CAYDEN AMIYA

Compromised Simon and Schuster The 2016 Election, which altered American political history, was not decided by the Russians or in Ukraine or by Steve Bannon. The event that broke Hillary's blue wall in the Midwest and swung Florida and North Carolina was an October Surprise, and it was wholly a product of the leadership of the FBI. This is the inside story by the reporter closest to its center. In September 2016, Hillary Clinton was the presumptive next president of the US. She had a blue wall of states leaning her way in the Midwest, and was ahead in North Carolina and Florida, with a better than even shot at

taking normally Republican Arizona. The US was about to get its first woman president. Yet within two months everything was lost. An already tightening race saw one seismic correction: it came in October when the FBI launched an investigation into the Clinton staff's use of a private server for their emails. Clinton fell 3-4 percent in the polls instantly, and her campaign never had time to rebut the investigation or rebuild her momentum so close to election day. The FBI cost her the race. October Surprise is a pulsating narrative of an agency seized with righteous certainty that waded into the most important political moment in the life of the nation, and has no idea how to back out with dignity. So it doggedly stands its ground, compounding its error. In a

momentous display of self-preservation, James Comey, Andrew McCabe, and key Justice Department officials decide to protect their own reputations rather than save the democratic process. Once they make that determination, the race is lost for Clinton, who is helpless in front of their accusation even though she has not intended to commit, let alone actually committed, any crime. A dark true-life thriller with historic consequences set at the most crucial moment in the electoral calendar, *October Surprise* is a warning, a morality tale and a political and personal tragedy. *Trump is F*cking Crazy* HarperCollins The FBI veteran behind the Russia investigation draws on decades of experience hunting foreign agents in the United States to lay bare the threat

posed by President Trump. *The Restless Wave* Simon & Schuster From two-time Pulitzer Prize-winning Washington Post national security reporter Greg Miller, the truth about Vladimir Putin's covert attempt to destroy Hillary Clinton and help Donald Trump win the presidency, its possible connections to the Trump campaign, Robert Mueller's ensuing investigation of the president and those close to him, and the mystery of Trump's steadfast allegiance to Putin. It has been called the political crime of the century: a foreign government, led by a brutal authoritarian leader, secretly interfering with the American presidential election to help elect the candidate of its choice. Now two-time Pulitzer Prize-winning Washington Post national security

reporter Greg Miller investigates the truth about the Kremlin's covert attempt to destroy Hillary Clinton and help Donald Trump win the presidency, Trump's steadfast allegiance to Vladimir Putin, and Robert Mueller's ensuing investigation of the president and those close to him. Based on interviews with hundreds of people in Trump's inner circle, current and former government officials, individuals with close ties to the White House, members of the law enforcement and intelligence communities, foreign officials, and confidential documents, *The Apprentice* offers striking new information about: the hacking of the Democrats by Russian intelligence; Russian hijacking of Facebook and Twitter; National Security Adviser Michael Flynn's hidden

communications with the Russians; the attempt by Jared Kushner, Trump's son-in-law, to create a secret back channel to Moscow using Russian diplomatic facilities; Trump's disclosure to Russian officials of highly classified information about Israeli intelligence operations; Trump's battles with the CIA and the FBI and fierce clashes within the West Wing; Trump's efforts to enlist the director of national intelligence and the director of the National Security Agency to push back against the FBI's investigation of his campaign; the mysterious Trump Tower meeting; the firing of FBI Director James Comey; the appointment of Mueller and the investigation that has followed; the tumultuous skirmishing within Trump's legal camp; and Trump's jaw-dropping behavior in Helsinki.

Deeply reported and masterfully told, The Apprentice is essential reading for anyone trying to understand Vladimir Putin's secret operation, its catastrophic impact, and the nature of betrayal.

Crime in Progress Penguin

#1 NEW YORK TIMES BESTSELLER

"History matters to McCain, and for him America is and was about its promise. The book is his farewell address, a mixture of the personal and the political. 'I have loved my life,' he writes. 'All of it.' The Restless Wave is a fitting valedictory for a man who seldom backed down." —The Guardian (US) "A book-length meditation on what it means to face the hard challenges of long life and the sobering likelihood of imminent death...A reflection on hardship, a homily on purpose, a celebration of life

— and a challenge to Americans to live up to their values and founding principles at a time when both are in jeopardy." —The Boston Globe In this candid political memoir from Senator John McCain, an American hero reflects on his life and what matters most. "I don't know how much longer I'll be here. Maybe I'll have another five years...Maybe I'll be gone before you read this. My predicament is, well, rather unpredictable. But I'm prepared for either contingency, or at least I'm getting prepared. I have some things I'd like to take care of first, some work that needs finishing, and some people I need to see. And I want to talk to my fellow Americans a little more if I may." So writes John McCain in this inspiring, moving, frank, and deeply personal

memoir. Written while confronting a mortal illness, McCain looks back with appreciation on his years in the Senate, his historic 2008 campaign for the presidency against Barack Obama, and his crusades on behalf of democracy and human rights in Eastern Europe and the Middle East. Always the fighter, McCain attacks the spurious nationalism and political polarization afflicting American policy. He makes an impassioned case for democratic internationalism and bipartisanship. He recalls his disagreements with several presidents, and minces no words in his objections to some of President Trump's statements and policies. At the same time, he tells stories of his most satisfying moments of public service and offers a positive vision of America that looks beyond the Trump

presidency. The Restless Wave is John McCain at his best.

Spooked Crown

The election of Donald Trump in 2016 didn't just shock the country, it jolted the Republican Party and forced an overdue reckoning between rank-and-file Republicans and party leadership. Long-held beliefs promoted by the Republican Party establishment were smashed in real time as Republican voters, and millions of Obama voters especially in the Midwest, rejected the bi-party consensus on illegal immigration, international trade pacts, and losing foreign wars. The GOP—and the conservative movement—was upended by a brash Manhattan mogul who connected with coveted working-class voters in a way no other Republican

presidential candidate had in three decades. Stung by his ascendancy as Republican voters rejected one establishment candidate after another during the presidential primaries, exiled conservative leaders banded together to form what is known as “NeverTrump.” This cabal of self-proclaimed conservatives includes two former Republican presidential nominees, former Republican lawmakers and Bush administration officials, campaign consultants, and editors and writers at top conservative publications. After failing to stop Trump in 2016, NeverTrump became part of #TheResistance, a crusade primarily organized by the Left to sabotage Trump’s presidency. The very same people who had used the Republican

Party as their vehicle for power, fame, and influence are actively working to destroy the party’s leader and punish Trump-supporting Republicans in Washington. NeverTrump helped deceive the public about nonexistent Russian election collusion and supported impeaching the president. Some jumped on the Left’s mob against Brett Kavanaugh and the Covington Catholic High School students. NeverTrump opposed nearly every Trump policy without offering any alternative to what they derisively called “Trumpism.” At the same time, NeverTrump became what they claimed to despise about Donald Trump: petty, vengeful, bombastic, reactionary, and abusive. As a result, it’s imperative that those associated with NeverTrump never hold a place of

influence in the GOP again.

The Plot Against the President

Hachette UK

The real collusion in the 2016 election was not between the Trump campaign and the Kremlin. It was between the Clinton campaign and the Obama administration. The media-Democrat “collusion narrative,” which paints Donald Trump as cat’s paw of Russia, is a studiously crafted illusion. Despite Clinton’s commanding lead in the polls, hyper-partisan intelligence officials decided they needed an “insurance policy” against a Trump presidency. Thus was born the collusion narrative, built on an anonymously sourced “dossier,” secretly underwritten by the Clinton campaign and compiled by a former British spy. Though

acknowledged to be “salacious and unverified” at the FBI’s highest level, the dossier was used to build a counterintelligence investigation against Trump’s campaign. Miraculously, Trump won anyway. But his political opponents refused to accept the voters’ decision. Their collusion narrative was now peddled relentlessly by political operatives, intelligence agents, Justice Department officials, and media ideologues—the vanguard of the “Trump Resistance.” Through secret surveillance, high-level intelligence leaking, and tireless news coverage, the public was led to believe that Trump conspired with Russia to steal the election. Not one to sit passively through an onslaught, President Trump fought back in his tumultuous way. Matters

came to a head when he fired his FBI director, who had given explosive House testimony suggesting the president was a criminal suspect, despite privately assuring Trump otherwise. The resulting firestorm of partisan protest cowed the Justice Department to appoint a special counsel, whose seemingly limitless investigation bedeviled the administration for two years. Yet as months passed, concrete evidence of collusion failed to materialize. Was the collusion narrative an elaborate fraud? And if so, choreographed by whom? Against media-Democrat caterwauling, a doughty group of lawmakers forced a shift in the spotlight from Trump to his investigators and accusers. This has exposed the depth of politicization within American law-enforcement and

intelligence agencies. It is now clear that the institutions on which our nation depends for objective policing and clear-eyed analysis injected themselves scandalously into the divisive politics of the 2016 election. They failed to forge a new Clinton administration. Will they succeed in bringing down President Trump?

Obsession Encounter Books

Witty, acerbic, hard-hitting, and timely, Keith Olbermann's Donald Trump commentaries come adapted from his hit GQ series The Resistance. Since Donald Trump's presidential nomination, Keith Olbermann has emerged as one of the web's most popular anti-Trump screedists—each installment of his GQ web series The Resistance receives nearly four million views, and his fiercely

progressive monologues have garnered a new generation of fans and followers. In *TRUMP IS F*CKING CRAZY*, Olbermann takes our Commander in Chief and his politics apart with journalistic acuity and his classic in-your-face humor. With more than 50 individual essays adapted from his GQ commentaries, including new up-to-the-minute material, *TRUMP IS F*CKING CRAZY* is essential reading for concerned citizens who—like Olbermann—refuse to normalize or accept our new political reality. *October Surprise* Random House

For the first time, the full, explosive record of the unthinkable: how a US president compromised American foreign policy in exchange for the promise of future business and covert election assistance. Looking back at this

moment in history, historians will ask if Americans knew they were living through the first case of criminal conspiracy between an American presidential candidate turned commander in chief and a geopolitical enemy. The answer might be: it was hard to see the whole picture. The stories coming in from around the globe have often seemed fantastical: clandestine meetings in foreign capitals, secret recordings in a Moscow hotel, Kremlin agents infiltrating the Trump inner circle... Seth Abramson has tracked every one of these far-flung reports and now in, *Proof of Collusion*, he finally gives us a record of the unthinkable—a president compromising American foreign policy in exchange for the promise of future business and covert

election assistance. The attorney, professor, and former criminal investigator has used his exacting legal mind and forensic acumen to compile, organize, and analyze every piece of the Trump-Russia story. His conclusion is clear: the case for collusion is staring us in the face. Drawing from American and European news outlets, he takes readers through the Trump-Russia scandal chronologically, putting the developments in context and showing how they connect. His extraordinary march through all the public evidence includes: —How Trump worked for thirty years to expand his real estate empire into Russia even as he was rescued from bankruptcy by Putin’s oligarchs and Kremlin agents. —How Russian intelligence gathered compromising

material on him over multiple trips. —How Trump recruited Russian allies and business partners while running for president. —How he surrounded himself with advisers who engaged in clandestine negotiations with Russia. —How Trump aides and family members held secret meetings with foreign agents and lied about them. By pulling every last thread of this complicated story together, Abramson argues that—even in the absence of a Congressional investigation or a report from Special Counsel Mueller—the public record already indicates a quid pro quo between Trump and the Kremlin. The most extraordinary part of the case for collusion is that so much of it unfolded in plain sight.

Trump Sky Alpha Melville House

TRUMP'S TEAM USING MOLES WITHIN THE DNC That's a quote from the actual Steele Dossier that is in this book, but has not hit the mainstream media. Is it true? Who's the mole? Who's the FBI insider in the Trump Campaign? Was Steele credible? Simpson says that he was opposed to Trump, but does he think there was collusion with the Russians? What about Bruce and Nellie Ohr? Author Daniel David Elles was on the 2010 ballot for Michigan House of Representatives as an Independent in Macomb County, Michigan - Home of the Reagan Democrats. He states: Perhaps we are "fly-over country", but we make up a significant voting percentage of our Great Nation. In February, he wrote about Simpson specifically stating that the FBI had an internal human source in

the Trump Campaign. Three months later it hit the news networks. What facts are the mainstream media failing to tell us? FINALLY! NO BIAS. NO BULL. We don't need to read about anonymous sources in a paper's propagandists print. We don't need to watch hundreds of hours of Congressional testimony. We don't need to listen to biased broadcast beaming into our homes and uttering unconfirmed nonsense. With questions from Congress - Rep. Adam Schiff (D-CA) and Rep. Trey Gowdy (R-CA) and many more - YOU will get the facts straight from the source: · Fusion GPS Founder & CEO Glenn Simpson · CIA Director Brennan · FBI Director Comey · DOJ Associate Deputy AG Bruce Ohr · FBI Deputy Assistant Director Peter Strzok · Former MI6 Crown Servant Christopher

Steele (U.K. court records) WHO KNEW WHAT AND WHEN? The Steele Dossier purposely does not publish news articles from The Right or The Left. Instead, it incorporates high ranking officials' under oath testimony to Congress and Declarations contained in official court documents in America and "Across the Pond". From Steele's sworn Statement of Truth in the Queen's High Bench Division to the conclusions made in Simpson's testimonies before the House and the Senate, YOU will be in the center of the action. How's that? Because Simpson's final hour of his Senate Examination is included in full. No edits. Moreover, this untelevised examination was conducted by attorneys for Senator Grassley (R-IA) and Senator Feinstein (D-CA)...NOT POLITICIANS! In reading over 3,000

pages of congressional testimony, articles from every angle, letters/memos from politicians; The Steele Dossier cuts through the political bias by publishing facts. For example, below are some Simpson quotes that we never heard: · It's sort of like when you're a journalist...you don't really decide who's telling the truth · The Orthodox Church is also an arm of the Russian State · We were encouraging the media to ask questions about whether the FBI... · I knew it was the DNC that we were working for · I was asked to provide some information to the Justice Department · Putin essentially took over the Russian Jewish Community and Leadership · The Russians were interested in making friends with Republicans. · There was a lot of Jewish

immigration...and a lot of those people...became very successful and wealthy · In British intelligence the methodology's a little different from American intelligence. There's a practice of being faithful to what people are saying NOW...it's time for America to decide AND for the world to see: What's real news? What's fake news? Thanks and God Bless America! Daniel David Elles Michigan House of Representatives Candidate - INDEPENDENT

The Russia Hoax St. Martin's Griffin A New York Times and #1 Wall Street Journal Bestseller, this book offers the ultimate behind-the-scenes account of how Donald Trump, an extraordinary candidate, became President of the United States and why that matters today. Donald Trump's startling rise to

the White House is the greatest political tale in the history of our republic. Much has been written about this once-in-a-millennial event but all of those words come from authors outside the orbit of Donald Trump. Now, for the first time, comes the inside story. Written by the guys in the room—two of Trump's closest campaign advisors—Let Trump Be Trump is the eyewitness account of the stories behind the headlines. From the Access Hollywood recording and the Clinton accusers, to Paul Manafort, to the last-moment comeback and a victory that reads like something out of the best suspense novel, Let Trump Be Trump pulls back the curtain on a drama that has mesmerized the whole world—including the palace intrigues of the Mooch, Spicer, Preibus, Bannon, and

more. By turns hilarious and intimate, *Let Trump Be Trump* also offers a view of Donald Trump like you've never seen him, the man whose success in business was built not only on great skill but on loyal relationships and who developed the strongest of bonds with the band of outsiders and idealists who became his team because they believed in him and his message. Written by Trump's campaign manager, the fiery Corey Lewandowski, and Dave Bossie, the consummate political pro and the plaintiff in the famous *Citizens United* Supreme Court case who helped steer the last critical months of the Trump campaign, *Let Trump Be Trump* is destined to be the seminal book about the Trump campaign and presidency.

Blowout All Points Books

"Hettena is a first-rate reporter and wonderful story-teller, and the tale he tells here is mind-boggling."—Jane Mayer, author of *New York Times* bestseller *Dark Money* "Hettena skillfully weaves many threads—most fresh or previously hidden—into a rich tapestry tying together decades of Donald Trump's deep involvement with Russia."—DAVID CAY JOHNSTON, author of *New York Times* bestseller *The Making of Donald Trump* Uncovering the decades-long association between Donald Trump and Russia Is the 45th President of the United States under the control of a foreign power? Award-winning Associated Press reporter Seth Hettena untangles the story of Donald Trump's long involvement with Russia in damning detail—including new reporting

never before published. As Special Counsel Robert Mueller's investigation into the relationship between members of Trump's campaign and Russian operatives continues, there is growing evidence that Trump has spent decades cultivating ties to corrupt Russians and the post-Soviet state. In *Trump/Russia: A Definitive History*, Seth Hettena chronicles the many years Trump has spent wooing Russian money and power. From the collapse of his casino empire—which left Trump desperate for cash—and his first contacts with Russian deal-makers and financiers, on up to the White House, Hettena reveals the myriad of shady people, convoluted dealings, and strange events that suggest how indebted to Russia our forty-fifth president might be. Using deeply

researched reporting, along with newly uncovered information, court documents, and exclusive interviews with investigators and FBI agents, Hettena provides an expansive and essential primer to the Trump/Russia scandal, leaving no stone unturned. Deep State Center Street
****THE INSTANT NEW YORK TIMES BESTSELLER**** "John Brennan is one of the hardest-working, most patriotic public servants I've ever seen, and our country is better off for it. As president, he was one of my closest advisors and a great friend. And in his memoir, *Undaunted*, you'll see why. I hope you'll read it." —President Barack Obama A powerful and revelatory memoir from former CIA director John Brennan, spanning his more than thirty years in

government. Friday, January 6, 2017: On that day, as always, John Brennan's alarm clock was set to go off at 4:15 a.m. But nothing else about that day would be routine. That day marked his first and only security briefing with President-elect Donald Trump. And it was also the day John Brennan said his final farewell to Owen Brennan, his father, the man who had taught him the lessons of goodness, integrity, and honor that had shaped the course of an unparalleled career serving his country from within the intelligence community. In this brutally honest memoir, Brennan, the son of an Irish immigrant who settled in New Jersey, describes the life that took him from being a young CIA recruit enamored with the mystique of spy work, secretly defiant enough to drive a

motorcycle and sport a diamond earring, and invigorated by his travels in the Middle East to being the most powerful individual in American intelligence. He details his experiences with very different presidents and what it's been like to bear responsibility for some of the nation's most crucial and polarizing national security decisions. He pulls back the curtain on the inner workings of the Agency, describing the selfless, patriotic, and invisible work of the women and men involved in national security. He also examines the insularity, arrogance, and myopia that have, at times, undermined its reputation in the eyes of the American people and of members of other branches of government. Through topics ranging from George W. Bush's intervention in Iraq to his thoughts on

the CIA's controversial use of enhanced interrogation techniques to his eye-opening account of the planning of the raid that resulted in Bin Laden's death to his realization that Russia had interfered with the 2016 election, Brennan brings the reader behind the scenes of some of the most crucial moments in recent U.S. history. He also candidly discusses the times he has failed to live up to his own high standards and the very public fallouts that have resulted. With its behind-the-scenes look at how major U.S. national security policies and actions unfolded during his long and distinguished career—especially during his eight years in the Obama administration—John Brennan's memoir is a work of history with strong implications for the future of America

and our country's relationships with other world powers. *Undaunted: My Fight Against America's Enemies, at Home and Abroad* offers a rare and insightful look at the often-obscured world of national security, the intelligence profession, and Washington's chaotic political environment. But more than that, it is a portrait of a man striving for integrity; for himself, for the CIA, and for his country.

[American Kompromat](#) Penguin

#1 NEW YORK TIMES BESTSELLER • "I've read kind of all the books on this subject . . . and this is the one you want to read."—Rachel Maddow *Before Ukraine, before impeachment: This is the never-before-told inside story of the high-stakes, four-year-long investigation into Donald Trump's Russia ties—culminating*

in the Steele dossier, and sparking the Mueller report—from the founders of political opposition research company Fusion GPS. Fusion GPS was founded in 2010 by Glenn Simpson and Peter Fritsch, two former reporters at The Wall Street Journal who decided to abandon the struggling news business and use their reporting skills to conduct open-source investigations for businesses and law firms—and opposition research for political candidates. In the fall of 2015, they were hired to look into the finances of Donald Trump. What began as a march through a mind-boggling trove of lawsuits, bankruptcies, and sketchy overseas projects soon took a darker turn: The deeper Fusion dug, the more it began to notice names that Simpson and Fritsch had come across during their

days covering Russian corruption—and the clearer it became that the focus of Fusion’s research going forward would be Trump’s entanglements with Russia. To help them make sense of what they were seeing, Simpson and Fritsch engaged the services of a former British intelligence agent and Russia expert named Christopher Steele. He would produce a series of memos—which collectively became known as the Steele dossier—that raised deeply alarming questions about the nature of Trump’s ties to a hostile foreign power. Those memos made their way to U.S. intelligence agencies, and then to President Barack Obama and President-elect Trump. On January 10, 2017, the Steele dossier broke into public view, and the Trump-Russia story reached

escape velocity. At the time, Fusion GPS was just a ten-person consulting firm tucked away above a Starbucks near Dupont Circle, but it would soon be thrust into the center of the biggest news story on the planet—a story that would lead to accusations of witch hunts, a relentless campaign of persecution by congressional Republicans, bizarre conspiracy theories, lawsuits by Russian oligarchs, and the Mueller report. In *Crime in Progress*, Simpson and Fritsch tell their story for the first time—a tale of the high-stakes pursuit of one of the biggest, most important stories of our time—no matter the costs.

A Higher Loyalty Penguin

This is the story of an attempted coup d'état by rogue intelligence agents. The goal: to overthrow the presidency of

Donald Trump and subvert the will of the electorate. Donald Trump's first 100 days in office were roiled by allegations of treasonous contacts between his campaign team and the Kremlin to rig the election. These outrageous charges first surfaced in the notorious “Trump Dossier,” an unverified document of suspect provenance, full of wild and salacious accusations. This dossier—filled with little more than gossip, rumor, and innuendo—was compiled by Christopher Steele, a former British intelligence operative who teamed up with the FBI and anti-Trump partisans. Hillary Clinton supporters paid for Steele's work. When no news media would publish the unverified dossier, the ex-spook enlisted the help of a former UK ambassador to Russia, who arranged

in turn for a former U.S. assistant secretary of state to get the document to Senator John McCain, in the hope that he would then bring it to FBI Director James Comey's attention. McCain did just that. Comey himself played a critical role in the dossier ultimately going public, giving a confidential summary to President Obama and congressional leaders. It was immediately leaked by rogue spooks in order to demean, destabilize, and destroy Donald Trump's nascent presidency. The dossier and this mythical intelligence are the basis for the phony claims about a Russia-Trump collusion to steal the election. No proof was found. No substantiation uncovered. Even Comey told Trump he was not under investigation for the Russian meddling charges. But that didn't end

the leaks or the allegations. Working in concert with liberal news outlets, these rogue spooks have formed a new Intel/Media complex that threatens our democracy. Rogue Spooks will reveal how it works. Readers of Rogue Spooks, from bestselling authors Dick Morris and Eileen McGann, will be shocked to learn the truth about the false accusations against President Trump in the flawed dossier. They'll be interested to know how leaks to the media fueled the phony scandal, and how intelligence agencies will try to use the newly appointed special prosecutor to oust President Trump.

Trumpocalypse Graywolf Press
The author of the #1 New York Times bestseller *The Russia Hoax* picks up where that book ended with this hard-

hitting, well-reasoned examination of the latest findings about “collusion” between the Trump Administration and the Russians, offering further proof that Special Counsel Robert Mueller’s investigation is nothing more than a politically motivated witch hunt. How did a small group of powerful intelligence officials convince tens of millions of Americans that the president is a traitor, without a shred of evidence? Now that every detail and argument set forth in The Russia Hoax has been borne out by the Mueller report, Jarrett returns with Witch Hunt, providing a hard-hitting, well-reasoned evisceration of what may be the dirtiest trick in political history. No marks have ever been as gullible as distraught Democrats in 2016. Washington insiders broke rule after rule

investigating the president, chasing a conspiracy that turned out not to exist. Somehow this was spun into Donald Trump having something to hide. People associated with the president were pushed into plea deals that had nothing to do with Russian “collusion” or discouraged from serving by the threat of huge legal bills. Somehow this was spun into Trump’s lawyers being bullies. The president complained that the investigation was a waste of time, but he allowed it to continue unimpeded to the end. Somehow this was spun into obstruction of justice. In Witch Hunt, Gregg Jarrett uncovers the bureaucratic malfeasance and malicious politicization of our country’s justice system. The law was weaponized for partisan purposes. Even though it was Hillary Clinton’s

campaign that collected and disseminated a trove of lies about Trump from a former British spy and Russian operatives, Democrats and the media spun this into a claim that Trump was working for the Russians. Senior officials at the FBI, blinded by their political bias and hatred of Trump, went after the wrong person. At the DOJ, the deputy attorney general discussed secretly recording the president and recruiting members of the cabinet to depose Trump. Those behind the Witch Hunt have either been fired or resigned. Many of them are now under investigation for abuse of power. But what about the pundits who concocted wild narratives in real time on television, or the newspapers which covered the fact that rumors were being investigated without

investigating the facts themselves? Factual, highly persuasive, and damning, this must-read expose makes clear that not only was there no “collusion,” but there was not even a basis for Mueller’s investigation of the charge that has attacked Trump and his administration for more than two years. It’s always been a Witch Hunt.

Resistance (At All Costs) Daniel David Elles

THE NEW YORK TIMES BESTSELLER “The story Unger weaves with those earlier accounts and his original reporting is fresh, illuminating and more alarming than the intelligence channel described in the Steele dossier.”—The Washington Post House of Trump, House of Putin offers the first comprehensive investigation into the decades-long

relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House. It is a chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump's inauguration as president of the United States. That moment was the culmination of Vladimir Putin's long mission to undermine Western democracy, a mission that he and his hand-selected group of oligarchs and Mafia kingpins had ensnared Trump in, starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City. This book confirms the most incredible American paranoias about Russian malevolence.

To most, it will be a hair-raising revelation that the Cold War did not end in 1991—that it merely evolved, with Trump's apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union. In *House of Trump, House of Putin*, Craig Unger methodically traces the deep-rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia. He traces Donald Trump's sordid ascent from foundering real estate tycoon to leader of the free world. He traces Russia's phoenix like rise from the ashes of the post-Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower. Without

Trump, Russia would have lacked a key component in its attempts to return to imperial greatness. Without Russia, Trump would not be president. This essential book is crucial to understanding the real powers at play in the shadows of today's world. The appearance of key figures in this book—Paul Manafort, Michael Cohen, and Felix Sater to name a few—ring with haunting significance in the wake of Robert Mueller's report and as others continue to close in on the truth. What Happened Faber & Faber "I don't take responsibility at all." Those words of Donald Trump at a March 13, 2020, press conference are likely to be history's epitaph on his presidency. A huge swath of Americans has put their faith in Trump, and Trump only, because

they see the rest of the country building a future that doesn't have a place for them. If they would risk their lives for Trump in a pandemic, they will certainly risk the stability of American democracy. They brought the Trumpocalypse upon the country, and a post-Trumpocalypse country will have to find a way either to reconcile them to democracy - or to protect democracy from them. In Trumpocalypse, David Frum looks at what happens when a third of the electorate refuses to abandon Donald Trump, no matter what he does. Those voters aren't looking for policy wins. They're seeking cultural revenge. It is not enough to defeat Donald Trump on election day 2020. Even if Trump peacefully departs office, the trauma he inflicted will distort American and world

politics for years to come. Americans must start from where they are, build from what they have, to repair the damage Trump inflicted on the country, to amend the wrongs that, under Trump, they inflicted upon each other.

Americans can do better. David Frum shows how—and inspires all readers of all points of view to believe again in the possibilities of American life.

Trumpocalypse is both a warning of danger and a guide to reform that will be read and discussed for years to come.

Never Trump Celadon Books

In early 2016, as it became increasingly apparent that Donald Trump might actually become the Republican nominee, a movement within conservatism formed to stop him: Never Trump. Comprised primarily of

Republican policy elites and conservative intellectuals, the Never Trumpers saw Trump's stated views as a repudiation of longstanding Republican foreign and domestic policy goals. Just as importantly, they saw him as erratic, mendacious, and unfit--the sort of person the founders warned about and someone who would bring everlasting shame to the Republican Party. Over the coming months, many well-known and previously influential figures signed on to the Never Trump movement. Of course, their efforts failed, and Trump now dominates the Republican Party like a warlord. As Robert P. Saldin and Steven M. Teles argue in *Never Trump*, however, the influence of the movement turned out to be much larger than its disappointing impact on the election. For

one, it has had an enormous impact on the actual composition of the Trump administration. There has never been a party in the Western World that was elected and sought to govern with such a wide range of intra-party opposition. As Trump supporter Pat Buchanan observed after the election, the Never Trumpers essentially gifted Trump with a readymade enemies list—a list that those in charge of appointments paid close attention to. Trump's picks for a wide range of positions, especially in the area of foreign policy, look vastly different than they would have in any other Republican administration, in large part because so many potential office-holders had declared themselves implacably opposed to Trump. Even more profoundly, the administration found it

very difficult—and in many cases impossible—to fill a wide range of positions because all of the plausible candidates for jobs that required technocratic as well as ideological credentials had signed on to Never Trump. Never Trump examines the reasons for this widespread and unprecedented intra-party opposition to Trump, why it took the form it did, and its longer-term consequences. House of Trump, House of Putin Penguin Instant New York Times Bestseller "Important and stunning. This is must-read material if you want to understand what the Trump administration is still up to right now." --Lawrence O'Donnell There are questions that the Mueller report couldn't—or wouldn't—answer. What actually happened to instigate the

Russia investigation? Did President Trump's meddling incriminate him? There's no mystery to what Trump thinks. He claims that the Deep State, a cabal of career bureaucrats—among them, Andrew McCabe, Lisa Page, and Peter Strzok, previously little known figures within the FBI whom he has obsessively and publically reviled—is concerned only with protecting its own power and undermining the democratic process. Conversely, James Comey has defended the FBI as incorruptible apolitical public servants who work tirelessly to uphold the rule of law. For the first time, bestselling author James B. Stewart sifts these conflicting accounts to present a clear-eyed view of what exactly happened inside the FBI in the lead-up to the 2016 election,

drawing on scores of interviews with key FBI, Department of Justice, and White House officials and voluminous transcripts, notes, and internal reports. In full detail, this is the dramatic saga of the FBI's simultaneous investigations of both Hillary Clinton and Donald Trump—the first time in American history the FBI has been thrust into the middle of both parties' campaigns for the presidency. Stewart shows what exactly was set in motion when Trump fired Comey, triggering the appointment of Robert Mueller as an independent special counsel and causing the FBI to open a formal investigation into the president himself. And how this unprecedented event joined in ongoing combat two vital institutions of American democracy: the presidency and the

Federal Bureau of Investigation. At stake in this epic battle is the rule of law itself, the foundation of the U.S. Constitution. There is no room for compromise, but plenty for collateral damage. The reputations of both sides have already been harmed, perhaps irrevocably, and at great cost to American democracy. Deep State goes beyond the limits of the legally constrained Mueller report, showing how the president's obsession with the idea of a conspiracy against him is still upending lives and sending shockwaves through both the FBI and the Department of Justice. In this world-historical struggle—Trump versus intelligence agencies—Stewart shows us in rare style what's real and what matters now. And for the looming 2020 election.

Russian Roulette PublicAffairs #1 New York Times Bestseller now in paperback with new material The inspiration for The Comey Rule, the Showtime limited series starring Jeff Daniels premiering September 2020 In his book, former FBI director James Comey shares his never-before-told experiences from some of the highest-stakes situations of his career in the past two decades of American government, exploring what good, ethical leadership looks like, and how it drives sound decisions. His journey provides an unprecedented entry into the corridors of power, and a remarkable lesson in what makes an effective leader. Mr. Comey served as director of the FBI from 2013 to 2017, appointed to the post by President Barack Obama. He previously

served as U.S. attorney for the Southern District of New York, and the U.S. deputy attorney general in the administration of President George W. Bush. From prosecuting the Mafia and Martha Stewart to helping change the Bush administration's policies on torture and

electronic surveillance, overseeing the Hillary Clinton e-mail investigation as well as ties between the Trump campaign and Russia, Comey has been involved in some of the most consequential cases and policies of recent history.
