Self-Study Grammar Reference and Practice Infobase Publishing American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation

practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University. English in Mind Level 2 Student's Book with DVD-ROM Cambridge University Press

Colloquial English teaches English as currently spoken and written in the UK. The audio material will help perfect pronunciation and listening skills.

Intensive Course Of English Student's Book 1 Disha Publications English Grammar might seem difficult. It gets easier with

A progressive vision providing graded topics in all subjects has been ensured.

Teaching Children English as an Additional Language Oxford University Press

Here is a typical classroom scenario: out of the thirty children, two-thirds speak a different language at home and only speak English at school. Even though many pupils' English skills are almost non-existent, teachers are expected to provide the

national curriculum for every child in the class. Teaching Children English as an Additional Language solves this problem with a ten-week teaching programme of units and lesson activities for children aged seven–eleven (Key Stage 2) new to English. It will help these children learn some very basic English sentences, questions and vocabulary, to get them through regular day-to-day routines more easily. By offering a flexible step by step approach this book helps EAL teachers to: identify learners' individual needs teach grammar and vocabulary support teaching through speaking and listening assess pupils to inform future

planning The programme also contains emergency lessons to support learners in the first three days, cross curricular links, ways of using a home-school learning book and an opportunity for the child to make a booklet about themselves. It fosters the child's home language, incorporates different learning styles as well as including a wealth of carefully tailored, themed resources. The programme is complete with activities, resources and assessment materials and helpful tips on how to develop a successful EAL department.
