Krause Publications' Standard Catalog series is available by specific marque, in

individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

This thoroughly revised edition includes updated essays on cultural themes and literary analysis, and its new essays analyze the full scope of the seven-book series as both pop cultural phenomenon and as a set of literary texts. *Critical Perspectives on Harry Potter, Second Edition* draws on a wider range of intellectual traditions to explore the texts,

including moral-theological analysis, psychoanalytic perspectives, and philosophy of technology. *The Harry Potter novels* engage the social, cultural, and psychological preoccupations of our times, and *Critical Perspectives on Harry Potter, Second Edition* examines these worlds of consciousness and culture, ultimately revealing how modern anxieties and fixations are reflected in these powerful texts. This practical and helpful volume details how clinicians can work through various common challenges in individual, couple, or group psychotherapy. Chapters draw upon clinical wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation. Along with theory and clinical

observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt and unilateral termination of therapy, the therapist's loss of compassionate neutrality when treating a couple, and many more. Many of the "Clinical Pearls" prioritize working in the here-and-now. In addition to offering advice and strategies for therapists, the book also addresses concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Addressing Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy.

The best years of the automobile lie before us. But it will be a new kind of car and a new kind of automotive experience. There will be a new powertrain dominating the motoring world. Driving will gradually be ceded to the on-board electronics, and, in response, interiors will become more

luxurious and sociable. The car will connect with other cars, and infrastructure, a community and ecology of mobility. Brave New Car outlines the possibilities, and opportunities, that lie before us. A premium quality book for the professional, student, and enthusiast alike, Brave New Car is sure to challenge and inspire new thinking in the automotive world and beyond.

#### PHP & MySQL: The Missing Manual

A princess fights a faceless enemy in a forest filled with magic in this tale of "high-style fantasy and adventure" from the author of Dealing with Dragons (The New York Times). Trouble is brewing in Alkyra. While the kingdom's noblemen squabble, on their borders an ancient enemy, the Lithmern, raises an army. As the head of the Noble House of Brenn attempts to organize an alliance, the princess Alethia celebrates her twentieth birthday. She is a remarkable woman: quick-witted, beautiful, and handy with a

throwing knife. But on the next night, she passes through a dark corridor on her way to the banquet hall, and never emerges from the shadows. The Lithmern have kidnapped the princess. When Alethia regains consciousness, an evil Lithmern with a face made of shadows is carrying her through the forest. These are magic woods, home to fabled creatures whose existence she has always doubted. To find her way home, Alethia will have to learn to trust in the old tales, whose legends of magic and daring hold the only hope of saving her kingdom.
