Discovering the Magic at the Heart of Your Differences McFarland

You may have heard people speak of it in hushed tones: Enochian magick! Some say it is dangerous. Others say it is the most powerful magick known. Now you can find out the truth when you read *The Enochian Magick of Dr. John Dee* by Geoffrey James (previously published as *The Enochian Evocation of Dr. John Dee*). This system was received by Dr. John Dee, astrologer to Queen Elizabeth I of England, and his assistant, Edward Kelly. Together, through a series of evocations, they discovered a system of magick so potent that some people fear to use it. Now you can learn the entire Enochian system as never before. Previously, people went to secondary sources such as the *Golden Dawn* or Aleister Crowley for information on the Enochian system. Here, for the first time, are the diaries of Dr. Dee, which reveal the entire system so you can use it for a wide variety of magical purposes. Presented here is the definitive version of the forty-eight angelic keys according to Dee himself. Revealed are the names of the sixteen good angels who are most skilled and powerful in medicine and in the curing of diseases, as well as the sixteen angels of the four elements. Every step of the method by which Dee and Kelly worked their evocations is fully explained so you can recreate their experiments and tap into some of the most powerful magick available.

In this book we look at the history of the South African Nuclear Weapons Program, long denied but always winked about, an open secret to many although the details

were always vague with rumours of Israeli assistance in designing the bombs. In fact, the Israeli input was negligible as the South African nuclear weapons worked in an entirely unique way, yielding about what the Hiroshima bomb did and considered "sufficient" as a deterrent against a Soviet Union originated and supported conventional attack. This attack almost came to be in 1988 - 1989 via Angola into what was then South West Africa and today Namibia. Masses of conventional forces were gathered, and plans were made - in history the same as the attack on South Vietnam by North Vietnamese Forces the decade before. History always repeats itself. A brilliant South African "Maskirovka" from the Chief of Staff in Pretoria stopped the planned invasion as well as the very public mobilising order of 400,000 men from the Army Reserves. South Africa also had the means to deliver nuclear bombs accurately, all discussed in this book and may even have done so, although, we don't know. It is one of the big "ifs" in history. As said, the invasion never took place and in no small way due to the Battle of Cuito Cuanavale which is often written about in GMJ Books. It was the largest tank battle in Africa since the Second World War and South African Forces won hands down. It is beyond maddening to the author that no Western "Expert" today knows that in 1978, South Africa produced working nuclear weapons. They either don't know, forgot history, or are incompetent, or more probably, both. Just before Mr. Mandela took office as the newly democratically elected president, the atomic devices were handed over to the US Government for dismantling. That act was until now the

only time in the world where a country willingly got rid of its nuclear arsenal. Everyone applauded. Yet, the means to manufacture such weapons did not disappear with the weapons, something no one in the West realises. If a place like Iran wants a nuclear weapon, they merely need to ask the South Africans that have the know-how and proven capability to produce them in record time. It is old technology. In *Code Name Angel* we deal with nuclear weapons and the risk of such weapons in the hands of terrorists using them against the West. You should not doubt that terrorists will use nuclear devices if they have them - they stated their intentions to do so many times in the past. The normal rules of MAD, retaliation, do not apply to them. There is no reason to doubt that they would flatten a Western city if given the opportunity and such opportunities can be created easily enough as this book explains. Description: Spymaster extraordinaire, Angelique Dawson and her team must recover lost or roguery manufactured South African nukes on their way to Iran or Al-Qaeda or both for all we know. The warheads are escorted by Zimbabwean Intelligence operatives in cahoots with Iranian Intelligence. This was one of the first major Egg Breaker operations that never made the newspapers and took place mostly in southern Mozambique, the chosen exfiltration point for the weapons. Major Geoffrey Foxtrot, under command of his handler, Angelique Dawson, later his wife and soul, tracks the weapons down in a combined operation with Mossad Agents but that is only the first step. Disarming the devices is another story as Angelique insists on doing so herself, plus the Zimbabweans are also around to prevent the bombs from being intercepted in the first place. A clash between the two groups is unavoidable. If you wish to read about Covert and Special Forces Operations in sub-Saharan Africa, the GMJ Books are the place to start. You will learn about covert operations, Special Forces techniques, and military history not known outside the select few. *Code Name Angel* is the 7th book of the popular GMJ Series. *Rowan of the Wood* Createspace Independent Publishing Platform This is no ordinary reprint of common magic squares found in Agrippa's Three Books of Occult Philosophy. Enochian Magic and the Higher

Worlds Mystic Dragon Publishing A step-by-step guide to the rituals of Enochian magic for reaching the higher spiritual realms • Reveals missing practical instructions for the Enochian magic system received by John Dee and Edward Kelley • Explains that the angelic realm is only the first and farthest away of the spiritual realms surrounding God • Shows how to connect with the higher worlds beyond the angels to tap more fully in to the magical power of the Divine In this comprehensive introduction to Enochian magic and beyond, John DeSalvo explains how the magic system transmitted by the angels to John Dee and Edward Kelley in the 16th century has until now remained incomplete and thus not as powerful as the angels intended. Drawing on his in-depth study of John Dee's diaries, DeSalvo explains how Dee and Kelley were given the Enochian tables and calls but their communications with the angels were severed before they received the full practical instructions for Enochian magic. To this day, most magical groups improvise and make up rituals based on their own ideas and imagination--the magic they practice is not true angelic magic. After many successful Enochian magic rituals and years of his own spiritual work, DeSalvo has discovered additional key pieces to the magical system of Dee and Kelley, a system now known as Power Magic. He provides step-by-step instructions for more complete and accurate Enochian magic rituals and reveals how the angelic realm is only the first and farthest away of the spiritual realms surrounding God. He explains how

to penetrate this angelic realm with Power Magic to reach higher spiritual worlds and receive more powerful knowledge and energy. He shows that by connecting with the higher worlds beyond the angels, we can tap more fully in to the magical power of the Divine and begin restoring the planetary magic of our most ancient ancestors.

In the 1990s alone, more than 400 works on angels were published, adding to an already burgeoning genre. Throughout the centuries angels have been featured in, among others, theological works on scripture; studies in comparative religions; works on art, architecture and music; philological studies; philosophical, sociological, anthropological, archeological and psychological works; and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences. This bibliography lists 4,355 works alphabetically by author. Each entry contains a source for the reference, often a Library of Congress call number followed by the name of a university that holds the work. More than 750 of the entries are annotated. The enchanting tales of 1001 Arabian Nights and the mysterious magical

societies of the Moors share a legendary figure. He is no other than Asaph Ben Berechiah, the Vizier of King Solomon himself. According to Islamic tradition, this Arabian Merlin bested a djinn in a magical contest, teleporting Queen Sheeba's throne in the blink of an eye, using his knowledge of the Great Name. Through the ages masters of the forbidden art of djinn evocation have shared with their disciples in secrecy an extensive oral tradition of rituals, incantations, and magical implements belonging to Asaph Ben Berechiah. Fragments of these arcane mysteries could be found in the writing of master occultists from the Middle Ages, the likes of Ahmed al-Buni. Few and far between, many have treasured what little fragments of this oral tradition could be found. There were also whispers of a grimoire compiled by an anonymous Arabian wizard brimming with secrets of the magic of Asaph Ben Berechiah. Known only as Ajnas, its reputation grew, but few possessed it. It has resurfaced in recent years and remains one of the most popular guides to angelic and djinn evocation in the land of the Arabian nights. O seeker of the art of the masters, you needn't wait centuries for this important grimoire to be available in English as has happened with Ghayat al-Hakim (Picatrix). Right now, you are beholding an accurate and complete translation of Ajnas waiting for its secrets to be unlocked by the disciples of today and the masters of tomorrow.
