
Infobase Publishing

The only biography of the pioneering investigative journalist Ida M. Tarbell for YA readers, lavishly illustrated with archival photographs and prints.

The Age of Reform University of Chicago Press

Despite recent corporate scandals, the United States is among the world's least corrupt nations. But in the nineteenth century, the degree of fraud and corruption in America approached that of today's most corrupt developing nations, as municipal governments and robber barons alike found new ways to steal from taxpayers and swindle investors. In *Corruption and Reform*, contributors explore this shadowy period of United States history in search of better methods to fight corruption worldwide today. Contributors to this volume address the measurement and consequences of fraud and corruption and the forces that

ultimately led to their decline within the United States. They show that various approaches to reducing corruption have met with success, such as deregulation, particularly "free banking," in the 1830s. In the 1930s, corruption was kept in check when new federal bureaucracies replaced local administrations in doling out relief. Another deterrent to corruption was the independent press, which kept a watchful eye over government and business. These and other facets of American history analyzed in this volume make it indispensable as background for anyone interested in corruption today.

Vodka Politics Litres

"I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world."—Walt Whitman, "Song of Myself," *Leaves of Grass*

The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long

before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, *The American Yawp* incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of *The American Yawp* will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. *The American Yawp* traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the

new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, *The American Yawp* gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

A People's History of the United States The Rosen Publishing Group, Inc

Pulitzer Prize-winning author and presidential historian Doris Kearns Goodwin's dynamic history of Theodore Roosevelt, William H. Taft and the first decade of the Progressive era, that tumultuous time when the nation was coming unseamed and reform was in the air. Winner of the Carnegie Medal. Doris Kearns Goodwin's *The Bully Pulpit* is a dynamic history of the first decade of the Progressive era, that tumultuous time when the nation was coming unseamed and reform was in the air. The story is told through the intense friendship of Theodore Roosevelt and William Howard Taft—a close relationship that strengthens both men before it ruptures in 1912, when they engage in a brutal fight for the presidential nomination that divides their wives, their children, and their closest friends, while crippling the progressive wing of the Republican Party, causing Democrat Woodrow Wilson to be elected, and changing the country's history. *The Bully Pulpit* is also the story of the muckraking press, which arouses the spirit of reform that helps Roosevelt push the government to shed its laissez-faire attitude toward robber barons, corrupt politicians, and

corporate exploiters of our natural resources. The muckrakers are portrayed through the greatest group of journalists ever assembled at one magazine—Ida Tarbell, Ray Stannard Baker, Lincoln Steffens, and William Allen White—teamed under the mercurial genius of publisher S.S. McClure. Goodwin's narrative is founded upon a wealth of primary materials. The correspondence of more than four hundred letters between Roosevelt and Taft begins in their early thirties and ends only months before Roosevelt's death. Edith Roosevelt and Nellie Taft kept diaries. The muckrakers wrote hundreds of letters to one another, kept journals, and wrote their memoirs. The letters of Captain Archie Butt, who served as a personal aide to both Roosevelt and Taft, provide an intimate view of both men. *The Bully Pulpit*, like Goodwin's brilliant chronicles of the Civil War and World War II, exquisitely demonstrates her distinctive ability to combine scholarly rigor with accessibility. It is a major work of history—an examination of leadership in a rare moment of activism and reform that brought the country closer to its founding

ideals.

McClure's Magazine Simon and Schuster
Based on archival research, this text reinterprets the origins and impact of progressivism in the South. It shows that a fundamental clash of values divided reformers and rural Southerners, ultimately blocking the reforms.

La Follette's Autobiography New York : the Macmillan Company

Printed together for the first time since their original publication in 1903, Ray Stannard Baker's piece on the coal strike, "The Right to Work"; Lincoln Steffens' exposé of political corruption, "The Shame of Minneapolis"; and Ida Tarbell's story of corporate villainy, "The Oil War of 1872"; along with an editorial from S. S. McClure and the narrative of Ellen Fitzpatrick, invite students to explore and understand "muckraking."

The Promise of American Life The Rosen Publishing Group, Inc

The Duties of American Citizenship is a classic speech by Theodore Roosevelt.

The Progressive Era in the USA, 1890-1921 Routledge

In Sex Trafficking, Scandal, and the Transformation of Journalism, Gretchen

Soderlund offers a new way to understand sensationalism in both newspapers and reform movements. By tracing the history of high-profile print exposés on sex trafficking by journalists like William T. Stead and George Kibbe Turner, Soderlund demonstrates how controversies over gender, race, and sexuality were central to the shift from sensationalism to objectivity—and crucial to the development of journalism in the early twentieth century.

America's History Bedford/St. Martin's
Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our

country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

HarperCollins Publishers

Learn about the journalists who helped change America.

The Progressive Era New York : C. Scribner's Sons

Few periods in American history have been explored as much as the Progressive Era. It is seen as the birth-place of modern American liberalism, as well as the time in

which America emerged as an imperial power. This volume looks at the lasting

impact of this productive, yet ultimately

frustrated, generation's legacy on American and world history.
