Roberts & Green Common Core State Standards for Grade 6: Language Arts Instructional Strategies and Activities is designed to help teachers address Common Core standards using research-based, effective instructional strategies in combination with ready-to-use activities. *A Prophet's Kingdom* Candlewick Press (MA) Homer's Iliad, the oldest and greatest epic poem in our

culture, was composed in the eighth century BC. It became the single most important literary resource in ancient Greek culture and has exercised a decisive influence on Western culture an influence which continues to this day. The poem tells the story of a quarrel between Achilles, the greatest of the Achaean warriors in the Greek expedition against Troy, and

Agamemnon, the commander of the expedition—a n argument which causes Achilles to withdraw from the fighting. The battles continue without him, and the ironic unfolding of events eventually leads him to rejoin the war and to seek out the great Trojan warrior Hector for a climactic single combat. The Iliad is our most important war poem. It constantly forces us to confront what

goes on in battle, how men sustain themselves amid the horrors of the killing zone, and how the activity is simultaneous intensely and brutally destructive and also, by one of the strangest of all of life's ironies, intensely creative. Ian Johnston's abridged version of Homer's great poem is based upon his acclaimed translation of the complete epic (also published by Richer

Resources Publications). The abridged text is approximately one third of the original and presents a coherent narrative poem in which every line is taken from Homer's text, with occasional short summaries to keep the story coherent. This shortened version is an ideal entry into Homer's vision of the world for those who are not yet ready or do not have the time to tackle the full poem. The text

is accompanied by a few explanatory footnotes, a glossary of names, and a map indicating the origin of many of the major characters.

Background and Activities-Just for Middle SchoolersTeaching Resources <i>Iris Murdoch</i> Hackett Publishing "Adam Nicolson writes popular books as popular books used to be, a breeze rather than a scholarly sweat, but humanely erudite, elegantly written, passionately felt...and his excitement is contagious."—James Wood, The New Yorker Adam Nicolson sees the Iliad and	the Odyssey as the foundation myths of Greek—and our—consciousness, collapsing the passage of 4,000 years and making the distant past of the Mediterranean world as immediate to us as the events of our own time. Why Homer Matters is a magical journey of discovery across wide stretches of the past, sewn together by the poems themselves and their metaphors of	life and trouble. Homer's poems occupy, as Adam Nicolson writes "a third space" in the way we relate to the past: not as memory, which lasts no more than three generations, nor as the objective accounts of history, but as epic, invented after memory but before history, poetry which aims "to bind the wounds that time inflicts." The Homeric poems are among the
---	--	--

oldest stories we have, drawing on deep roots in the Eurasian steppes beyond the Black Sea, but emerging at a time around 2000 B.C. when the people who would become the Greeks came south and both clashed and fused with the more sophisticated inhabitants of the Eastern Mediterranean . The poems, which ask the eternal questions about the individual and the community,

honor and service, love and war, tell us how we became who we are.
From the German Edited with the Author's Sauction John Wiley & Sons
 He faces many entanglements with Prefect Pontius Pilatus, and Leah, a young Jewish woman whose own struggles to survive and serve God inspire him.
Why Homer Matters
 Oxford University Press
 In 2002, the University of

Michigan Press published Rodney Merrill's translation of Homer's *Odyssey*, an interpretation of the classic that was unique in employing the meter of Homer's original. Praising Merrill's translation of the *Odyssey*, Gregory Nagy of Harvard wrote, "Merrill's fine ear for the sound of ancient Greek makes the experience of reading his Homer the nearest thing

in English to actually hearing Homer. The translator's English renders most faithfully the poet's ancient Greek---not only the words and meaning but even the voice." Merrill has now produced an edition of Homer's Iliad, following the same approach. This form of rendering is particularly relevant to the Iliad, producing a strong musical setting that many elements of the narrative

require to come truly to life. Most notable are the many battle scenes, to which the strong meter gives an impetus embodying and making credible the "war-lust" in the deeds of the combatants. For many years, until his retirement, Rodney Merrill taught English composition and comparative literature at Stanford and Berkeley. In addition to his translation of Homer's Odyssey, he is

the author of "Chaucer's Broche of Thebes." Jacket photograph © 2007 Museum of Fine Arts, Boston "Other competent translations of Homer exist, but none accomplish what Merrill aims for: to convey to the reader-listener in translation the meaning and the sounds of Homer, coming as close as possible to the poetry of the original. Merrill accomplishes this virtuosic achievement

by translating understanding captured and

[Choosing Your Way Through the World's Ancient Past](#)

Wentworth Press Drawing on archaeological research, an expert account of the famous historical battle confirms many details recounted in

Homer's epic account, from Troy's alliance with the Hittite Empire to the significant fire at the end of the twelfth century and facts

Hydrant-Hydra: A Branches Book (The Binder of Doom #4)

Rowman & Littlefield "As prose dramatic texts Plato's dialogues would have been read by their original audience as an alternative type of theatrical composition. The 'paradox'

of the dialogue form is explained by his appropriation of the discourse of theatre, the dominant public mode of communication of his time. The oral performance of his works is suggested both by the pragmatics of the publication of literary texts in the classical period and by his original role as a Sokratic dialogue-writer and the creator of a fourth dramatic genre.

Support comes from a number of pieces of evidence, from a statue of Sokrates in the Academy (fourth century BC) to a mosaic of Sokrates in Mytilene (fourth century AD), which point to a centuries-old tradition of treating the dialogues in the context of performance literature and testify to the significance of the image of 'Plato the prose dramatist' for his original and subsequent

audiences"-- Simon and Schuster In a companion volume to his award-winning adaptation of The Odyssey, the incomparable graphic novelist Gareth Hinds masterfully adapts Homer's classic wartime epic. More than three thousand years ago, two armies faced each other in an epic battle that rewrote history and came to be known as the Trojan War. The Iliad,

Homer's legendary account of this nine-year ordeal, is considered the greatest war story of all time and one of the most important works of Western literature. In this stunning graphic novel adaptation -- a thoroughly researched and artfully rendered masterwork -- renowned illustrator Gareth Hinds captures all the grim glory of Homer's epic. Dynamic illustrations take readers

directly to the plains of Troy, into the battle itself, and lay bare the complex emotions of the men, women, and gods whose struggles fueled the war and determined its outcome. This companion volume to Hinds's award-winning adaptation of *The Odyssey* features notes, maps, a cast of characters, and other tools to help readers understand all the action and drama of Homer's epic.

An Essay in the Philosophy of Literature
Henry Holt and Company
Offers activities, strategies, and creative ideas for using nonsense rhymes, songs, chants, and folk literature to promote thinking, reading, and listening skills in young learners.
C.S. Lewis, Poet Laureat
Leaf
The Performance of Reading argues that there are distinct analogies between

"silent" reading and artistic performance, and so fashions the new role of the reader as performer. An original and insightful exploration of the act of reading by the leading scholar in the field. Discusses the history of reading and the transitions from reading aloud to reading silently, and the changing role of literature as communal, active experience to a more private

endeavor.

**Beyond
Greece and
Rome** Puffin

Though the subject of classical reception in early modern Europe is a familiar one, modern scholarship has tended to assume the dominance of Greece and Rome in engagements with the classical world during that period. The essays in this volume aim to challenge this prevailing view by arguing for the significance

and familiarity of the ancient near east to early modern Europe, establishing the diversity and expansiveness of the classical world known to authors like Shakespeare and Montaigne in what we now call the 'global Renaissance'. However, global Renaissance studies has tended to look away from classical reception, exacerbating the blind spot around the significance of the ancient near east for

early modern Europe. Yet this wider classical world supported new modes of humanist thought and unprecedented cross-cultural encounters, as well as informing new forms of writing, such as travel writing and antiquarian treatises; in many cases, and befitting its Herodotean origins, the ancient near east raises questions of travel, empire, religious diversity, cultural relativism,

and the history of European culture itself in ways that prompted detailed, engaging, and functional responses by early modern readers and writers. Bringing together a range of approaches from across the fields of classical studies, history, and comparative literature, this volume seeks both to emphasize the transnational, interdisciplinary, and interrogative nature of

classical reception, and to make a compelling case for the continued relevance of the texts, concepts, and materials of the ancient near east, specifically, to early modern culture and scholarship.

A New Translation by Peter Green

University of Michigan Press
This generous abridgment of Stanley Lombardo's translation of the Odyssey offers more than half of the epic,

including all of its best-known episodes and finest poetry, while providing concise summaries for omitted books and passages. Sheila Murnaghan's Introduction, a shortened version of her essay for the unabridged edition, is ideal for readers new to this remarkable tale of the homecoming of Odysseus. [The Performance of Reading](#) McFarland Presents read-aloud plays that feature

the events of the Trojan War, the ten-year wanderings of the Greek leader Odysseus after the Trojan War, and the adventures of Aeneas after the fall of Troy.

The Odyssey

Springer

The All-Time Biggest Sports Jerks is short, sweet, and on-point—the skewering and roasting of the biggest hot dogs in baseball, boxing, golf, football, basketball, hockey, auto racing, media,

and other fields of athletic play and extended adolescence.

With a sardonic sense of humor that is befitting some of the more infamous characters in sports history, this collection is not simply a depressing recital of the pitfalls of the athletic rich and famous, but the careful documenting of the infamous 100 jerks is complemented by the interesting stories, rich anecdotes, weapons-

grade one-liners, and stories that focus on some of the oddballs, weirdos, and even the oh-so-few good guys (and gals) in sports history.

The Story of the Iliad

Cambridge University Press

The Reaching Olympus series uses classroom-tested Reader's Theater plays specifically designed for 6th-12th grade students to retell the great myths and legends of

world mythology. Reader's Theater is an innovative and powerful teaching tool that allows students to break away from silent reading and share in an "acting-out" experience where words and myth come to life! Volume II of the Greek Myths in the Reaching Olympus series features eleven classic myths in interactive-script form, featuring the major events of the Trojan War (including

the Iliad and Odyssey). Each play is prefaced by a teacher guide providing a synopsis of the myth, relevant background information and commentary on the myth, anticipatory questions for pre-play discussion, essential questions to help analyze the "big ideas" behind each myth, recall questions to check reading comprehension, and instructions for teaching commonly-tested terms

and literary devices using each play. Supplemental materials include a Trojan War game, a Trojan War Find-It puzzle, a glossary of important characters, and a name pronunciation guide. Zachary Hamby is a professional author and illustrator and an experienced educator. He has spoken at many educational conferences (including the National Council of Teachers of

English Convention) on the many benefits of using Reader's Theater in the secondary classroom. He is the author of two series that teach mythology to young people, the Reaching Olympus series and the Mythology for Teens series. He currently teaches high school in the Ozark mountains, where he lives with his wife and two children.

Scholastic Inc. Throughout history, men have prayed to gods and poets have interpreted ancient myths for new audiences. But what about women? With sections on teaching and modern writing, this collection of new essays examines how modern female poets-- including H.D., Louise Gluck, Ruth Fainlight, Rita Dove, Sylvia Plath and others-- have

subverted classical expectations in interpreting such legends as Persephone, Helen and Eurydice. Other mythological figures are also explored and rewritten, including Buddhism's Kwan Yin, Celtic Macha, the Aztecs' Coatlicue, Pele of Hawaii, India's Sita, Sumer's Inanna, Yemonja of the Yoruba and many more.
