Strictly English Random House

The study of language in written texts and transcripts of speech is greatly helped by a student's ability to identify and describe those prominent features of the grammar which make one variety of English different from another. A Course Book in English Grammar looks at many of the problems encountered by students and encourages them to find their own answers and to assess hypotheses about grammatical

description. There are activities at each step, using authentic written and spoken data. Using 'real' texts avoids the faking of evidence to be found in some traditional grammar books, and interesting problems of analysis that arise in such texts are a source of useful discussion. The book has been thoroughly revised and expanded for this second edition, which contains additional chapters and material. A new opening chapter discusses the concept of 'grammatically correct English' and the differences between descriptive, prescriptive and proscriptive approaches to the writing

of grammar books. The book is a systematic description of Standard English, and examples of contemporary spoken dialectal grammar are introduced and analysed to illustrate the differences between standard and nonstandard usage. A Course Book in English Grammar will prove invaluable to all students of English Language.

**The Blue Book of Grammar and Punctuation** Simon and Schuster

REA's Handbook of English Grammar, Style, and Writing is a must for students! The ability to write and speak correctly and effectively is a

prerequisite for doing well in all subjects, including the physical and social sciences, math and the liberal arts. Writing and speaking skills become even more important when seeking a job and trying to succeed in a chosen career. This easy-to-understand, straightforward English handbook doesn't use the technical jargon usually found in English grammar books. Instead, our handbook provides hundreds of examples from which it is possible to easily see what is correct and what is incorrect in all areas of English grammar and writing. Practice exercises with answers follow each chapter. The handbook covers the following in detail: nouns, verbs, adjectives, paragraphs, composition, punctuation, spelling, and much more. Our handbook explains the basics of: \* Rules and exceptions in grammar \* Spelling and proper punctuation \* Common errors in sentence structure \* Correct usage (with 2,000 examples of correct grammar & usage) \* Effective writing skills. All the English essentials you need to know are contained in this simple and practical book.  
Mythical Me S. Chand

**Publishing**  
As new words flood into conversations, presentations, e-mail correspondence and websites, ever more questions are generated as to how to speak and write correctly. This fully updated edition of the bestselling *Good Word Guide* offers information and advice on punctuation, pronunciation, spelling and grammar, and provides quick answers to everyday language problems.

**Good Word Guide** How to Books  
Prepared by writing center directors, the articles in this book examine the pedagogical theories of tutorial services and relate them to actual center practices. The 19 articles are arranged into three categories: writing center theory, writing center administration, and special concerns. Specific topics discussed in the articles include the following: (1) collaborative learning, (2) writing center research, (3) promoting cognitive development in the writing center, (4) writing centers in the two-year college, (5) developing a peer tutoring program, (6) the handbook as a

supplement to a tutor training program, (7) reluctant students, (8) prewriting for the laboratory, (9) meeting the needs of foreign students, (10) tutoring business and technical students, (11) attitudes in writing center relationships, (12) financial responsibility, (13) form design and record management, and (14) undergraduate staffing in the center. A selected bibliography concludes the book. (FL)  
*Authoring a PhD How To Books*

This antiquarian volume contains a comprehensive guide to speaking and writing correctly, with information on grammar, sentence structure, writing letters, common pitfalls, comments on famous pieces of literature and their authors, and much more. Written in simple, clear language and full of helpful tips and hints, this text will be of considerable utility to those with a keen interest in linguistics, and it would make for a worthy addition to any personal library. The chapters of this book include: *Essentials of English Grammar, The Sentence, Figurative Language, Punctuation, Letter*

Writing, Errors, Pitfalls to Avoid, Style, Suggestions, Slang, Writing for Newspapers, Choice of Words, English Language, and Masters and Masterpieces of Literature. We are republishing this vintage book now in an affordable, modern edition complete with a new prefatory biography of the author. *Correct English and Current Literary Review ...* Oxford University Press, USA

"There is no one quite like Barbara Kingsolver in contemporary literature," raves the Washington Post Book World, and it is right. She has been nominated three times for the ABBY award, and her critically acclaimed writings consistently enjoy spectacular commercial success as they entertain and touch her legions of loyal fans. In *High Tide in Tucson*, she returns to her familiar themes of family, community, the common good and the natural world. The title essay considers Buster, a hermit crab that accidentally stows away on Kingsolver's return trip from the Bahamas to her desert home, and turns out to have manic-depressive tendencies. Buster is running around for all he's worth -- one

can only presume it's high tide in Tucson. Kingsolver brings a moral vision and refreshing sense of humor to subjects ranging from modern motherhood to the history of private property to the suspended citizenship of human beings in the Animal Kingdom. Beautifully packaged, with original illustrations by well-known illustrator Paul Mirocha, these wise lessons on the urgent business of being alive make it a perfect gift for Kingsolver's many fans.

REA's Handbook of English Grammar, Style, and Writing Bloomsbury Publishing

How does good writing stand out? If its purpose is to convey facts, findings, or instructions, it need be read only once for its content to be clear. If its purpose is to entertain or to provoke thought, it makes readers want to come back for more. Revised and updated, this guide covers four essential aspects of good writing: Individual words: spelling variations, hyphenation, frequently confused homonyms, frequently misused words and phrases, irregular plurals and negatives, and uses of capitalization and type style to add special meanings Punctuation:

the role of each mark in achieving clarity and affecting tone, and demonstration of how misuses can lead to ambiguity Syntax and structure: agreement of subject and verb, parallel construction, modifiers, tenses, pronouns, active versus passive voice, and more Style: advice on the less hard-and-fast areas of clarity and tone, including sentence length and order, conciseness, simplification, reading level, jargon and cliches, and subtlety Filled with self-test exercises and whimsical literary quotations, *Grammatically Correct* steers clear of academic stuffiness, focusing instead on practical strategies and intuitive explanations. Discussions are designed to get to the heart of a concept and provide a sufficient sense of when and how to use it, along with examples that show what ambiguities or misinterpretations might result if the rules are not followed. In cases where there is more than one acceptable way to do something, the approach is not to prescribe one over another but simply to describe the options. Readers of this book will never break the rules of language again -

unintentionally.

How to Speak and Write Correctly Knopf  
NEW YORK TIMES  
BESTSELLER • A sharp, funny grammar guide they'll actually want to read, from Random House's longtime copy chief and one of Twitter's leading language gurus  
NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • Paste • Shelf Awareness  
"Essential (and delightful!)"—People We all write, all the time: books, blogs, emails. Lots and lots of emails. And we all want to write better. Benjamin Dreyer is here to help. As Random House's copy chief, Dreyer has upheld the standards of the legendary publisher for more than two decades. He is beloved by authors and editors alike—not to mention his followers on social media—for deconstructing the English language with playful erudition. Now he distills everything he has learned from the myriad books he has copyedited and overseen into a useful guide not just for writers but for everyone who wants to put their best prose foot forward. As authoritative as it is amusing, Dreyer's English offers lessons on

punctuation, from the underloved semicolon to the enigmatic en dash; the rules and nonrules of grammar, including why it's OK to begin a sentence with "And" or "But" and to confidently split an infinitive; and why it's best to avoid the doldrums of the Wan Intensifiers and Throat Clearers, including "very," "rather," "of course," and the dreaded "actually." Dreyer will let you know whether "alright" is all right (sometimes) and even help you brush up on your spelling—though, as he notes, "The problem with mnemonic devices is that I can never remember them." And yes: "Only godless savages eschew the series comma." Chockful of advice, insider wisdom, and fun facts, this book will prove to be invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and—perhaps best of all—an utter treat for anyone who simply revels in language. Praise for Dreyer's English "Playful, smart, self-conscious, and personal . . . One encounters wisdom and good sense on nearly every page of Dreyer's

English."—The Wall Street Journal "Destined to become a classic."—The Millions "Dreyer can help you . . . with tips on punctuation and spelling. . . Even better: He'll entertain you while he's at it."—Newsday  
*Correct Your English Errors* John Wiley & Sons  
This engaging and highly regarded book takes readers through the key stages of their PhD research journey, from the initial ideas through to successful completion and publication. It gives helpful guidance on forming research questions, organising ideas, pulling together a final draft, handling the viva and getting published. Each chapter contains a wealth of practical suggestions and tips for readers to try out and adapt to their own research needs and disciplinary style. This text will be essential reading for PhD students and their supervisors in humanities, arts, social sciences, business, law, health and related disciplines.

English has become a

global language. In the minds of many worldwide, it guarantees a better life through enhanced social and economic opportunities. As a result, English teachers are in high demand. Some claim that English is attractive because as it has spread throughout the world, it has severed it's who adopt it. Grammar rules and vocabulary can simply be taught to eager learners so they can use English for social and economic advancement. However, learning English is more than mastering a certain number of words and memorizing a set of grammar rules. Although plugging words it is less effective for language learners. Language acquisition studies have discovered that both native and nonnative speakers learn English best not by being taught rules but by interacting with other users of the language, either orally or through print. This interaction introduces a social element to grammar that brings with it hidden social messages. For example, suppose a language learner has been taught that English has a very simple way to make requests: simply say the verb with no subject being expressed,

as in "Open the door." After class, the student is carrying a pile of books and comes to a closed door. What would be the reaction of other English speakers if the student were to shout out to someone passing nearby, "Open the door"? The student would probably be considered rude. "Could you please open the door?" which has the form of a question rather than a command, would probably be considered more polite. Suppose an English teacher sees one of her students writing with a crayon rather than a pencil. She helpfully asks, "Don't you have a pencil?" If the student answers "yes," does that mean that the student does or does not have a pencil? The answer depends on which part of the world the student is from.

*The Chicago Guide to Grammar, Usage, and Punctuation* Penguin  
The Cambridge Advanced Learner's Dictionary is the ideal dictionary for advanced EFL/ESL learners. Easy to use and with a great CD-ROM - the perfect learner's dictionary for exam success. First published as the Cambridge International Dictionary of English, this new edition

Guide to Patterns and Usage in English Laurel Press

The book offers a simple yet effective way to learn English as well as to translate from Hindi to English. It contains several common hindi sentences that have been translated into English that allow a learner to easily understand day-to-day words and how to use them in sentences when

writing or speaking in English. By learning how typical Hindi sentences, when translated into english can be used in everyday life, one can improve his or her grasp about using both the language. Besides the author, a good bi-linguist, has even detailed the grammatical aspects about each topic given in the book, which offer self improvising problems with easy solutions to them. Different sections have been created so as to improve the reader's basic grammar, which includes Nouns, Pronouns, Tenses, Sentence making, etc. Each section comes with a separate practice set that lets the readers test English reading, writing and speaking skills as well as the translation ability that one has been able to learn. There is even a separate vocabulary section to help readers learn more new words and how to use them effectively while communicating. With step-by-step guidelines, one can surely bring fluency in their English language usage over a few months.

language problems and queries, this book has an accessible reference format with examples and explanations of mistakes regarding sentence construction, spelling, punctuation and grammar.

Grammatically Correct  
Notion Press

The authoritative guide to using the English language effectively, from “the greatest writer on grammar and usage that this country has ever produced” (David Yerkes, Columbia University). The author of *The Chicago Manual of Style’s* popular “Grammar and Usage” chapter, Bryan A. Garner is renowned for explaining the vagaries of English with absolute precision and utmost clarity. With *The Chicago Guide to Grammar, Usage, and Punctuation*, he has written the definitive guide for writers who want their prose to be both memorable and correct. Garner describes standard literary English—the forms that mark writers and speakers as educated users of the language. He also offers historical context for understanding the development of these forms. The section on grammar explains how the canonical parts of

speech came to be identified, while the section on syntax covers the nuances of sentence patterns as well as both traditional sentence diagramming and transformational grammar. The usage section provides an unprecedented trove of empirical evidence in the form of Google Ngrams, diagrams that illustrate the changing prevalence of specific terms over decades and even centuries of English literature. Garner also treats punctuation and word formation, and concludes the book with an exhaustive glossary of grammatical terms and a bibliography of suggested further reading and references. *The Chicago Guide to Grammar, Usage, and Punctuation* is a magisterial work, the culmination of Garner’s lifelong study of the English language. The result is a landmark resource that will offer clear guidelines to students, writers, and editors alike. “[A manual] for those of us laboring to produce expository prose: nonfiction books, journalistic articles, memorandums, business letters. The conservatism of his advice pushes you to consider audience and

occasion, so that you will understand when to follow convention and when you can safely break it.”—John E. McIntyre, *Baltimore Sun*  
*High Tide in Tucson*  
Renard Press Ltd  
*Correct Spelling Made Easy* is a “must” reference for anyone who has ever puzzled over whether to use “-or” or “-er”, “-ent” or “-ant”, or “-able” or “-ible”. Users of this handy guide will never be embarrassed by spelling errors again.

Politics and the English Language  
Penguin

From the author of *Enlightenment Now*, a short and entertaining book on the modern art of writing well by New York Times bestselling author Steven Pinker. Why is so much writing so bad, and how can we make it better? Is the English language being corrupted by texting and social media? Do the kids today even care about good writing? Why should any of us care? In *The Sense of Style*, the bestselling linguist and cognitive scientist Steven Pinker answers these questions and more. Rethinking the usage guide for the twenty-first century, Pinker doesn’t carp about the decline of language or recycle pet peeves from the rulebooks of a century

ago. Instead, he applies insights from the sciences of language and mind to the challenge of crafting clear, coherent, and stylish prose. In this short, cheerful, and eminently practical book, Pinker shows how writing depends on imagination, empathy, coherence, grammatical knowhow, and an ability to savor and reverse engineer the good prose of others. He replaces dogma about usage with reason and evidence, allowing writers and editors to apply the guidelines judiciously, rather than robotically, being mindful of what they are designed to accomplish. Filled with

examples of great and gruesome prose, Pinker shows us how the art of writing can be a form of pleasurable mastery and a fascinating intellectual topic in its own right. [English for Writing Research Papers](#) Univ of Chicago+ORM  
Speak and write English as if it were your native tongue! Are you tired of making the same mistakes in English again and again? End the bad habits that can leave the people you talk to confused. [Correct Your English Errors](#) warns you of hundreds of typical errors learners make and explains the reasons behind the mistakes, so you can correct yourself

in the future. Improve your English skills with this fun and comprehensive guide and avoid all the common mistakes, such as:  
Mispronouncing and misspelling words
